A BANK'S CHARACTER

A bank's character is and should be determined by the standing and ability of its officers and directors. They must be men who have been successful in their own affairs and give careful attention to the bank's affairs.

The long banking experience of each of the officers of the Munroe and Chambliss Bank, and the good standing of its directors, are reasons for the high character and sound judgment which has marked all of the bank's transactions.

ATTACK ON AMERICANS

By Discontented Mexican Miners in
Sonora—Houses Blown to Pieces
and Fifteen Men Injured

Tucson, Arizona, Feb. 13.—An attempt to kill every American at the Santa Rosa mine in Sonora, twenty miles south of Douglas, was made this morning, when Mexican employees placed dynamite under a boarding house, the company's store and the residences of the foreman and the superintendent.

Meal time was selected, because the American miners were in the boarding house, which was demolished. Fifteen men were blown through the roof, sustaining broken legs and arms, but there were no fatalities.

The store of the company was completely demolished.

Thomas Fagin, the foreman, and his wife were in their home, but the dynamite failed to ignite.

The office of the superintendent was demolished, but he was out of the building at the time.

Eighteen Mexicans were arrested at the mines.

The attempt to destroy the Americans, is believed to be the work of the sympathizers with the revolutionists at present under arrest, and who believe the Americans are persecuting the prisoners.

SETH THOMAS' ESTATE SETTLED

Forty-Six Years After His Death and
Several Weeks After the Death
of His Widow

Winsted, Conn., Feb. 13.—The estate of Edward Thomas, son of Seth Thomas, the clock manufacturer, and which has been in the probate court in Plymouth for forty-six years, has just been settled. A life interest in the estate was left to the widow, who died a few weeks ago.

A GREAT SONG HIT

"The One Girl," the song hit of G. M. Allison's "Top of the World" musical comedy, will be given in the Magazine Section of next Sunday's New York World. Words and music. This is one of Sam S. and Lee Shubert's finest productions. It has had a run of six months in New York and is still playing to crowded houses who go away whistling the melody from "The One Girl" song.

A DANGEROUS OPERATION

Is the removal of the appendix by a surgeon. No one who takes Dr. King's New Life Pills is ever subjected to this frightful ordeal. They work so quietly you don't feel them. They cure constipation, headache, biliousness and malaria. 25c. at Tydings & Co's. drugstore.

BANDITS RAID A BANK

Wild West Show in a Missouri Town,
Dynamite and Gunpowder Burnt
But Nobody Killed

Rich Hill, Mo., Feb. 13.—This section was thrown into a state of great excitement this morning by the exploits of five bandits, heavily armed, who dynamited a safe of the Farmers and Merchants bank and secured \$12,000, terrorized the citizens, and after the exchange of many shots, made their escape. Luckily, however, no one was injured.

The terrific explosion caused by dynamiting the vault of the bank awakened the town and most of the male population hurried to the bank. Many persons arrived in time to see the robbers mount their horses and ride rapidly away.

Some of the citizens who were armed, opened fire on the fleeing bandits, who returned the fire.

The cashier of the bank said that all the available cash of the institution was secured by the bold robbers.

The bank building is completely wrecked and many neighboring buildings partially destroyed by the explosion.

The rough country south of the city affords an excellent refuge for the fugitives.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

MOSQUITOES ONLY MESSENGERS

That Carry Infection of Yellow Fever,
Which Originates in Filth and
Swampy Soil

New York, Feb. 13.—The Herald has this from Havana:

The Academy of Science has decided to set a date for a decision of the yellow fever theory of Dr. Thomas Hernandez, who declares that not only human bodies, but also unclean places, such as swamps, are sources of contamination by the stegomyia, which take the contagion from the humid earth and carry it to man.

Dr. Hernandez said to the Herald correspondent:

"I am sure the first case of disease is always telluric. The disease originated not only in the Cuban, but also in the Mexican Gulf ports, the Antilles and Western Africa. This cause was evident in Cienfuegos and other places, where the greatest precautions were taken to prevent sick persons from being bitten by the stegomyia, yet the disease persisted.

"When Mr. Magoon replied to Washington that the epidemic could not be completely stamped out in Cienfuegos until the drainage system and water works were finished, he understood the scope of my theory. By the sanitary department insulating cases and destroying stegomyia it can control the distemper, but never stamp it out entirely.

"Finlay's theory is correct as to the stegomyia carrying the disease from man to man, but incomplete because the stegomyia is contaminated also by telluric causes. Experiments made by General Wood, in 1900, which confirmed Finlay, were confined to the stegomyia contaminated by sick persons. Now, I will propose to Mr. Magoon and to the Academy of Sciences new experiments made by feeding the stegomyia in swamps and stagnant waters near the coast and other dirty places."

THEY HIT THE MARK

Every one of those lovely valentines at the Corner Drugstore contains a Cupid's arrow. Can't you send it straight to some loving heart? They always hit the mark.

Closing Out Sale

Our entire stock will be closed out at once at very low prices. Now is the time to secure your Holiday Presents at and below cost.

Terms of sale: cash.

IT'S JUST AS EASY

to tell your heart's thoughts with one of those pretty valentines at the Corner Drugstore.

FINE WILL BE FOUGHT

Union Printers Up in Arms Against the Recent Decision of a New York Court

New York, Feb. 13.—"We will not permit our members to be sent to jail for insisting on their rights as American citizens." Yesterday's outrageous decision against Typographical Union No. 6 will react on every one responsible for it. The union will give up a million dollars, should it be needed, and will carry the decision for review to a higher court and also serve notice on the state legislature that the present laws must be amended or some one will suffer. Aroused as never before in the history of the labor movement, our officers are prepared to fight Justice Bishoff's decision of yesterday, sending certain of our members to jail for violating an injunction prohibiting picketing during a strike.

In the above statement, James J. Murphy, president of the local union, made plain that the end is not yet. The union will back its men with all the power it can command. The order in the Bishoff decision will be filed tomorrow or Saturday and an appeal will immediately be taken.

IF YOU KNEW

The merits of the Texas Wonder, you would never suffer from kidney, bladder or rheumatic trouble. \$1 bottle two months' treatment. Sold by druggists or by mail. Send for testimonials. Dr. E. W. Hall, 2926 Olive street, St. Louis, Missouri.

A HINT FOR THE BOYS

The Gainesville Elevator is responsible for the following story:
"The other day two old weather-beaten posts were tossed onto a wood pile none too large for the wants of the family. The fourteen-year-old boy of the household was an energetic, kind-hearted little fellow, always willing to aid his mother in and about the house, so concluded he would split those posts up for stove use. The first one he chopped into, his ax hit a metallic substance somewhat larger than a silver dollar but yellow in color. The lad stopped his work and took the coin to his mother, who, not knowing what it was sent it to an old acquaintance to have it examined. This gentleman upon seeing the coin and hearing where it came from, went with the boy to where the old post was, and in a short time it was split open, revealing nine more coins just like the one first found. They were fifty-dollar gold pieces coined in 1812 and on account of their being so rare as a coin the boy succeeded in selling them for \$3,000. Now, boys, here is a lesson you should never forget, to be first and last at the wood pile, keep up the splitting of sticks for your mother, and I guarantee that coin will come your way."

HAMLET

had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously.

Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by the Anti-Monopoly Drug Store.

SALESMEN WANTED—Sell retail trade, your locality, \$65 per month and expenses to start or commission. Experience unnecessary. Herringsen Cigar Co., Toledo, Ohio.

NINE-HOUR LAW MUST STAND

Interstate Commerce Commission Has No Power to Suspend or Extend It

Washington, Feb. 13.—The interstate commerce commission decided it has no authority to extend the time or suspend operation of the nine-hour law relating to employed train dispatchers, telegraph operators and tower men except in particular cases where good cause is shown. The railroad requested suspension pending an amendment.
