

# Whose Say-so Is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone and exclusively as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives.

Dr. Pierce's medicines, however, form a single and therefore striking exception to the above rule. Their claim to the confidence of invalids does not rest solely upon their owners' and makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle-wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

**WHAT THEY CURE.** People often ask "What do Dr. Pierce's two leading medicines—'Golden Medical Discovery' and 'Favorite Prescription' cure?"

Briefly, the answer is that "Golden Medical Discovery" is a most potent alterative, or blood-purifier, and tonic, or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder curing a large percentage of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhoea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is generally successful in affecting cures. In fact the "Golden Medical Discovery" is without doubt, the most successful constitutional remedy for all forms of catarrhal diseases known to modern medical science. In Chronic Nasal Catarrh Dr. Sage's Catarrh Remedy fluid should be used for washing and cleansing out the nasal passages while taking the "Discovery" for its blood cleansing and specific, healing effects upon the mucous lining membranes. This combined local and general treatment will cure a very large percentage of the worst cases of chronic nasal catarrh, no matter of how many years' standing they may be.

As to the "Favorite Prescription," it is advised for the cure of one class of diseases only—those weaknesses, derangements and irregularities peculiar to women. It is a powerful, yet gently acting, invigorating tonic and nerve.

For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, strong, vigorous condition of the whole system.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most of our obstinate and most fatal diseases, if we would properly investigate them; and, in confirmation of this firm conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weakness and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of leucorrhoea, painful periods, irregularities, prolapsus and other displacements, ulceration of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native, medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. R. V. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is FREE TO ALL. A postal card request will bring it.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by old Dr. Pierce, over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

## OUR SHIPS ARE EQUAL

In Construction and Equipment to Any  
In the World—Fault-Finders  
Speak Mostly from  
Ignorance

Washington, Feb. 18.—By direction of the president, Secretary Metcalf has made public the report of Admiral Converse on the fighting ships of the American navy, called forth by many criticisms recently published in magazines and otherwise. This report is authorized with a design to reassure the American sailors as to the quality of the weapons with which they must go into battle.

Admiral Converse characterizes the criticisms as "prepared by persons whose knowledge of the subject discussed was limited and incorrect." There was, he says, ample justification for the adoption of the battleship designs which have been followed. "It is not claimed that mistakes have not been made," he adds, "or that our ships are without faults; but in view of the then state of the art of battleship building, this fact is not to be wondered at. Our ships are not inferior to those in foreign service."

### Staring at Royalty.

Royalties are early cured of any shyness of being looked at. They are there to be seen, and both the king and queen when they go to the opera and turn their glasses on the occupants of opposite boxes are openly amused by the disconcerted looks of persons who feel abashed under the inspection. Not a trace of self-consciousness is left on the face of an English royalty, with the exception of perhaps a single princess under an artillery of glances. Such attentions are anything but resented. Indeed, the beautiful Duchess of Devonshire used to say that when the butcher boy ceased to turn round after her in the street she would know her reign was over.—London Chronicle.

### Didn't Agree With Him.

A Carolina man was recently inspecting a farm owned by him and operated by an old friend who had pressed into service every member of his family, including his aged father.

"The old man must be getting along in years," said the owner.

"Yes; dad's nigh on to ninety," was the reply.

"Is his health good?"

"Well, no. The old man ain't been himself for some time back."

"What seems to be the matter?"

"I dunno, sir. I guess farming don't agree with him no more."—Success Magazine.

### Cheap Fun.

He—You talk about men playing poker. It is no worse a vice than the shopping habit of the women. She—Perhaps not, morally speaking; but, then, it takes money to play poker, whereas a woman can shop all day without it costing her a cent except what she pays for car fare.—Boston Transcript.

### Might Have Known.

An austere looking lady walked into a furrier's and said to the shopman, "I should like to purchase a muff." "What fur?" demanded the man. "To keep my hands warm, you idiot!" exclaimed the lady.—London Scraps.

### A Distinction With a Difference.

Editor—You see, a story has to be just so to get in our magazine. Author—Well, what's the matter with this one of mine? Editor—It's only so-so.—Puck.

A secret is seldom safe in more than one breast.—Swift.

### Special Announcement Regarding the National Pure Food and Drug Law

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the national pure food and drug law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all dealers.
