A BANK'S CHARACTER

A bank's character is and should be determined by the standing and ability of its officers and directors. They must be men who have been successful in their own affairs and give careful attention to the bank's affairs. The long banking experience of each of the officers of the Munroe and Chambliss Bank, and the good standing of its directors, are reasons for the high character and sound judgment which has marked all of the bank's transactions.

CZAR WON'T BE SURPRISED

By the Turk as he Was by the Jap.
His Armies in Much Better Shape
Than Was Supposed

St. Petersburg, Feb. 19.—Russian officialdom is taking the threat of war with Turkey very seriously. Members of the general staff will not discuss the situation for publication, but denied that preparations for eventualities have been in progress for some time. The government is plainly determined not to be caught napping as at the outbreak of the war with Japan, and it is much better disposed, strategically, than was generally realized.

AMBASSADORS NOT ALARMED

Think Russia and Turkey are Bluffing.
The Real Trouble is With
Austria

Paris, Feb. 19.—The ambassadors of five of the leading powers, when interviewed yesterday, considered hostilities as being out of the question. Their opinion is that the Turkish mobilization in Asia Minor and the warlike preparations in Russia are parts of the gigantic game of bluff which neither side will be able to carry to a finish on account of the lack of sinews of war. But they cherish no illusions over the speedy termination of the Austro-Russian difficulty in the Balkans.

YELLOW JACK'S LONG CRUISE

Brought by Steamship from Far up the
Amazon to Galveston

Galveston, Tex., Feb. 19.—Third Engineer William Davis, one of the men suffering from yellow fever on the steamer Crispin in Galveston roads, three miles from the city, died yesterday.

Third Officer Pritchard, the other other fever patient, was reported today as slightly improved.

The steamer Crispin came from Manaus, a point about 800 or 900 miles up the Amazon river, in Brazil. She came to Galveston via Para.

All precautions are being taken to avoid any spread of the disease.

BEARD BEGINS HIS BATTLE

By Addressing a Small but Repre-
sentative Audience at
Gainesville

Gainesville, Feb. 19.—Hon. John S. Beard, of Pensacola, candidate for the United States senate, opened the campaign in Gainesville by speaking to an audience in the courthouse of probably seventy-five people.

The speaker began by saying that he was grateful for the fact that it was a representative audience, 99 per cent of whom, he ventured, had a vote in the coming democratic primary. Senator Beard spent a little less than an hour expressing his views on various matters politic, and at the conclusion it was easily seen that he had made a good impression.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

HE MADE HIS MARK

And Died Worth Nearly Half a Million

Dublin, Feb. 19.—Ireland has lost a curious character in "Banker" Patterson, who died the other day, leaving more than \$400,000. He could neither read nor write and his will was signed with an "X."

"Banker" Patterson took his nickname from his business. He made his fortune by lending money on mortgages, and although he had the reputation of being shrewd he was never hard on an unfortunate creditor. He has demonstrated by his will that he possessed a kindly heart, for he left to several poor creditors amounts in cash equal to the amount of their mortgages, with the curious proviso, however, that these legacies shall not become payable until the legatee has paid off his mortgage without legal proceedings or other trouble. There are several small legacies, including one of 60 cents to a nephew. The bulk of the estate is to be invested, and the income paid to his sister. At her death it is to be distributed among various charities.

WORN OUT

That's the way you feel about the lungs when you have had a hacking cough. Its foolishness to let it go on and trust to luck to get over it when Ballard's Horehound Syrup will stop the cough and cure the lungs. Price, 25 and 50 cents and \$1 per bottle. Sold by the Anti-Monopoly Drugstore.

VAN SHAIK'S FRIENDS WILL ASK FOR HIS PARDON

New York, Feb. 19.—Capt. William H. Van Shaick, who commanded the steamboat General Slocum when it burned and 1,000 lives were lost, will begin his sentence of ten years next Tuesday, it having been decided to appeal to the United States supreme court.

At the meeting of the officers and of the various committees of the National and American Associations of Masters, Mates and Pilots last night it was decided to petition President Roosevelt to pardon Capt. Van Shaick immediately. Petitions will be circulated for signatures throughout the city. His friends say if he is sent to prison it will mean his speedy death.

INVASION OF NEW ENGLAND

By Taft and His Cohorts in the Interest of the Big Secretary's Presidential Campaign

Boston, Feb. 19.—Taft's conquest of New England (that's what his friends call it), is being waged vigorously. At 9 o'clock yesterday morning the Taft party boarded a private car for Concord, N. H., where the secretary was met by Governor Floyd, and, after luncheon, an informal reception was held. He spoke at Manchester last night to a large and enthusiastic audience.
