TEAPOT GROCERY

A stranger in the city noticing the huge pile of brick on the sidewalk in front of the Baptist church, thought the congregation was going to put an addition on the building, and therefore argued most favorably of the prosperity of religious affairs in Ocala. He was much disappointed when told of the true state of affairs, which is causing a deterioration of the religion possessed by the Baptists and all other people who travel on that street.

BAND CONCERT

Remember the band concert from the band stand in the courthouse square will be given Thursday instead of Friday night this week.

Mrs. Ed Carmichael received a letter today from Fred Powell, the young man who eight weeks ago lost his vision and was sent to Atlanta and placed in the Wesley Memorial Hospital under the treatment of Dr. Calhoun. The doctor has been exceedingly kind to Fred and succeeded in restoring the sight to one eye, which is good news to his mother and the friends who so willingly assisted the young man in his helpless condition. Dr. Calhoun has discharged Fred and he immediately went to work. Mr. Parker, of Atlanta, gave him a position selling books and he has made \$2 each day and is very proud of his success and hopes to send for his mother soon. At present he is the guest of the Presbyterian minister. Fred asks Mrs. Carmichael to thank the dear friends for their kindness to him, for without their help he would have been blind, unable to secure for himself and his mother a livelihood, and he is so thankful that he can see again that it is really impossible to express his gratitude to the good people of Ocala who must have been prompted by a supernatural power to have taken such an interest in a stranger. He says: "To each of you accept my many thanks and I shall strive to prove worthy of your kindness to me."

When you are in Ocala next visit Fishel's big store.

Try Hiawatha Lake Dairy butter-milk; delivered every morning.

Do you know that this U. S. Health and Accident Insurance Co. insures your wages?—a new departure in insurance. See the man, M. D. Wilson, for particulars.

Mrs. S. Jones, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." Sold by all dealers.

HOW THE GOVERNMENT WORKS

Mr. John Young, the government architect and superintendent of the United States postoffice building, is having a four-inch hole drilled in each corner of the excavation for the foundation of the building. These holes will be sunk sixteen feet from the surface of the ground to determine whether or not there are any subterranean cavities under the foundation. If any suspicious places are struck the other holes will be sunk about the middle of the square to determine the extent of such cavities. The excavations in the bottom of the big excavation for walls and pillars have been completed and it is all ready now for the laying of concrete foundations.

WILLIAMSON-HANFORD

Mr. A. D. Williamson arrived at the Ocala House at noon today with his bride, and the happy couple will be here for several days. Mr. Williamson and his wife, nee Mrs. Belle Hanford, were married at Starke, the home of the bride, this morning. Mr. Williamson is commercial or traveling freight agent for the S. A. L. railway in Florida, and is very popular in this city, as well as wherever his duties take him. Mrs. Williamson is a very comely and attractive young lady and is exceedingly popular in her home. The Star wishes Mr. and Mrs. Williamson many years of a happy married life.

REV. JOHNSON'S LECTURE

Rev. Thos. H. Johnson delivered his famous lecture, "Ireland and the Irish," at the armory under the auspices of the Episcopal church last night, and was greeted by an attentive audience that filled the hall. Dr. Johnson's subject was a good one and well handled. As an orator he has few superiors. The music by the church's choir was a most appreciated feature and added a great deal to the interest of the occasion. From a financial point of view, the lecture was a success.
