Whose Say-so Is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone and exclusively as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives.

Dr. Pierce's medicines, however, form a single and therefore *striking* exception to the above rule. Their claim to the confidence of invalids does not rest solely upon their owners' and makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle-wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient *in plain English*, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

WHAT THEY CURE. People often ask "What do Dr. Pierce's two leading medicines—'Golden Medical Discovery' and 'Favorite Prescription' cure?"

Briefly, the answer is that "Golden Medical Discovery" is a most potent alterative, or blood-purifier, and tonic, or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder curing a large percentage of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is generally successful in affecting cures. In fact the "Golden Medical Discovery" is without doubt, the most successful constitutional remedy for all forms of catarrhal diseases known to modern medical science. In Chronic Nasal Catarrh Dr. Sage's Catarrh Remedy fluid should be used for washing and cleansing out the nasal passages while taking the "Discovery" for its blood cleansing and specific, healing effects upon the mucous lining membranes. This combined local and general treatment will cure a very large percentage of the worst cases of chronic nasal catarrh, no matter of how many years' standing they may be.

As to the "Favorite Prescription," it is advised for the cure of one class of diseases only—those weaknesses, derangements and irregularities peculiar to women. It is a powerful, yet gently acting, invigorating tonic and nervine. For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, strong, vigorous condition of the whole system.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most of our obstinate and most fatal diseases, if we would properly investigate them; and, in confirmation of this firm conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weakness and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of leucorrhea, painful periods, irregularities, prolapsus and other displacements, ulceration of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native, medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. R. V. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is FREE TO ALL. A postal card request will bring it.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the *original* Little Liver Pills first put up by old Dr. Pierce, over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

MUSING BY THE CRADLE

Soon after his first baby was born says the London Times, his wife went upstairs one evening and found him standing by the side of the crib and gazing earnestly at the child. She was touched by the sight and tears filled her eyes. Her arms stole softly around his neck as she nestled her cheek caressingly against his shoulder.

He started slightly at her touch.

"Darling," he murmured dreamily.

"Yes?" she said softly.

"What I was going to say is, it is incomprehensible to me how they can possibly get up such a crib as that for seven-and-six."

THE GIRL FOR HIM

A Scotchman, wishing to know his fate at once, telegraphed a proposal of marriage to the lady of his choice, says Everybody's. After spending the entire day at the telegraph office he was finally rewarded late in the evening by an affirmative answer.

"If I were you," suggested the operator when he delivered the message, "I'd think twice before I'd marry a girl that kept me waiting all day for my answer."

"Na, na," retorted the Scot. "The lass who waits for the night rates is the lass for me."

STAR CHAMBER SESSIONS

The National Republican Committee Will Hold Executive Meetings to Decide Some Two Hundred Contests

Chicago, June 6.—Over 200 seats in the republican convention figure in the contests which the national committee, which began its sessions yesterday, will be called upon to decide. The Alabama contests will be taken up first. Arkansas contests will next be heard, and so on down the list in alphabetical order. Among the state contests to be decided are Alabama, Louisiana, Mississippi, Texas, South Carolina, Tennessee, Oklahoma and Florida. Arizona and Alaska furnish territorial contests. The district contents come from all over the country, but mainly from the South.

Behind Closed Doors

The committee voted, almost unanimously, to hear the contests in executive session, as some of the contests contain certain statements that would be best left unpublished. Newspaper men are excluded. Committeeman Scott, who heads the contesting delegation, is charged with having been allied with the democrats for two years.

Foraker Will be on Deck

Among the political sensations which have been sprung concurrent with the meeting of the national committee is a report that Senator Foraker intends to introduce the Brownsville matter as a bone of contention in the convention.

While Foraker is not a delegate, he may get on the floor through a proxy and present the resolution himself, or he may get one of his friends to do it for him. Should the resolution be sent to the committee on resolutions without being read, as would probably be done, he could have it brought out in a minority report and placed before the convention.

Senator Foraker does not doubt that the calling up of the Brownsville trouble in the convention will cause trouble for the administration leaders. They now have before them a delicate task in placating the contesting delegations from several southern states, many of which have colored members.

In a letter to John E. Milholland, of New York, Senator Foraker shows his hand in the Brownsville bill matter by suggesting to the ten million negro voters of the country that they demand of any presidential candidate that he will support the Foraker bill for the relief of the discharged negro soldiers.

The Ohioan knows that if there is a general negro demand upon Secretary Taft to pledge himself to this bill, and he does so, a rift will be created in the Roosevelt-Taft lute which it will require heroic tinkering to repair.

Third Term Talk

The talk of a possible disagreement between Taft and Roosevelt has again brought discussion of a "second elective term" for Roosevelt. The ghost of a third term apparently will not down. It comes now every day from quarters entitled to a hearing. The number of republicans who believe that it would be the part of political wisdom to renominate the president, in that his election would be a certainty, is not decreasing, but probably increasing.

A Case of Affinity that Has the Approval of Every One Involved, and Should Meet with No Obstacle

Boston, Mass., June 4.—With a certified check for $35,000 in her pocketbook, and a signed contract between four parties, Mrs. Julie Wackerman, a rich Bavarian widow reached Boston yesterday accompanied by her tall and handsome daughter, Louise. At the pier they were met by Anthony Van Dervoort, the well known Berlin pianist, and his wife.

They wanted to hurry right off, but Immigration Commissioner Billings called all four into his office. There they revealed the most astounding "affinity" case that the government officially has ever been connected with. Mrs. Wackerman assured the commissioner that the $35,000 cash was to be given to Mrs. Van Dervoort, and, in return, Mrs. Van Dervoort was to divorce her husband, who was to marry Louise. The other three nonchalantly admitted the truth of this. Van Dervoort displayed a signed and sealed contract, made in Germany, whereby the parties bound themselves to carry out this agreement.

Mrs. Van Dervoort seemed the most pleased of the party as the story was told. She was perfectly willing—more than willing—she assured the authorities, to give up her husband.

"They love each other. They are real affinities," she said over and over again. "They can't wed at home, so we come to this free country, where they can be made one."

The authorities hardly know what to do with the case. It does not seem directly legal, yet there isn't any law to cover the subject. Commissioner Billings said he did not know what course to pursue, so he took a nominal bond of $100 from each of the four to appear, and communicated with Washington, asking if he should deport the affinities.
