MRS. COOPER'S MURDEROUS METHODS

How She Annihilated Her Family and Put the Final Quietus on Herself

Cadillac, Mich., June 15.—Seventeen-year-old Fred Cooper, the last living member of a family of eight persons, lies in Mercy Hospital with just a fighting chance of life, while the bodies of the other seven members of the family, all slain by the wife and mother, who afterward committed suicide, lie in the morgue, the objects of morbid interest of thousands of townspeople and the farmers from the surrounding country.

Fred Cooper says that all he remembers of Saturday night's dreadful occurrences in the Cooper home is a vague recollection of hearing a revolver shot. After that he has no recollection until he was roused in the hospital. It is the supposition that the shot he heard was the one which killed his brother, who lay beside him in the bed. It is supposed that his mother immediately afterward sent a bullet into Fred's head. The little town is filled with strangers attracted by the tragedy. The undertaker who has charge of the bodies estimates that nearly 3,000 people have tried to view them today.

The dead are: Daniel Cooper, 48 years old; Mrs. Cooper, 45 years old; Harry, aged 14; Inez, aged 11; Samuel, aged 10; Georgianna, aged 5, and Florence, aged 1½ years.

Bodies Scattered About

When Mrs. Cooper's mother and other neighbors entered the home on Chapin street about 5 o'clock Sunday morning, there was no sign of life. The bodies were scattered all about. Some were in their beds and others on the floor. Mrs. Cooper lay across the body of a baby on the bed with an emptied revolver beside her.

Mrs. Cooper was once confined in an insane asylum, and for some time had been brooding over the fact that Cooper was out of work. A few days ago she is reported to have said she would "end it all."

Developments indicate that the crazed mother first chloroformed the members of the family before shooting them. There were no signs of a struggle in any instance. Neither were there powder marks, which indicates that the woman stood some distance away in firing the shots. A four-ounce chloroform bottle was found in one of the rooms.

It is also developed that the woman had been mentally unsound ever since the birth of her youngest child, Florence, eighteen months ago. She was sane at intervals and during her lucid moments brooded over her mental condition.

A Last Good Time

Mrs. Cooper apparently had premeditated the wholesale killing. Saturday night she made a festive occasion. She took all her children to the Alamo Theater, where a special vaudeville bill was given. She bargained with the girl ticket seller to admit the entire family for 50 cents. The seller said she would do so, but that it should not be considered as a precedent.

"You will never have to again," replied Mrs. Cooper, "because none of us will ever come here after tonight." She treated the children to candy and peanuts, and they marched up and down the streets after the show, all in a happy mood and with Mrs. Cooper appearing especially cheerful. Then they went home and the killing evidently followed shortly afterwards.

NO HUMBAG

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than of any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Sold by all druggists.

PLURICIOUS PRACTICE A RESULT OF PROHIBITION

An amazing story is that told by William E. Curtis, the noted correspondent of the Chicago Record-Herald, concerning conditions that have followed prohibition in Georgia. One of his striking statements is that the State is spending \$100,000 a day for liquor which is shipped in by express. Of this, Mr. Curtis asserts, not less than \$200,000 a month is spent by citizens of Atlanta.

What is more astonishing than the figures, however, is the intimation that the "treating" habit has taken on a new and dangerous phase in this Southern state. Here is a section from one of Mr. Curtis's recent letters which bears on the condition:

"Men who never thought of bringing whisky into their homes and only occasionally took a drink at their cups or at some hotel bar, who never entered a saloon in their lives, are now importing whisky and other liquors by the case and keep it in decanters on their sideboards, for their own use and to treat their visitors.

"The habit is said to be growing. It is the fashion now for everybody to have whisky in his home and to offer it to his friends when they call. It is also becoming a custom for neighbors who exchange visits to exchange drinks which they never thought of doing until the prohibition law was passed. In that way the consumption of liquor among the business and professional men is very much greater than it ever was before.

"This habit is also extending to minors. It is asserted that many young

ALL WRONG

The Mistake is Made by Many Ocala Citizens

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine relief is cure. Backache is kidney ache.

You must cure the kidneys.

An Ocala resident tells you how.

Mrs. C. V. Roberts, living at 116 S. Pond St., Ocala, Fla., says: "I feel that from my personal experience with Doan's Kidney Pills, I cannot say too much in their favor. I had suffered from kidney complaint for a number of years, and only those who have had this malady, can imagine all the one is forced to endure. I had never been able to find anything that would give relief until I procured Doan's Kidney Pills at Tydings & Co.'s drug store. They acted exactly as represented and helped me from the first. I give Doan's Kidney Pills my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DEATH WAS ON HIS HEELS

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for cough and lung disease in all the world." Sold under guarantee at all drugstores Fifty cents and \$1.00. Trial bottle free.
