

EVENING STAR

C. L. BITTINGER & CO.

C. L. Bittinger and R. R. Carroll, Proprietors and Publishers.

C. L. BITTINGER, Editor and General Manager.

R. R. CARROLL, City Editor and Business Manager.

NOTICE TO DELINQUENTS

We have a number of subscribers in the city who are so far behind with their subscriptions that their names will be dropped from the lists on the 5th of July, unless payments are made on the accounts. This is business, so if you want your paper, pay up.

Mrs. S. H. Blitch is the sure enough business woman of the Blitch firm of Dr. Blitch & Co. She not only sees the store is properly conducted, but most important adjunct of all that the farm, which is the base of supplies, for the farmer and his family as well as for the rest of the world, is systematically looked after and conducted. Some years since she purchased a number of muleberry trees of the fine large variety and these now for several years have not only gladdened the stomachs of the hens and made them lay eggs, but have been the feed of the shoats of which Mrs. B. raises many each season, for several months in the year. She branded seventy fine ones the other day, showing what a capable business manager she is and to whom Dr. S. H. Blitch gives all the credit for the success of everything around their happy home at Blitchton.

Mr. S. H. Galtskill, of McIntosh, has written a very interesting letter to the Times-Union about the crusade made by the Jacksonville Board of Trade on articles made in Jacksonville. He commends it and says Florida people should patronize home made products and manufactured articles, and in turn Jacksonville should buy all products of Florida producers, especially lamb, and beef and pay the same price for them that they do for Western products, provided it is of the same quality. Mr. Galtskill says: "I hope the time will come when I can get more than 11 cents per pound for a nice fat lamb carcass and that when I have some nice, well fattened, young steers, made fat on velvet beans and corn, that Jacksonville will say: 'We want that good Southern lamb and that good beef, and we eat it in preference to Western beef and pay the same price for it, always provided it is as tender as juicy and as well flavored as the Western meats.' Today there is one or two restaurants that get regular shipments of eggs from McIntosh, and the proprietor says he has yet to find his first stale egg in a McIntosh shipment."

D. H. Mays, of Tallahassee, says he has been nominated for Congress by eight votes and does not want the executive committee of the third district to monkey with the returns. The contention of his opponent is that in certain precincts more votes were cast than there were registered voters. It looks to us that no matter what the returns show, if men voted who under the law were not qualified, their votes should be thrown out, no matter who it affects. What we want is an honest election.

The L. & N. railroad last April refused the request of the Florida Railroad Commission to examine its books pertaining to the business done over its line from Pensacola to River Junction. The railroad commissioners then instituted suit in the United States court to enforce the request, but the L. & N. is now willing that the examination shall be made. The Florida Railroad Commission ordered a reduction of passenger rates from 4 to 3 cents a mile, and this will be on a line to compel the railroad to do it.

The Knights of Pythias will hold their supreme lodge meeting in Boston August 4th to 15th. The railroad fare from Jacksonville will be \$39.35, and for an extra dollar you can extend your ticket to September 16th, and by paying an additional dollar can get a stop-over in New York city.

Ex-State Senator A. S. Mann, of Jacksonville, who was elected a delegate to the National Democratic Convention at Denver has appointed his son-in-law, ex-Gov. W. S. Jennings his proxy at the convention. W. S. Jennings was a candidate too, but was defeated by T. Albert Jennings of Pensacola. This will enable W. S. J. to be on the ground floor and in touch with the Peerless One, W. J. Bryan, who will be the nominee of the democratic party for president.

The readers of that excellent paper, the Pensacola Journal are trying hard to find a name with which to christen the proposed new \$250,000 hotel. They use from one to two columns a day in suggesting appropriate names.

There are reported between 50,000 and 60,000 teachers and delegates in attendance at the National Editorial Association now in session in Cleveland, Ohio.

The banner year for honey in California was 600 cars. The average for ten years was 150 cars a year. This year owing to the dry weather the crop will be very short. Price at present is from 5 to 6 cents a pound.

Col. Nic Barco among the things spoken of on the porch of the Ocala House today, said there was no question but what the Tampa-Northern railroad, now completed to Brooksville will be speedily built to connect with the Atlanta, Birmingham and Brunswick railroad. That his town had offered the road \$50,000 to pass through the same and that Captain Ingalls had guaranteed the road 25,000 tons of freight a year if it would pass through Ingalls and there is no question but what it will take that route. Col. Nic said the spirit of good roads is abroad in Citrus and they are building to beat the band. The road twenty miles from Inverness to Crystal River is completed; that road from Crystal River to Dunnellon and English are under construction, and the hard road song goes merrily on in Citrus.

Hon. H. C. Martin of Brooksville, and a delegate to the National Democratic Convention, at Denver, passed through Ocala today to join the contingent at Jacksonville, who leave tonight. The Florida delegation will spend the 4th of July with Mr. W. J. Bryan at Lincoln, Neb.

DEMOCRATS HAVE NO DOUGH

Congressional Campaign Committee is Badly Hampered by a Lack of Cash

Washington, June 30.—The democratic Congressional committee is confronting a hard proposition in the matter of money to carry on the campaign, and Representative Lloyd, its chairman, has gone to New York for the purpose of breaking into some of the barrels of democrats in whose loyalty to the party he has confidence.

The fact is the committee has begun its work two months ahead of schedule time this year, and while it usually calls for money in September, it is stated that its work is so far advanced that it must now have funds or call a halt in sending out its literature. It has made extensive preparations which it is ready to put into effect in keeping with the early campaign program.

Mr. Lloyd stated that he does not expect to have his campaign brought to a standstill, and he believes the result of his visit to New York will be to allow him to go ahead with the execution of plans that have been made.

BLACKISTON RETURNS THANKS

I desire to thank my many friends who signed the petition requesting me to appoint me city meat and milk inspector. Owing to the fact that this appointment was made at a special meeting, of which I was not informed, notwithstanding the fact that it was not presented for their action I shall always prize it highly as a consideration of a very flattering endorsement of my standing professionally and as a citizen of this city during the past eleven years. In conclusion, I desire to state that I will endeavor to merit the confidence and respect of the citizens of Ocala and Marion county, and trust that my work professionally will meet with the same success and approval as it has in the past.

DELEGATES TO DENVER

Among those who will leave Jacksonville Wednesday night for Denver are: James A. Alexander, of DeLand; Charles P. Eaton, of Lake City; Max M. Brown, of Macclenny, and W. S. Jennings, proxy for A. S. Mann, delegates at large from Florida; T. S. Davis, of Fernandina and E. W. Bond of DeLand, delegates from the second district; I. S. Giddens and A. J. Knight of Tampa, delegates from the first district; and B. Tatum of Miami, Senator W. H. Milton, of Marianna, Gov. N. B. Broward, H. L. Todd, of Lake City, T. C. Martin, of Brooksville, A. T. Williams, of Fernandina, A. B. Small, of Lake City, R. H. Shackelford, of Tampa, F. D. Smith, of Alachua, J. S. Appeland, of Lake City, and Presidential Elector George C. Martin.—Times-Union.

THE VERDICT OF EXPERTS

"Marion Harland," Mrs. Janet M. Hill, and Mrs. Sarah Tyson Rorer, are three cooking authorities whose names are familiar to almost every housewife. Each has her own distinctive methods of work, but it is interesting to note that on the all-important question of a cooking fat, they are unanimous in recommending COTTOLENE. "Marion Harland" says of COTTOLENE, "It has a complete satisfaction." Mrs. Hill says: "Very satisfactory; glad to recommend it." Mrs. Rorer says: "A much more healthful product than any other." With such authority behind it, every housekeeper will be safe in giving COTTOLENE at least a trial. It is a vegetable oil, showing purity and more wholesome than lard—and it is cheaper, too, one-third less being required.

RUN DOWN BY THE RURALES

Del Rio, July 1.—It is reported here that a company of rurales cornered a detachment of eight revolutionists who attacked the town of Los Vacas and that a fight occurred in the mountains to the southwest of the city. The revolutionists' ammunition became exhausted after exchanging a few volleys and the rurales then are reported to have charged the hiding place of the revolutionists and despite their offer to surrender and plead for mercy, shot them to death. The bodies were left in the mountains.

LAUNCHES BUILT TO ORDER

The public is cordially invited to inspect the "Merry Widow," the beautiful launch at Silver Springs that I built entirely from keel to awning. I am prepared to build launches of any style and any reasonable size and completely outfit any equip them ready for the water at moderate charges and in the very best workmanship. The work is fully guaranteed. If you want a beautiful model, a strong, safe and well built and speedy boat, place your order with me.

A REVELATION

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggles, Reason Iowa, writes: "The doctors said I had consumption, and I was no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet. Sold by all dealers."

The up-to-date editors of the state, among them Bill McCreary, of the Gainesville Sun, have got off a lot of hot air about forty and fifty pound watermelons, but they are no circumstance to several that rolled into the Star office this morning fresh from the vines at the Hiawatha Lake Stock Farm, which strained the beam at fifty-five and fifty-six pounds. But then these melons grew in Marion and that accounts for it, as Marion beats the world on melons. Of course, Mr. Whitworth has our thanks for them.

HEARST'S AMBITION WAS NOT HELPED

By the Recount in New York—McClellan Retains 3,000 Majority

New York, July 1.—Mayor George E. McClellan was declared to have been elected mayor of New York over W. R. Hearst in 1905 by Justice Lambert yesterday, and by the Justice's order the jury returned a verdict to that effect. For the present, at least, this has terminated the long drawn out litigation instituted by Hearst involving the enactment of the law for a recount.

This left McClellan with a plurality of nearly 3,000 and counsel for Attorney General Jackson, who brought quo warranto proceedings against the mayor, was unable to prove his contention that the ballot boxes were stuffed.

DEFENDANT IS DEAD

Killed by the Plaintiff Who Was Acquitted by a Coroner's Jury

Branford, Fla., July 1.—N. H. Green shot and killed L. W. Tidwell at 8 o'clock yesterday morning while they were waiting at the station for the Live Oak train. They were on their way to Live Oak to attend court, Green being the prosecutor and Tidwell the defendant. Only a few words passed between them when Green shot Tidwell twice and he died instantly.

The coroner's jury acquitted Green. The evidence showed that he acted in self-defense. Mr. Green is a prominent merchant and naval stores man and has lived here for fifteen years. Mr. Tidwell was a farmer, also an old resident of this community and leaves a wife and several small children.

POTTER'S CONDITION IS PRECARIOUS

Cooperstown, N. Y., July 1.—After days in which the patient was visibly losing strength and the end seemed near, Bishop Henry C. Potter of the New York Protestant Episcopal diocese, was last night reported by his physicians to be resting somewhat more comfortably than at any time during the last several days. His condition is still critical, and no great hopes are built upon the slight rally noted early last night. The bishop is suffering from stomach and liver trouble and during the last few days the heat has seriously affected him.

GEORGIA CANTALOUPE FAIL

Albany, Ga., July 1.—As a result of the unusually dry weather of the last ten days the cantaloupe crop in South Georgia has gone to pieces rapidly under the adverse conditions. It is unquestionably the most fickle of all the crops raised in the South. The melons are being gathered and are as perfect as we ever grown in Georgia, but weather conditions have been such that the fruit ripens too rapidly to make its successful shipment possible. Melons gathered in the morning in a green state are fully ripe by night, and are almost unmarketable by the time they reach their destination.

REVOLUTIONISTS REPULSED

El Paso, Texas, July 1.—In an attack on Palomas, Chihuahua, Mexico, yesterday one revolutionist was killed and several injured before the gendarmes repulsed the assailants who fled to the mountains.

Take the Postmaster's Word for It

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "I have used Foley's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by all druggists.
