

A Square-Deal

Is assured you when you buy one of Dr. Pierce's Family Medicines—for all the ingredients entering into them are printed on the bottle-wrappers and attested under oath as being complete and correct. They are gathered from Nature's laboratory, being selected from the most valuable native, medicinal roots found growing in our American forests. While potent to cure they are perfectly harmless even to the most delicate women and children.

Not a drop of alcohol enters into Dr. Pierce's leading medicines. A much better agent is used both for extracting and preserving the medicinal principles, viz.—pure triple-refined glycerine of proper strength. This agent possesses medicinal properties of its own, being a most valuable anti-septic and anti-ferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, "heartburn," foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

For all diseases of the mucous membranes, the "Golden Medical Discovery" is a specific. Catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs is cured by it. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even in the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The

"Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate hang-on, or chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

It's an insult to your intelligence for a dealer to endeavor to palm off upon you some nostrum of unknown composition in place of Dr. Pierce's world-famed medicines which are of KNOWN COMPOSITION. Most dealers recommend Doctor Pierce's medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not hesitate to recommend them, since they know exactly what they contain and that their ingredients are the very best known to medical science for the cure of the several diseases for which these medicines are recommended.

With tricky dealers it is different.

Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to accept a substitute of unknown composition and without any particular record of cures in place of Doctor Pierce's medicines which are of KNOWN COMPOSITION and have a record of forty years of cures behind them. You know what you want and it is the dealer's business to supply that want. Insist upon it.

BOARD OF PUBLIC INSTRUCTION

Ocala, Fla., July 7, 1908.

The Board of Public Instruction in and for Marion county, Fla., met this the seventh day of July, 1908, in regular session with Isaac Stevens, chairman; B. R. Blitch and J. S. Grantham present.

Minutes of the last regular meeting and also the minutes of the special meeting of June 18, 1908, were read and approved.

Mr. Henry Morrison, a trustee of the Mayville school, appeared and asked that they either be allowed a school or some way provided to get them to the nearest school. Mr. Morrison stated that while they only had six pupils now, that they claimed three of the Weirsdale pupils as they lived in the Mayville district and properly belonged to their school. Mr. Morrison was asked to put in a bid as to what he would carry the six children to Weirsdale for.

The secretary read letters from Mr. W. P. Williamson, supervisor of the Williamson and Lake Kerr school and from J. B. Booth, a trustee of the Linadale school, saying it will be impossible to make averages of six at their school. These two schools were ordered discontinued unless enough pupils came in to make the required average.

Mr. J. W. Morrison asked for permits to send his children from the Shady district to the Ocala school. The request was granted.

The school wagon was granted for another term from the Robert Ferguson neighborhood to the Fellowship school. The superintendent was instructed to ask for bids from any one wishing to convey the children to and from the following places:

From South Lake Weir to Weirsdale.

From the Robert Ferguson neighborhood to Fellowship.

From the Blue Springs school to Dunnellon.

From the Joe Edward neighborhood to either Fantville or Ebenezer.

From Silver Springs to Ocala.

It was ordered that no school or wagon be allowed to run with a less daily average than six pupils.

A request was made to establish a new white school about two miles west of Santos. The patrons were asked to get up the exact number of children who will attend and to see if patrons will furnish the house and present all information as to what part the patrons will do to next meeting of the Board.

Lake Bryant school was granted \$50 to build an extension to the house. Patts Island school was granted 20 school desks. Grahamville school was granted \$10 for pump and piping for well.

Eureka school allowed to make necessary repairs to building.

The resignation of J. C. Dupree, a trustee of the Redick school, was accepted and the patrons are hereby asked to recommend some one to fill the unexpired term.

The trustees of the Ocala Special Tax School District reported that they had properly asked for bids for building a primary school building in Ocala and that the lowest bid for a brick building according to plans and specifications is \$8000 from McIver & MacKay, who have been awarded the contract and that the trustees are now ready to sign the contract as soon as they can secure the money to erect said building.

In accordance with a former resolution and action of the Board, the following resolutions were passed: Resolved, that the county Board of Public Instruction of Marion County, Florida, do hereby agree to give \$2000 toward the erection of said primary school building. And that the Board of Public Instruction of Marion County, Florida, do hereby recommend to the succeeding County Board of Public Instruction to give \$1000 per year for three years with interest on the same to pay off any indebtedness incurred by the said board of trustees or by the Board of Public Instruction for the trustees to build said primary school building.

Whereas, an additional school building is required to meet the necessities of Ocala Special Tax School District No. 1, the present building being inadequate to house the pupils and; Whereas, it is necessary to borrow six thousand dollars for the trustees to erect said school building.

Be it resolved, That this board hereby agrees to borrow six thousand dollars for the trustees of Ocala Special Tax School District No. 1, to erect said school building, at six per cent. per annum. Provided that said district trustees shall first agree by resolution to give the county board full authority and power to pay three thousand dollars of said indebtedness, or the whole six thousand dollars should the succeeding board refuse to pay the one thousand dollars per year as recommended by this Board, with interest on same out of any money coming to or belonging to the Ocala Special Tax School District. The said trustees shall give the Board of Public Instruction full power and authority to take \$500 per year out of any fund belonging to said special tax school district to meet the annual payments of this indebtedness. That said trustees shall also authorize the Board of Public Instruction of Marion County, Florida, that if in any year the revenue coming to the Ocala Special Tax School District is insufficient to meet the payments of said indebtedness to hold back a sufficient amount of any appropriations made by the County Board for the maintenance of the school in said district, to meet the annual payments of said indebtedness with interest.

The secretary and chairman of this Board are hereby authorized to borrow \$1000 from Frank Lytle for the Board of Public Instruction which shall be one half of the \$2000 appropriated by said Board of Public Instruction for the erection of said primary school building and to draw warrant for same at six per cent. interest and payable one year from date. The said secretary and chairman are also hereby authorized to borrow for said trustees \$4000 from Mr. Frank Lytle at six per cent. interest per annum, interest payable on the whole annually and draw four warrants as follows:

For one thousand dollars payable one year from date.

One thousand dollars payable two years from date.

One thousand dollars payable three years from date.

One thousand dollars payable four years from date, and two thousand dollars from J. E. Carr and his heirs, per annum interest payable on the whole semi-annually and draw warrants for same as follows:

Six hundred dollars payable two years from date.

Six hundred dollars payable four years from date.

Four hundred dollars payable five years from date.

Four hundred dollars payable six

Dr. Mozley's Lemon Elixir

"One Dose Convinces"

Write for free booklet of testimonials.

Dr. Mozley's Lemon Elixir is not a new and untried remedy.

More than 1-3 of a century attests its curative and health-giving properties and serves to show that it has no equal as a cure for Constipation, Biliousness, Indigestion, Sick Headache and all other ills arising from

TORPID LIVER

Being strictly a vegetable compound, it has no harmful effects. Its action is gentle but thorough—cleansing the stomach and bowels of all impurities, and toning up the entire system to a healthy condition—leaving the person feeling good, because every organ is made to perform its part perfect.
