MAYOR NASH INTERVIEWED

In an interview with a Star reporter Mayor Geo. A. Nash said under the contract which the city has with the Ocala Water Company, he has no power to correct the water pressure in the city hydrants, and that it rests with the council. He further said, from the wording of the contract, the only place to test the water pressure is from the fire hydrant on the southwest corner of the square, which he deems a very unjust and unfair condition, effecting as it does the entire city's safety in case of fire.

PROGRESSIVE NEWPORT NEWS

The Star is under obligations to Mr. Asher Frank for a series of utterances by the business men of Newport News, Va., whereby they propose to improve the material condition of that city by promoting the cause of industrial progress within their midst. In July the business men gave a dinner to their neighbors, at which this subject was fully considered and Mr. Frank was present and said great interest was aroused along this line and there will be cooperation among the business men of that bustling city for a bigger, brighter and busier Newport News. Among its mottoes are the following:

"I consign by hammer to the depths of the Atlantic ocean and my anvil to the James river, to remain forever and ever. Amen."

"I acknowledge that Newport News gives me my living, educates my children, protects my life, my health and prosperity and I owe it more than taxes."

"This is good talk—talk every town should indulge in and Ocala should be among the number. Let's all pull together and do something about advertising our town."

A FREQUENT SUFFERER

Since Mr. C. E. Connor's return from his place across the river a Star reporter conversed with him and here is the correct amount of fire insurance he had on his house and contents, which were destroyed by fire one day this week: Furniture, \$2,500 and insurance on the house \$5,500.

Since Mr. Connor left Ocala for Alabama some fifteen years ago he has lost by fire no less than nine buildings, losing a good six-room house near Electra last Thursday night, on which he had the insurance cancelled a week ago, because it was unoccupied. Mr. Connor has certainly had his misfortunes and losses by fire. He valued his furniture at \$7,500, while those who knew the quality and character of his house lost by fire Monday morning, know his loss was heavy.

ARRESTED FOR DYNAMITING

Deputy Sheriff W. E. Hutson, who has been in Citrus county for several days, arrested the following parties for using dynamite in the Withlacoochee river to kill fish: N. E. Williams, Claud, Joe and Carl Bunch, and they will be given a hearing before Judge Bell.

Tampa is fearfully wrought up over the action of the city council in granting a license permit to a party to conduct a saloon at 101 Lafayette street, a point that the previous city fathers had refused to allow a saloon to be conducted, as the street in question is the main thoroughfare from Hyde Park to the business part of the city. The Tampa papers warn the liquor interests if they don't want a prohibition city to get busy and see that the permit is recalled. Why, if a saloon is a good thing for one part of the city, why not at another? It is true democratic doctrine, "equal rights to all and special privileges to none."

J. W. Sanders, the successful farmer of Standard, came to town this morning and reported a very flourishing and satisfactory condition of affairs. He said the season was exceptionally good and that crops had not suffered for want of rain. He said there sure will be grits in the bin. The hogs and cattle are doing well and the search for phosphate continues and indications point to several more new plants in that section shortly.

Mr. J. C. Pillans, of Electra, was in town yesterday to meet his daughters, Misses America and Dixie Pillans, the former a graduate of the Florida Female College at Tallahassee and Miss Dixie, who has been visiting at Boardman. Miss America Pillans will teach this winter at Tarpon Springs.

Mr. W. D. Carn took his outing at Pablo instead of Seabreeze, and says among the people whom he met there were Mr. J. B. Borland, wife and three daughters, Mrs. E. A. White, Miss Ervine, Mr. A. M. Rice and Mr. C. W. White, all of Citra.

Dr. E. Van Hood was called to the Phosphate City yesterday professionally and, missing the Dungeness train, was offered a seat in Mr. Bert Kibler's new touring car, which was taken down to Mr. Kibler by one of the men at the Ocala Gas Engine Works. The machine is a new and improved one and the man was unused to having so many levers and steering apparatus, and the doctor's trip was fraught with many jolts and jars, as the car would unexpectedly stop and start, but the trip was made in safety.

Messrs. McIver & MacKay yesterday shipped the body of Mrs. Lena Parrish, wife of Frank C. Parrish, to Kingsland, Ga. Mrs. Parrish was a young woman, aged twenty-seven, and her husband is employed by the Camp Phosphate Company.

OLD ENOUGH TO DECIDE

Judge W. S. Bullock in chambers Tuesday, heard a habeas corpus case for the custody of a fifteen-year-old girl. The case was brought from Sumter county, and the history of the same is as follows:

Some eight years ago a Mrs. Cora Sanders of Cordele, Ga., became a widow and consented to her sister-in-law, Mrs. George Parker, living in Sumter county, this state, to take two of her children, a boy and a girl, and raise them.

About four years ago Mrs. Sanders married a man named James and wanted her children returned to her, which was done with a great deal of reluctance by the adopted parents of the little ones, they having become very much attached to their wards.

The children had not been with their mother long ere she wrote Mrs. Parker and asked her to again take the children. Mrs. Parker consented to do this only on condition that the mother was never to ask for them again, which was agreed to. Some months ago Mrs. James wrote to her sister-in-law that she wanted her children. The boy, Willie Sanders, was sent home, but the girl, Elia, was refused. Mrs. Parker claiming that it had been agreed that she should keep the children, and also that the little girl had become attached to her and her home to such an extent that she believed she would be happier and more contented than with her mother in Georgia.

Mrs. James then came to Florida and entered suit as above stated. The mother of the girl had written her on several occasions stating that there was a man in Georgia who thought a great deal of her and had the means to make her happy if she would come home and give him the opportunity. The girl, in her testimony, said that she was perfectly contented with her aunt and wanted to remain there, and that while she was at her mother's home some time ago the man to whom her mother referred to a Mr. Harrell, who was present in the court room, had shown her attentions and since sent her several presents, and that she did not in the least fancy him or his attentions. She said her uncle and aunt were good and kind to her and gave her every attention that could be desired in the way of educational and social advantages, and that she wanted to remain with them.

After hearing the testimony, Judge Bullock decided that as the girl had reached an age that she should know where her affections were, had a good home, kind treatment and loving relatives to look after her wants, she could remain with them.

The petitioner was represented by Mr. J. C. B. Koonce of Sumterville, while Messrs H. L. Anderson and H. M. Hampton of this city appeared for the respondents.

MASS MEETING OF THE PEOPLE'S PARTY

A mass meeting of the People's Party is hereby called to meet in Ocala, Fla., on the 27th of August, 1938, at 2 p. m., for the purpose of selecting a state electoral ticket for Watson and Williams; also for the purpose of electing a new executive committee, and for such other matters as may come before it. The Populists of each county are hereby requested to have representatives at this meeting. Distinguished speakers from other states will be invited to address this meeting.

By order of Executive Committee, F. H. Lytle, Chairman, W. J. Borden, Secy.

LYNCHING IN GEORGIA

Yreos, Ga., July 30.—Alonzo Williams, a negro who is alleged to have waylaid and assaulted Miss Clara Bowland, a beautiful young white girl, last Friday near Ochopee, was taken down from the Toombs county jail yesterday and carried to the woods near by and lynched. The body was riddled with bullets.

MURDER AT HIGH SPRINGS

High Springs, July 30.—W. H. Moreland, a drummer for the Ridley-Williamson-Spaulin Company, of Atlanta, Ga., was shot and killed by an unknown man on a prominent street here last night.

John Temple Graves is Now a Chattel of Hearst

The Hon. John Temple Graves, vice presidential nominee of the Independence party, and formerly a citizen of Jacksonville, in an interview in Chicago, says:

"I left the democratic party because I lost faith in that party's ability or willingness to do anything of value for the rank and file of the population in this great nation of 90,000,000 people. The democratic party has rapidly degenerated into a motley aggregation of office holders and office seekers. It has shown itself willing and ready to trade its principles. Its organization is controlled by selfish, plotting, unworthy men who use the party name for what they get out of it in personal aggrandisement."

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on Materia Medica who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned cases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

Officers Overpowered The sheriff and officers were overpowered by some of the men who had crept over the rear wall and covered them with rifles and revolvers. Others broke down the cell door and took Shaw out. The negro was carried to the center of the plaza and hanged to an electric light pole, after which fully 500 shots were fired into his dangling body. In this latter fight, H. C. Kellum, a street car conductor, was killed with two deputies and four or five of the mob were wounded.

A FIENDISH OUTRAGE

Perpetrated on a West Florida Woman, and a Lynching May Follow

Pensacola, Fla., July 30.—Mrs. Lillie Davis, wife of the Louisville & Nashville section foreman at Bohemia, near here, was the latest victim of a diabolical assault by a negro yesterday, who beat her over the head with a pistol and then cut her throat.

The tragedy occurred at about 7 o'clock and at 8 o'clock Sheriff Van Pelt with Deputies Blank and McMillan, Yardmaster Radcliff and Editor Crawford, of the Evening News, left here on a special train for the scene.

Immediately upon their arrival the hounds were put on the track of the negro, but in the meantime his capture had been effected by deputies who had been stationed at the county bridge near this city.

Sheriff Van Pelt and his party were immediately notified and returned to the city, bringing Mrs. Van Pelt with them on the special train. When confronted with the negro Mrs. Van Pelt at once identified him as the fiend who had made the attack upon her.

The greatest excitement prevails throughout the city over the matter, and it is more than probable that the negro will be lynched before night. Sheriff Van Pelt is doing everything in his power to allay the excitement and induce the people to allow the law to take its course, but from indications at noon it seems as if it will be impossible to protect the negro.

The physicians who are in attendance upon Mrs. Davis state that there are no hopes for her life.

The Doctor Away from Home When Most Needed

People are often very much disappointed to find their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

The Scene of a Lynching Last Night.

Five Men Fatally Wounded in an Attack on the Jail

Pensacola, Fla., July 30.—Two men dead, and a score wounded, some probably fatally, is the record of an attempt last night by a mob to storm the county jail and take out the negro, Leander Shaw, who yesterday assaulted Mrs. Lillian Davis, near here.

The mob numbered probably a thousand and gathered early, but there was no apparent indication that the crowd, which completely surrounded the jail, contemplated making a rush until nearly two hours later.

The first indication was when a railroad iron was brought into play by about a dozen men upon the iron gate of the jail yard. At the same moment the entire mob seemed to catch the spirit and with yells and curses dashed for the jail entrance. Some climbed over the tall iron fence while others hammered on the gate.

The sheriff with half a dozen deputies stood in windows above with drawn revolvers and riot rifles. The sheriff pleaded with the mob, at the same time telling them he would defend the prisoner at the cost of every life present.

First Blow Struck His words had no effect and the moment the first blow was struck on the gate a volley of shots flashed from the upper windows. This was answered by the crowd which poured volley after volley into the jail windows, wounding two deputies. The mob was momentarily driven back with many wounded and one dead as a result of the deadly aim of the sheriff and his deputies.

At midnight the mob, which had in the meantime been reinforced by residents of the surrounding country, made another attack upon the jail.

Officers Overpowered

The sheriff and officers were overpowered by some of the men who had crept over the rear wall and covered them with rifles and revolvers. Others broke down the cell door and took Shaw out.

The negro was carried to the center of the plaza and hanged to an electric light pole, after which fully 500 shots were fired into his dangling body. In this latter fight, H. C. Kellum, a street car conductor, was killed with two deputies and four or five of the mob were wounded.

LYNNE SHADY

Our section of the country is about the quietest part of the county. Everybody goes to Sunday school and church, and never have any trouble.

Mr. Plummer preached a very interesting sermon to a very large crowd last Sunday. And everybody must keep in mind the great revival meeting which will begin next Friday on the fourth Saturday night in August, and as has already been reported, there will be a very large convention on the fifth Sunday in August.

Quite a bunch of young and old folks went down to Sunny Bluff last Saturday. Among them were Mr. Alonzo Long and wife, Mr. Warnie Yarborough, Mr. Allen Moorman, Mr. Arthur Deas and brother Weaver and Sister Miss Laura, Mr. Wm. Hogan, Mr. Wm. Counts and daughter Miss Dumpy, Mr. Sam Long, Mr. Wm. Sewell, Mr. Carl Mason and sister Emma, Mr. Harvey Hinton, Miss Ethel Hodge of Ocala and more whose names we did not learn. All enjoyed themselves to the highest extent, one certain young man, anyhow. The Winona served them faithfully. Rose Bud.
