Mr. Arthur Cobb, the liverman, made a visit down the S. A. L. Saturday on his return stop over to see his friend, Hugh Nichols at Wildwood. Mr. Nichols insisted that Mr. Cobb should be his guest for a day and with him go and take a look at the Monarch Grove, near Wildwood. He consented and inspected same. The grove has been made without a plow ever being put in or a pound of fertilizer applied. What Arthur Cobb says goes and what D. T. Johnson puts his hand to becomes a finished product, and so we are prepared to say Sumter county has the finest orange grove in the state in the Monarch, which is managed by Mr. D. T. Johnson. Mr. Cobb has not yet had seen a few orange groves and is unable to judge and does not hesitate in saying this is the finest thing of its kind in the state of Florida and does not believe it has an equal in the world and it would be worth any one's time to go and see the Monarch.

Attorney Carlos L. Sistrunk tells a good one on himself. He went dove shooting last evening at Doe Lake. He sought a favorable position and stirred up a yellowjacket's nest, which insects proceeded to pay their compliments and Mr. Sistrunk beat a hasty retreat. He then secured another favorable position and had just knelt to take a shot, when a swarm of wasps broke down on him and he said the way he broke away was a caution. Today he is applying arnica.

The number of poll tax receipts checked yesterday by the board of county commissioners was 5,017, fully \$50 more than paid in the wet and dry election. Had it not been for this windfall the school fund would be in debt as the state is behind in its accounts about \$8,000.

We had a pleasant call this morning from Miss Jennie Brown, of Oak. An attractive young lady who attended the Knoblock-Buhl wedding at Shady last night. She was accompanied by her sister, Mrs. W. S. Bell, of Winter Haven, Fla., who is now on a visit to her mother, Mrs. S. S. Brown, of Oak.

In a conversation with Mr. W. M. Shockley, of Lowell, yesterday, we learned he had packed 9,500 cans of tomatoes weighing three pounds each and had he had the cans would have packed many more. Mr. Shockley is one of the pioneer tomato packers of Marion county and has made a decided success of it, as he always succeeds in disposing of his goods. He said next season he will plant tomatoes on his own account exclusively for packing purposes, in this way assuring himself a larger supply of a superior tomato. As he has been conducting the business he has been depending upon his neighbors for his supply and this consists in getting what the grower does not find profitable to ship and tomatoes from the third bloom are not as large and perfect at the first picking.

The funeral of Mrs. C. J. Mason, of Conner, took place at the Oklawaha Baptist church yesterday afternoon, conducted by the Rev. B. I. Hull. Mrs. Mason leaves a husband and seven children.

Mrs. Bessie Reeves Miller, wife of A. Eugene Miller, Micahay, of that place August 1st. Revs. Thrasher, Baptist, Sistrunk, Methodist and Wardell, Presbyterian, officiated at the funeral. She was a devoted Christian and a member of the Baptist church. She was a great favorite in that community and her death is greatly deplored.

Mr. W. S. Bell, a former turpentine operator at Berlin, and Eloise, Polk county, has disposed of his location at the latter place and after a visit with his wife's mother at Oak, Mrs. S. S. Brown, will proceed to Georgia and locate permanently.

The Blitchton public school opened Monday with a flattering attendance. The school is in charge of Miss Mamie Terrell, sister of Hon. George Glen Terrell, of Bushnell, member of the legislature-elect.

Steve Roberts, who shot and killed a young man by the name of Taylor at Duncannon a few days ago and who a coroner's jury in that city discharged, rendering a verdict of self-defense, will appear before Judge Bell tomorrow afternoon for a preliminary trial.

A friend in California writes the Star that last week the thermometer registered 115. How is that for warm weather?

J. M. Neely postmaster at Summerfield and the popular salesman at Mayo's general store, was in the city yesterday and on his return home took in west Lake Weir, where his family reside.

Rev. Z. A. Crumpton, of Berlin, is very sick, having been confined for eight weeks to his home and today suffered from a severe hemorrhage.

The Star had a pleasant business call this morning from Mr. J. H. Burton, one of the intelligent and progressive citizens of Sparr, who was here attending to business matters.

Mr. and Mrs. S. D. Souter of Sparr, were in town today to inspect their new cottage erected by Contractor Leach in the second ward.

Mrs. Carrie A. Arms has moved into her handsome new and roomy home on Fort King avenue and is now nearly straightened out. Mr. and Mrs. F. J. Huber are with her.

Major T. D. Lancaster, from the Moorhead-Lancaster colony on Shell Island at the mouth of Crystal River, who has been in town for a day or two on business returned to the island this afternoon.

Mr. D. W. Tompkins and family are now occupying the house on Oklawaha avenue which was recently vacated by Mr. R. S. Hall.

Mr. W. W. Carlson, formerly of this city, came up last evening from Inglis and is a guest of the Ocala House.

A DELIGHTFUL LAUNCH PARTY

The following young people composed a jolly party who went down to the springs in a big bus and from there embarked in the "Isabelle." Mr. Geo. K. Robinson, neat new motor boat, running down to Delk's Bluff, where they indulged in a lunch and took a dip in the limpid waters of the run, coming home in the moonlight, singing songs, and having a good time generally. Those in the party were: Mr. and Mrs. Geo. K. Robinson, Misses Ethel and Hope Robinson, Lillie Bright, Marguerite Porter, Adele Bittinger, Messrs. Ralph and Phil Robinson, Peter McIntosh, Robert Anderson, Donald Schrieber, Ernest Rawls and Rev. Mills-Price. The credit of the trip is to Mr. Phil Robinson and the admirable manner in which every feature of it was enjoyed. The jolly party reached home about ten o'clock, tired but happy.

RELIEVING MUSCULAR STRAIN

Of the eyes that rob the vigor of the rest of the body, is our profession. Glasses are intended for more than the aiding of vision. Some of the most distressing diseases have been relieved by glasses after doctors and surgeons had doctored and cut to their heart's content. Do not procrastinate in the matter of having your eyes examined by me.

MARION IN MASSACHUSETTS

Editor Star: This scribe left Calvary June 21st for Boston and had a very pleasant trip, not suffering from the ocean waves at all, indeed there were very few waves and the weather was fine. Arriving in Boston we found people wearing coats and enjoying cool spells, which did not last as it was very soon as warm as here in Florida, and some times much warmer. The weather gave Jacksonville as the coolest place and mentioned the 12th as the hottest day in eight years. Official report 98, at my cousin's at Malden 101. That was a little warm for me and I soon hid me away to a cooler climate.

Boston is quite a place. Some of those stores would almost hold all of Ocala's stores. Some of the suburbs are very pretty. Also some nice parks and beaches. I expect to see more of it when I return. I went out on the trolley line to Lexington, where the first battle of the revolution was fought. There are some pretty old places there. I had another pleasant voyage to St. John, N. B., followed by a ride in the cars through this beautiful country, with its hills covered with green trees and farms, large meadows, hills and valleys, on to Upham with its mountains, the river and brooks. I like it here. It is so different from Florida and it is cooler here. This is haying time now and the farmers are busy and I think there will be a good crop. Oats look fine and are beginning to head. The buckwheat looks well too. Berries are quite plentiful. I was too late for the wild strawberry that I have heard so much about, but the raspberries are nice; also gooseberries.

I am enjoying this very much in the old home of my grandfathers, but I often think of fair Florida and a sight of the Star, which contains news of the people and places I know so well. Perhaps I will find something to write again of interest to my friends. Marion. Upham, N. B., July 28, 1908.

Those Who Attended the Knoblock-Buhl Wedding

The contracting parties were Mr. John H. Knoblock, Martin, and Miss Katie Buhl, Shady. Their attendants were Mr. George Buhl, brother of the bride, Miss Mabel Rutland, of Rutland, Sumter county, Mr. I. N. Knoblock, brother of the groom, Hattieville, S. C., and Miss Jennie Brown, of Oak. Mr. and Mrs. H. N. Knoblock, parents of the groom, Mr. and Mrs. James J. Knoblock, brother and sister of the groom, Messrs. V. E. and W. A. Knoblock, brothers of the groom, all of Martin. Mrs. S. J. Simmons, of Morrilton, aunt of the groom; Mr. and Mrs. Carl Buhl, parents of the bride, Mr. and Mrs. Fred G. Buhl, brother and sister of the bride, Mr. and Mrs. W. A. Baxley and children, Ocala. Mrs. Baxley is a sister of the bride. Mr. and Mrs. W. M. Shockley and children, Lowell. Mrs. Shockley is a sister of the groom. Mrs. W. S. Bell, Winter Haven; H. W. Douglass, Walter Douglass, Mr. and Mrs. J. M. Douglass, Mr. Robert Douglass, Mrs. A. R. Douglass, all of the Shady section and Miss Gertrude Batchelder, Ocala. The bridal party took position under a beautiful bower of ferns, vines and roses in the southwest end of the large family room. The room was tastefully decorated with plants and ferns. Rev. Barnett, of the Methodist church, Ocala, read the ritualistic ceremony in a most impressive manner, using the ring.

After the ceremony congratulations were in order, followed by a most sumptuous repast, an inspection of the many useful, handsome and valuable presents and a general social time, when the bride and groom, accompanied by their friends from Martin, took their leave for their homes, wishing the newly wedded pair all the happiness imaginable in life's journey. The bride is a very handsome young lady and so pleasing and gracious in her manners that she won all hearts by her sweet smiles and pleasant words of greeting. The community in which she has grown to womanhood had become so attached to her, that they were loath to part with her beautiful personality and because it removed from that neighborhood the last eligible young lady. The Star extending its hearty congratulations to the wedded pair for a long life of usefulness and happiness. A pleasant feature of the evening, not on the program, was the christening by Rev. Barnett of the young child of Mr. and Mrs. F. G. Buhl, whom he named Frederick Benjamin Buhl. The words spoken by Rev. Barnett were beautiful and impressively expressed and left a deep impress on all present.

GENERAL STRIKE ON THE CANADIAN PACIFIC
Winnipeg, Aug. 6.—Union shopen, employed by the Canadian Pacific railway, struck yesterday in all of the shops on the system from the Atlantic to the Pacific, and all the shops are idle. It is estimated that twelve thousand men quit work. Even the old men in line for pensions went home and it seems to be the most extensive strike in the history of the railway shops of Canada. All the workmen employed around the train sheds at the depots went out and the conductors and engineers caused some delay to the train service by insisting that trains be properly made up before they would take them out. The strike is the result of the refusal of the men to acquiesce in the finding of the conciliatory board appointed at the request of the men.

JUDGE PARDEE RESTRAINS JUDGE SPEER
Asheville, N. C., August 6.—Counsel representing the Southern Railway, the Louisville and Nashville, and other roads interested, yesterday made application before Judge Pardee of the United States court for an appeal and supercedes in the rate case recently decided by Judge Speer. Judge Pardee granted the appeal, and supercedes, which, in effect, permits the railroads to put into effect the increased freight rates in Georgia, thus restraining the order of Judge Speer. Judge Pardee required the railroads, appearing through counsel, to pay sufficient bonds to protect the shippers who, secured by Judge Speer's restraining order from any loss they may sustain, in event a suit is decided adversely to the railroads.

Do You Like Honest, Square Dealing?
Dr. Pierce's world-famed medicines are put out under the belief that publicity is the best possible guaranty of merit, and that the most intelligent people generally want to know what they take into their stomachs, whether it be as food, drink or medicine. Although it was a bold step to take, and quite out of the usual practice of makers of proprietary medicines, yet Dr. Pierce, some time ago, decided to publish broadcast and on all his bottle-wrappers all the ingredients entering into the composition, or make-up, of his celebrated family medicines. A square deal is therefore assured every one using his medicines, for one knows exactly what he or she is paying for when purchasing them, since every ingredient is published in plain English on the bottle-wrappers and the correctness of the same attested under solemn oath. These several ingredients are selected from among the very best known to medical science for the cure of the various diseases for which these medicines are recommended.

The most eminent and leading medical teachers and writers of all the several schools of practice have endorsed each of the ingredients entering into Dr. Pierce's medicines in the strongest possible terms. The makers of Dr. Pierce's medicines believe that intelligent people do not wish to open their mouths like a lot of young birds and gulls down to the throat, but that they desire the way of food, drink or medicine, without knowing something of the properties and harmless character of the agents employed. They believe that health is too sacred a heritage to be entrusted to such unscrupulous persons as those who keep in ignorance of the roots of plants found growing in the depths of our American forests. They are so compounded that they cannot do harm in any case, even if they should be taken in enormous quantities. Dr. Pierce's medicines are made wholly from the roots of plants found growing in the depths of our American forests. They are so compounded that they cannot do harm in any case, even if they should be taken in enormous quantities. Dr. Pierce's medicines are made wholly from the roots of plants found growing in the depths of our American forests. They are so compounded that they cannot do harm in any case, even if they should be taken in enormous quantities.

What Do They Cure? This question is often asked concerning Dr. Pierce's various leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative and healing way upon all the mucous lining surfaces as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, the lungs, the stomach, the bowels (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in effecting cures. "Favorite Prescription" is advised for the cure of a class of diseases only those that are attended with irregularities and irregularities incident to women. It is a powerful yet gently acting invigorating tonic and strengthening nervine. For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system. Women suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
