COUNTY COMMISSIONERS

Official Report of the Proceedings of the Board at its August Meeting

Ocala, Fla., Aug. 3, 1908.
The board of county commissioners met on the above date for the purpose of hearing complaints by persons who were aggrieved on account of having their assessments raised by the board at the last meeting. Present: Hon. John L. Edwards, chairman; N. A. Fort, S. R. Pyles and J. M. Mathews, commissioners.

There being a quorum present the chairman called the meeting to order and the following proceedings were had:

Mr. E. O. Cordrey appeared before the board and complained of the raise on the west half of southwest quarter, and southeast quarter of the southwest quarter of section 3, township 15, south, range 24, east—120 acres. The board believing that there was some equity in his case, reduced the assessment from \$1000 to \$500.

The Carney investment Company, by Mr. W. B. Grey, its secretary, and Mr. John L. Carney, appeared before the board with their complaint, and very earnestly protested against the raise which had been made by the board at its last meeting, on their property on North Lake Weir, Florida. The board, after consideration, reduced the assessments back to the amounts originally assessed.

A communication from Mr. C. C. Cary, protesting against the raise from \$70 to \$140 on the west half of the northeast quarter, and southeast quarter of northwest quarter, excepting six acres sold to Moore, section 22, township 14, south, range 19, east—74 acres, was received and read, and upon motion was refused.

A communication from Mrs. L. F. Marshall complaining about the raise on the west half of an acre of and adjoining lot 39, Caldwell's ad to Ocala, raised from \$300 to \$1500, was read, and the board believing that the assessment was low enough, refused the request.

Mr. J. W. Hall appeared before the board and stated that he had been assessed for turpentine leases on lands which he did not own, and also for farm lands upon which there was no timber, and had paid the taxes thereon, and asked relief at the hands of the board. It was ordered that a rebate of \$11.13, the same being the county's part only of the amounts so paid, be granted to the said Hall, and a warrant was ordered issued for the same.

It appearing to the board that the Sumner Lumber Company were badly damaging the public road, known as the Kendrick and Martin road, with their log carts, the clerk was directed to notify said company to place said road in good repair at once as to parts damaged by the log carts, or they would be called upon for damages sustained to said road.
Chancy Ho e of Levon, Florida, who has the care of an idiotic woman, placed in her care by the board, asked for additional remuneration for the woman's maintenance. The board increased the salary already given one dollar more.

It then being five o'clock, the board adjourned to meet in regular session in the morning at 8 o'clock, August 4, 1908.

Ocala, Fla., Aug. 4, 1908.
The board of county commissioners met in regular session on the above date. Present: Hon. John L. Edwards, chairman, S. R. Pyles, C. W. Turner, J. M. Mathews and N. A. Fort, commissioners.

Board was called to order by the chairman, and the following proceedings had:

It was upon motion ordered that T. E. Pasteur, county treasurer, transfer from the fine and forfeiture fund to the building fund \$1250.

Bill of Mr. Venable for making fill on Big Prairie, on the Stokes Ferry road for \$250, was ordered paid.

Matter of changing a part of the Blitchton road was referred to Commissioner Mathews for investigation.
Mr. J. P. Taylor, who was notified to remove his fence from the right of way of the public road, appeared before the board and explained why it was that it was placed where it is, and the board gave Mr. Taylor until the first day of December next to remove the fence, which was satisfactory with him.

It appearing to the board that Charlie Jackson and August Manier were suitable persons to enter the poor farm, permits were granted for such purpose.

Mr. Buhl appeared before the board and reported that Mrs. Murray's condition, (Dr. Hood being present also), stating that she was possibly helpless for life, suffering from a fractured hip, a continuation for another month of \$5 donation was made.

Rev. Goin, a colored man, appeared before the board and asked for compensation for keeping a sick pauper, and was granted \$2.

It appeared to the board that Justice of the Peace Smith of Fairfield,

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. Cheney & Co., Toledo, O. Sold by all druggists. 75c. Take Hall's Family Pills for constipation.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him
It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of miasmas I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I could not have possibly lived but a few hours longer; but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. For sale by all druggists.

TOM WATSON'S BIG TALK

Speech in Accepting the Populist Nomination for the Presidency. Says Many Smart Things and Some True Ones

The following is Thos. E. Watson's speech, delivered in Atlanta, Ga., July 3, 1908, accepting the People's party nomination for president:
Gentlemen of the Notification Committee and Fellow Citizens:
One of the most fearful statements that was ever made is that "history repeats itself." Take the words lightly and you stand appalled.

The clash of armies, the horrors of war, the carnage which spared neither age nor sex—history is full of it; and when history repeats itself, the slopes of another Gettysburg will run red with blood, the fiery broom will sweep other Shenandoah valleys, and other Atlantas and Columbias will be fed to the flames on some other "Sherman's march to the sea."

"The conquest of human reason by the priest, the reign of religious intolerance, with its dungeon, its rack, its stake for independent thinker, history is full of it; and when history repeats itself, the world will once more have lost its liberty of conscience, will again hear the shrieks of the victims of Inquisition, will again shudder with fear and horror as some other Philip of Spain slays his tens of thousands, some other Charles of France fires the signal gun for a massacre of St. Bartholomew."

The establishment of the political oligarchy, the use of legislative machinery by one class to rob the others, the exploitation of the unprivileged by the privileged, history is full of it;—and when history repeats itself, we shall again have the rule of the many by the few, the confiscation of the property of the unprivileged under forms of law, and the giving to systematized pillage the sacred name of Government.

Let us go back to one of the tragic chapters in the annals of the past; it may be that a study of that chapter will arouse us to an appreciation of the dangers which have come upon us. We return to the year 44 before Christ. The aristocracy which had declared war on Julius Caesar, had been overthrown; for six months this greatest soldier and law-giver of antiquity had been at work reforming the Roman system, but now the middle of the month of March had come, and the Senatorial conspirators had determined that he should die. All the world knows the story. Dull is the imagination which cannot picture the scene as Caesar goes, without suspicion, to his seat in the senate, is surrounded by the assassins, everyone of whom he believes to be his friend, is slashed and pierced with over twenty wounds and falls dead at the base of Pompey's statue.

What did the Roman aristocracy kill Julius Caesar? What had he done to Rome, that the Roman nobles should take his life?
He had abolished imprisonment for debt and by this act had deprived the Roman capitalist of his power to keep his debtor in slavery.
