City Editor and Business Manager.

POWELL HAS BECOME A PASTOR

It will be pleasing to the many good people of Ocala to hear that Mr. Fred Powell, who lost his eyesight in this city nearly two years ago and who was assisted by the King's Daughters and other good people to go to Atlanta to an eye specialist, has recovered his sight and is preaching for a congregation at Carrollton, Ga., a place of 4,000 people.

After a partial restoration of sight under the treatment of Dr. Calhoun, and others in Atlanta, he began the work of colportage, but as this work was begun shortly before the panic of last fall and after a heroic struggle, he found he could not make a success of it, he gave it up. He then returned to Atlanta and took employment with the Trio Laundry Co., but as his desire to become a minister became known to several of the members who knew him in his colportage labors, through their efforts he took part in the work of the Christian Endeavorers of Atlanta and soon established a reputation for zealous and conscientious efforts along this line and he was soon requested to preach his first sermon in Atlanta. He acquitted himself so creditably that he was sent to Carrollton, Ga., to conduct the services one Sunday at that place by Rev. Bernard P. Smith, who is the secretary of the state mission board. The result of that visit was that he was called to the pastorate at Carrollton and is doing splendid service there now.

Only illustrates what a little assistance at a critical time will enable an ambitious, honest and deserving youth to do. Mr. Powell is just past his twentieth year. When his affliction came upon him, the loss of his eyesight in this city about two years ago, he was in the employ of Messrs. Melver & MacKay. He was compelled to quit work. He was the sole support of his widowed mother. Their scanty means were soon exhausted, which fact soon became known to their neighbors, who gave them what assistance they could, when the case was reported to the King's Daughters and through them to others, all assisting in raising funds to have the youth sent to Atlanta to have his eyes treated. At first the doctors there said his was a hopeless case but did what they could to restore his sight, which in time became partial, but wonderful to relate, since then his eyes have become perfectly well.

It is because of this happy outcome that he has become self-supporting and has written a friend in this city to express his gratitude and heartfelt thanks for the kindness of the good people here that has made his eyesight possible.

This incident should impress us with the fact that no unfortunate should appeal to us in vain, and that in every worthy case how much more blessed it is to give than to receive. Without this timely assistance Mr. Powell would unquestionably have gone through life a sightless being. As it is his sight has been restored, and his usefulness to himself and the world cannot be estimated, for he now sees and feels as only one in his condition can and with the appreciation he has for what has been done for him his services to his fellow men will be a thousand times enhanced, enlarged and applied to other unfortunates.

THOSE DRINKING FOUNTAINS

A horseman has suggested and desired the Star to give expression to the same, that the drinking fountains for horses, which the Woman's Civic League so patriotically and generously donated to the city, should be so arranged that the bowl or drinking trough would overflow, thus carrying away the scum and saliva deposited in the same by the animals that drink from them. As they are now they so quickly gather scum and green moss in the bottom that they must have almost constant attention to keep them clean. By the other method they would clean themselves and the water would be fresh and sweet. The present condition is a constant menace to spreading disease. There should also be arranged a process that would supply the cups below with water for dogs. There is not a day that these animals do not seek water at these fountains, but cannot reach the higher cup for horses.

MAJOR T. C. HALL ON OCALA

Major T. C. Hall, of Gainesville, Ga., is with us for a few days, looking after his turpentine interests in this section. The genial major is a former resident of this city and has many friends here who are always glad to see him. He still has a fondness for Ocala and says it is one of the best towns in the state, and its people the salt of the earth. The way the major talked, we don't believe it would take much pressure for him to return. Speaking of his son, Troy Hall, who, when he lived here was a prime favorite with all classes and a most excellent and promising young man, Major Hall said he was studying law, having taken a college course and that he will graduate next winter at the Washington-Lee University, Lexington, Va. Troy has a host of friends in Ocala who will be pleased to hear of his high standing at school and bright prospects in store for him.

The Jacksonville Metropolis had a very able and convincing editorial in its issue of the 10th on "When Women Should Vote," on school matters, because they are the real teachers and educators of the land. Their tenderness and sympathetic understanding of the child peculiarly fits them for this work and they should be members of our school boards and belong to the board of school trustees.

The Met. is on the right track. It is the purpose of the Metropolis to bring this important and vital question to the attention of the members of the legislature and secure their views on this subject.

C. R. HENDRICKS

Mr. C. R. Hendricks, after a lingering illness, died last night. Deceased has been a citizen of this city for a number of years and won an enviable record as an upright, fair and honorable man. He came to Florida from Georgia and had been engaged in the grocery business in this city during the past few years. He was a pleasant gentleman and had made many friends here who will regret to hear of his death. He leaves a wife, a daughter and several sons to mourn his death. He was sixty years of age. The funeral services will take place this afternoon from the family residence and interment will be made in Greenwood Annex Cemetery.

MRS. J. M. HILLMAN

News reached Ocala this morning of the death of Mrs. J. M. Hillman, at Anthony. She had typhoid fever and was sick a month. She leaves a husband and several children to mourn her death. Mrs. Hillman was a most estimable woman, a consistent member of the Methodist church and Rev. R. H. Barnett went up this afternoon to officiate at the funeral service.

PILLANS-SMITH

Mr. Louis Pillans and Miss Mary Smith will be united in marriage this evening at the Methodist church at Martel. Mrs. L. J. Beck, Miss Lillian Bryan and Mr. Porter Pillans, brother of the groom and Mr. Giddens will be the attendants. The affair will be the social feature of the season and the first church wedding that has ever been solemnized in Martel. The bridal couple expect to take the S. A. L. train for Jacksonville tonight and enjoy their honeymoon in the land of the sky. Mr. Louis Pillans is the son of Mr. and Mrs. C. J. Pillans, Electrica, a splendid young man, while the fair bride-to-be is the daughter of Mr. and Mrs. James L. Smith, of Berlin. Both of the young people have many friends in Ocala who extend them hearty congratulations and best wishes, in which the Star joins.

Mr. Dame is putting the finishing touches on the old Parker home, having removed it from Lime to South Fourth street, added several rooms to it and papered and painted the same, making it a desirable six-room cottage. Where the building originally stood he has made a rose garden, transplanting twenty-seven roses, every one of which is living and putting forth new growth, which is remarkable when the dry weather of a week ago is considered. Mr. Dame is also contemplating the building of two neat cottages in the fourth ward for rent. Mr. Dame is a town builder proper.

J. D. McDuffy, the trucker and farmer, is doing something in the building line this summer. He has finished one very desirable residence on his home lot and it is occupied. He has another about completed on the lot opposite on Lime street and has moved the old two-story house nearly opposite his home across the street and is adding to it a large, two-story addition and when completed it will be a valuable piece of property.

THE SWINE AND THE FLOWER

Oh me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred.
Whose banquet shocked the nostril and the eye:
Then spoke a voice, "Behold the source of ard!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white
With dewy buds 'mid dark green foliage nursed:
And, as I lingered o'er the lovely sight,
The summer breeze, that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

WEATHER FORECAST

Washington, August 12.—Fair tonight; Thursday probably local rain.

HAY FEVER AND SUMMER COLDS

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief! The genuine is in a yellow package. Sold by all dealers.

Frank Walker, colored, was being tried this morning for stealing a case of whisky from Hogan's saloon.

DISAGREEABLE AT HOME

Lots of men and women who are agreeable with others get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Anti-Monopoly Drugstore.

Lee Hampton, the mighty hunter from the Chessahowitchka, was here Tuesday and reports shooting an alligator a few days ago that measured 11 feet 7 inches and the 'gator was so large that it took three men to turn him over.

Remedy for Diarrhoea, Never Known to Fail

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."
—S. Jemison, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

R. C. Davis & Co., of Jacksonville, will sell any make of second-hand typewriter upon easy terms if desired.

A PENSACOLA LADY'S PRESENTIMENT

That She Would Die on a Certain Day Was Punctually Fulfilled

Pensacola, August 12.—The care of Mrs. John Landsberg, a lady who was held in the highest esteem during her residence in this city and who died several days ago after a short illness, has excited unusual comment on account of the remarkable presentiment which the lady apparently had that her illness would be fatal.

When first taken ill Mrs. Landsberg declared to her friends that there was absolutely no chance for recovery and immediately began making detailed arrangements for her demise and the disposal of her remains after her death.

At her special request one of the leading undertakers of the city was called to the house from whom Mrs. Landsberg purchased her coffin, selected a shroud in accordance with her tastes and entered into all the details of her funeral directions with as much deliberation as if she was making arrangements for the funeral of a departed friend.

Following up her interview with the undertaker, Mrs. Landsberg gave instructions for the purchasing of a certain lot in the cemetery in which she desired to be buried, displaying as much interest in this transaction as she had done in her dealings with the undertaker. Having apparently arranged all her mundane affairs to her satisfaction the lady calmly prepared herself for death.

Contracts have been let for the expenditure of half a million dollars in dock improvements for the Seaboard Air Line railroad at Tampa, to include a phosphate elevator capable of handling 300 tons per hour. It also includes a twenty-four foot channel along the side of the dock.

Hon. Robert F. Rogers, one of the most successful naval stores operators of Marion county, and quite influential throughout the state in politics, was among the visitors to Jacksonville yesterday. Mr. Rogers is accompanied by his son, who has been in ill health for some time. They left last night for Battle Creek, Mich., where it is hoped the young man will recover his health.—Times-Union, 11th.

Eugene E. Barnett, of Vanderbilt University, an old Tampa boy and one of the brightest Tampa has turned out, who has been visiting his parents, Rev. and Mrs. R. H. Barnett, at Ocala, was greeting Tampa friends yesterday. Mr. Barnett was accompanied to Tampa by his sister, Miss Louline Barnett, who has been teaching the past year as Wesleyan Female College.—Tampa Tribune.

TEN YEARS IN BED

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by all dealers.

Mr. C. I. Grace, the Citronelle merchant, had the misfortune Monday night to have a case of hams, a tin of sausage and a box of general merchandise stolen out of the freight depot at that place.

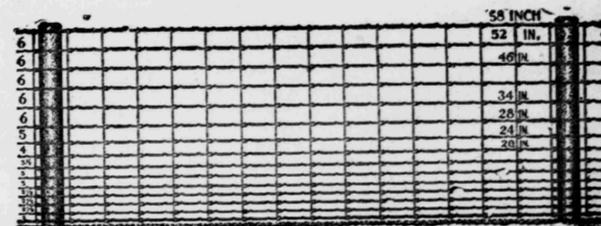

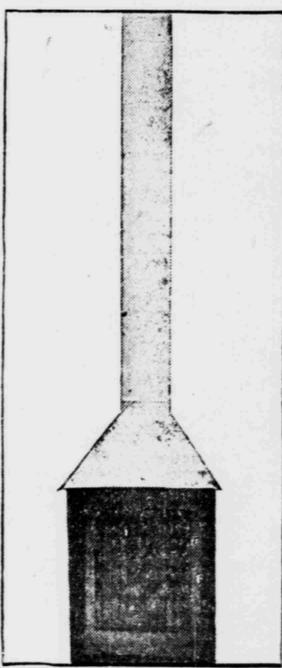

Delay in anything is bad, but it is positively dangerous when there is something wrong with your kidneys. Don't wait until tomorrow. Get something that is to be depended upon to help you promptly at such times. The one remedy above all others that we suggest is DeWitt's Kidney and Bladder Pills. They are antiseptic and almost instantly relieve backache, rheumatic pains and all bladder and kidney troubles. We sell them. Sold by Anti-Monopoly Drugstore.

LARGE STOCK, QUICK SHIPMENTS

The largest stock of heavy and light hardware, sash, doors and blinds, farm, mill and miners' supplies, paints, oils, etc., etc., carried in Central Florida.

BOND'S PORTABLE FIRE-PLACE

is especially adapted for turpentine men, sawmill men, or any one where a temporary fire-place is needed. The cut herewith gives a front view of this invention and shows how same can be attached to any frame building, either where fire-place would be built, or can be set in window.

It is made of the best galvanized steel, is light, strong and durable. This portable fire-place can be moved from place to place and taken down or set up in a very few minutes, thereby saving an expense which would incur in making a chimney of sticks and mortar or brick.
