RHEUMATIC FOLKS

Are You Sure Your Kidneys Are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on the doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended.

Benj. Rush, living at 220 W. Union St., Gainesville, Ga., says: "I had suffered from kidney trouble, and sciatic rheumatism for years. At times I was in such a miserable condition that I could not get out of bed. The kidney action was very irregular and at times the secretions were too profuse while again scanty. I spent a great deal of money for different remedies, but did not find any relief until I began using Doan's Kidney Pills. They went at once to the seat of my trouble and I steadily grew better. I am almost entirely free from rheumatism and the action of the kidney secretions is normal. I attribute this great change in my condition solely to the use of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LOOK OUT FOR BAD MONEY

Washington, D. C., Aug. 13.—Chief Wilkie, of the Secret Service, has sent out warnings to the effect that bad currency of very clever execution is being circulated throughout several of the southern states. National bank notes of \$5 denomination are being raised to \$20. The work is evidently that of experts and the Secret Service men will leave no stone unturned in an effort to capture the get-rich-quick genies.

MEN PAST SIXTY IN DANGER

Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by all dealers.

PROHIBITION IN GEORGIA

(Continued from First Page)

the criminal element, if you can hold out in your violation of the law, it will be repealed.

"Intelligent men must understand regardless of their position on the liquor question that the people cannot afford to yield one inch to the criminal classes. My opposition to the liquor interests has always been its open, flagrant violation of law. The saloon is the nesting place of criminals. Gradually they are raising up a race of savages in our great cities which will one day destroy the government if it is not stopped. The old saloon system in Atlanta did in this respect for Atlanta what it has done for other great cities. The men who are violating the law in Atlanta today are the product of this old saloon system. They are bent upon repealing the law, and mark well what I say, as long as the hope is held out to them by such papers as the Constitution that its repeal is conditioned on their continued violation, so long will they violate the law.

"The greatness of Atlanta has always rested in the spirit of her people. This spirit has been one of law-enforcement. The faith of the people of the country in this spirit was somewhat shaken by the Atlanta riot. Let the government of this city tamely surrender to the criminal liquor element of the city, suffer the open, shameless violation of law, and the millions who have seen in great Atlanta, the home of law and order, the seat of civil righteousness, will turn with pain from her pitiful degradation.

"I do not believe the prohibition law is being violated in Atlanta to the extent claimed. I have been in Atlanta for one month. I have not seen an intoxicated man on the streets of the city. Men have told me that the 'near-beer' establishments are selling straight beer. If this is so, it is remarkable that around these places I see no drunken men. I turn to the records of the city courts and I find a marvelous reduction of crime. The old dirty, vagrant element which swarmed the streets of old Atlanta are not here. Certainly something has wrought a wonderful change for the better."—The National Prohibitionist.
