

Not "How Much?"
but "how good?" is the question that every one should ask in buying candy.

The old saying that "a man is judged by the candy he gives" holds good today same as always. Buy the best—don't take the "just as good" kind.

SAWDUST CAUSES SICKNESS

In this time of alternating rain and sickness, the people and health authorities should be careful that sawdust is not put down on roads or streets or anywhere that people gather. It is well remembered by many that the disastrous outbreak of yellow fever at MacClenny in 1888 was caused by the sawdust strewn over the streets of that town and rotted by the constant changes of rain and sun.

The party came in a round-about way, from Saluda to Spartanburg, S. C., thence back northeast to Charlotte, N. Prior to the Atlanta and the train was second to cross the Coast Line or any other bridge at Columbia over the Congaree river since the flood, eight days before. It will be three weeks before the trains will be operated straight through from Columbia to Asheville, over the washed out section from Columbia to Spartanburg, where for miles and miles the roadbed itself is washed away.
