ABOUT THOSE WEEDS

A look around our city shows a prosperous growth of weeds, especially on vacant lots that is simply appalling. Past experience demonstrates what those weeds will do for the health of the town if permitted to stand where they are. As the autumn advances and the weeds decay and litter the earth with dead and germinating rubbish we shall reap a harvest of sickness and distress and death fully commensurate with their rank and prolific growth. Self-interest and regard for our loved ones should compel their removal. We may save a few dollars of taxation by permitting them to remain and decay where they now wave, but this will only be as a few farthings as compared to the bill of expenses that will pile up in caring for the sick and burying the dead. It pays to have a sanitary city. We know this from past experience. They why not make a heroic effort and remove them now and save ourselves the expense and the pain and sorrow that will surely follow if these weeds are permitted to live and die and decay on our streets and vacant lots. Somewhere we have seen that a town in Florida has a law that compels every owner of a vacant lot within the corporate limits to see that all weeds on said lot are cut down and destroyed. Why not Ocala? If this was done at this season of the year the cost would be light and the effect would be so pleasing to the eye and inspiring to our sense of sanitation. Will it be done?

GALVESTON'S GROWTH

The Star is in receipt of a copy of the Galveston News of Sept. 1st, which gives their annual review of the business of that Gulf city and its growth as a city. The business of the city compared with the whole country is most gratifying. The Texas cotton crop for 1907-08 is estimated at 2,600,000 bales. The total receipts at Galveston were 2,633,439 bales. The percentage of Texas and Oklahoma crops marketed at Galveston was 97.7. The price of cotton on that market, highest last September 14-18; lowest last month 81-8. Galveston maintains its rank among the ports of the United States. It continues to stand next to the port of New York in the value of its foreign exports. It holds ninth place among ocean ports in the value of its foreign imports. During the year 1907-08 1,544 ships cleared the port. The port is served with thirty regular lines in the foreign service. 142,647 loaded cars were handled. The postoffice receipts exceeded that of last year \$3,000. 9,408 aliens arrived during the year. Its improvements continue of raising the

grade of the city, which when completed will cost over two million dollars, beside the \$1,500,000, the cost of the sea wall. During the year 74,126 people visited Galveston from interior Texas. Its water channel is no thirty feet, instead of 2 1/2 of a year ago. The strides made by Galveston in developing trade with the West Indies and Central America has attracted the attention of the whole country. People are just beginning to grasp the idea of the wonderful results may follow the opening of the Panama Canal. The geographical location of Galveston shows a natural advantage in favor of this port. If commerce, like water, seeks the course of least resistance, there is no question but what the gateway of the future for the products of the Western countries of the world will be found thro' the port of Galveston. All of which is highly gratifying to the people of Galveston, which only a few years ago was engulfed in a tidal wave of destruction, that seemed past redemption, and equally gratifying to every citizen of this great country of ours and especially of this southland of ours, as showing the great future that is in store for our people and section in the years that are coming.

THE GAME AT LESBURG

The Ocala boys of diamond fame and proclivities went to Leesburg yesterday afternoon and did up the aspiring youths of the diamond of that place to the sum of 6 to 5 and had not the rain ended the game in the seventh inning the score would have been much larger, however, as our boys had 'em on the run dead sure. Those of Ocala who lent their presence and inspiration to our boys were Messrs. Asher Frank, a roofer from the ark period, G. E. Crom, Harry Walters, Bob Taylor, Mr. Pedrick, Mr. Fort, Mr. Barse of National Biscuit fame and Henry Livingston of life insurance proclivities. The lineup of our boys was as follows: Howard Clark, pitcher; Raymond Bullock, catcher; Harry Bullock first base; Mr. Guerrant, second base; Sanford Jewett, short stop; Ed Bennet, third base; Frank Harris, center field, and Mr. Harlton, left field. The attendance was quite large and Leesburg certainly did the honors of the occasion all right and had hoped to tender our boys a dance but the weather prevented. Asher Frank was made official scorer, which he did to perfection, and it in no wise interfered with his fine rooting. Asher is never anything if not gallant when ladies are to be considered and seeing a fair piece of Leesburg femininity on the grandstand attempting to rescue her umbrella from the storm and her dainty person from the rain, Asher came to her rescue and did it so gracefully and gallantly that he not only won the sweet smiles of the fair rescued, but the plaudits of the soaked bleachers. The trip was a success and Ocala is literally strewn with honors while their gallant opponents of the pretty and attractive city of Leesburg are sure to the good in the esteem of all of our Brick City boys who enjoyed their hospitality.

HOW TO AVOID APPENDICITIS

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Sold by all dealers.

DAVID S. WOODROW REAL ESTATE AND INVESTMENTS Rooms 27 and 28, Holder Block Ocala, Florida

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch." Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

If you want to buy a home in Ocala, I can offer you one of the very few places on the market on Oklawaha avenue.

Frontage is 96 feet and the lot runs back 480 feet. House is one story containing five rooms, kitchen and bathroom; city water, gas, electric light and modern plumbing; stable and servant's house in yard. Price, \$2,300, half cash and balance spread over three years.

If you want to build a store building to rent I have a lot on Fort King avenue between the Pittman building and the new building just erected by Guerrant & Carmichael. Frontage is 43 feet by 110 feet deep. The building now on it is old but rents for enough to pay interest on the investment. Price is \$850.

OKARIDGE lots on the Shady Grove oak road and within the city limits can be bought for \$75 to \$90; 100 feet front by 125 feet deep; 10% cash and \$1 per week. Free deed in case of death. No taxes to pay until 1909. Map and prices on application.

WOODMAR. This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until Mr. Flagler sees the beauties of the place and then he can have it if he will pay the price. The streets are all planted to shade trees and water works installed—good water too. But a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

The Bryan and Kern Club will meet tonight at the courthouse. Several of Mr. Bryan's latest speeches will be given on the phonograph through the kindness of Mr. A. E. Burnett. It is also promised that several of our local orators will also orate on the democratic situation and prospects. The ladies are especially invited. Let us have a big crowd present.

Mr. Teneyck who is in the repair department of Mr. A. E. Burnett's jewelry store, has returned from his visit to his family at Daytona Beach and to DeLand, his old stamping ground of years ago. He said the growth and improvements on the J. B. Stetson University were marked indeed in the years since he saw it. The new business blocks are many, substantial and attractive, while the many new residences are pleasant to look at, and the university itself has spread out until it is a pretentious looking village all to its self. Mr. Teneyck had a most pleasant outing. His family have greatly enjoyed their stay at Daytona Beach and are enjoying the best of health. They will return to Ocala in a few weeks.

A successful surgical operation was performed last Wednesday by Dr. C. W. Lindner and son of Anthony on Henry Hogan, at his home north of Ocala, by amputating the right leg above the knee. At this writing the patient is doing finely. The patient had been troubled with the leg for nearly thirty years, but having a very strong constitution and willpower did not give up entirely until recently.

TO BE HAPPY
You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by Anti-Monopoly Drugstore.

FOR SALE
I am offering ten choice lots for sale at Eastlake. These lots have a frontage of seventy-five feet on New York avenue and 128 feet in depth. CANNING FACTORIES IN CANADA

As Filly as the Packing Houses Used to be in Chicago
Americans who are familiar with Canadian newspapers will recall the self-congratulatory attitude of the press of the Dominion over the American revelations. Canada turned the situation to her own advantage and assumed superior airs which Americans might resent, but which they were not in a position to contest. But Miss Margaret Carlyle has been making an inspection as to sanitary conditions in some of the canning establishments of Ontario and finds them far from even ordinary ideals of cleanliness.

OF INTEREST TO MANY

COLEMAN

Coleman truckers are very busy now getting ready to plant the fall crop of cabbage and beets, which will be much smaller than last season.

Most every farmer here has saved enough hay to do him for the next year, and has more than enough corn to do for twelve months. The potato crop around here is immense, and they are sold on the street every day, and some parties had enough to do them until the new crop came in.

Mr. Dan Leigh has nearly completed his new house, and will soon move to Coleman, where he will meet with a warm welcome.

Work has commenced on the new Baptist church, and all hope to see it soon completed.

Dr. Rice, who located here about a month ago and was taken ill with typhoid fever, has recovered, and is back at his post.

Mayor G. B. Tankersley and T. C. Covington are spending some time at Hot Springs, Ark., and after spending some time in Tennessee will be home about the 15th of September.

C. M. Watson and wife, who have been visiting in Georgia, have returned home, accompanied by Mrs. Jewel Wicken of Montezuma, Ga.

Sheriff Coleman, while out last Thursday night looking for two escaped prisoners, ran upon H. H. Wyse and Roy Oglesby about 2 a. m., and thinking they were the parties wanted, ordered them to halt, when they began to run, whereupon the sheriff, thinking he had found his prisoners, fired on them, and shot Mr. Wyse in the groin, from which he died at 2 p. m. Sunday and was buried at Adamsville Monday. The coroner's jury exonerated the sheriff from all blame. Mr. Oglesby has not been seen in this part of the county since. It was reported that he took breakfast in Dade City next morning after the shooting.

A BURGLAR IN TOWN

His name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound syrup. It may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1 per bottle. Sold by Anti-Monopoly Drugstore.

REWARD OFFERED

The city of Ocala will pay a reward of \$10 for information that will convict any person or persons of throwing or placing any glass bottles or glass of any description on the streets of Ocala. G. A. Nash, Mayor.

BARRED PLYMOUTH ROCKS

Exclusively. Farm raised. Fine shape, good layers. Stock and eggs for sale at reasonable prices. Mrs. W. R. Dreher, Micanopy, Fla.

A salve good for anything where a salve can be used—that's DeWitt's Carbollized Witch Hazel Salve. It cleanses thoroughly, keeps the pores open and heals quickly. It is good for anything where a salve is needed. It cools and soothes and is especially good for piles. We sell and recommend it. Sold by the Anti-Monopoly Drugstore.

Opportunity of buying a waist at big reduction knocks at your door. Don't fail to take advantage of it, at the Globe Monday.
