SHIP SOMEWHAT SHATTERED

Peary's Vessel Strained in a Storm Off
Greenland and May Not be Able
to Finish the Voyage

New York, Oct. 13.—Henry Johnson, Peary's first mate, arrived in New York from Greenland yesterday bringing the first oral news of the Arctic expedition that has been received since the North Pole seekers left this city last June. While out on the glacier at Etah, where the Roosevelt was taking on stores, and making repairs, Johnson was stricken with a chill in his knee and sank on the ice unable to walk. He grew worse rapidly and was obliged to start south to save his leg from amputation.

Johnson brings with him a letter from Peary to the Peary Arctic Club, which is reported to contain the progress of the expedition up to August 18 is said to be contained in this letter, with photographs and interesting data. Mr. Peary is reported to have expressed in the letter his complete satisfaction with the results of the trip thus far.

Fear for the Ship's Stability
A condensed diary of the expedition was kept by Johnson. The diary states that a hurricane encountered July 29 just off the coast of Greenland opened the seams of the Roosevelt at the bow to such an extent that several of the crew felt her to be practically unsafe for a rough voyage among crumpling icebergs. While the vessel was repaired partly at Etah before she steamed north, Johnson says her leaky bow caused apprehensions among some that she may not survive the perilous trip.

Shoot Thirteen Walrus
On July 21 the first iceberg was sighted near Turvick, along the south coast of Labrador. On August 6, near Etah, walrus were hunted all day and far into the night, the constantly shining sun making this possible. Thirteen of the animals were shot.

On August 2, at Cape York, Johnson relates that three Eskimo families and seventy Eskimo dogs were taken on board the Roosevelt, the men refusing to join the party unless their wives and children were taken along. When it was decided that Johnson must return home, Mr. Peary put two Eskimos in the cook's galley and transferred the cook to able seaman's duty, in Johnson's place. The Erik which had accompanied the Roosevelt on August 21, three days after Mr. Peary steamed north among the ice floes, Johnson returned on the Erik and will remain in New York until his leg is pronounced well.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor. For the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at all drugstores, 50c.

DEAFNESS CANNOT BE CURED
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c. Take Hall's family Pills for constipation.

AN ACROBAT ASSASSINATED
Charlotte, N. C., October 13.—F. Kikuchi, a Japanese acrobat, connected with a traveling show, was killed in the woods, two miles from Newton, Catawba county, yesterday afternoon.

George Sigman, a suburban citizen, heard six shots in the woods near his home and started out to investigate. As he entered a deep gully 200 yards from his home, Henry Yamagata, manager of the show, climbed the bank and pointing to the gully exclaimed: "There's a dead man down there." Mr. Sigman descended the cliff and found a dead Japanese lying under a pile of boards, hastily thrown over the body. He hastened to town and notified the sheriff.

In the meantime Yamagata ran to the show tent, changed his clothes and made off, boarding the Asheville train at the station. By prompt work Yamagata was arrested at Hickory, the next station, and brought back to Newton last night.

The dead man was featured in the show in connection with two little Japanese girls, and his alleged slayer was manager of the outfit. All were working under the direction of a booking agent at Buffalo, N. Y., and he was acquainted with the tragedy last night by the county officials. The new show people, closely questioned by the sheriff, knew nothing as to the murder or its motive. An inquest developed that there were five bullet holes in Kikuchi's body, all entering his back.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body.
Make You Ill, Languid and Depressed

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills.

Oscar Osterman, living in Starke, Fla., says: "I give Doan's Kidney Pills my highest recommendation, as they proved of more benefit to me than anything I had previously used. I suffered from kidney trouble for some time. The kidney secretions were too frequent in action, and I was forced to arise from six to eight times during the night on this account. I also suffered from backache, and was bothered by a pain through my loins. None of the remedies I used gave me the desired relief until I procured Doan's Kidney Pills. They soon helped me and by the time I had taken the contents of two boxes, the backache and pains had entirely passed away. The action of the kidney secretions soon became regular, and as a result I did not have to arise during the night as formerly. I now feel fifty per cent. better than before in a long time and cannot praise Doan's Kidney Pills too highly."

Plenty more proof like this from Ocala people call at "Tykes Cops" drug store and ask what their customers report.
For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no other.

FELL FOUR THOUSAND FEET

Miraculous Escape of Americans in the Great International Balloon Race

Berlin, Oct. 13.—The international balloon race, which started yesterday from the suburb of Schmagendorf, was the occasion of a thrilling accident, two American aeronauts having a miraculous escape from death. The American balloon Conqueror, the only American-built craft in the contest, having on board A. Holland Forbes and Augustus Post, less than two minutes after the start, burst at an altitude of 4,000 feet. For 2,000 feet it shot down like a bullet, and then the torn silk bag assumed the shape of a parachute, thus checking the rapidity of the descent. Coming close to the earth, however, the basket smashed into the roof of a house, but the two men escaped with but slight injuries.

DO IT NOW

Let Every Democrat Make His Contribution at Once to the Campaign Fund

Kansas City, Mo., Oct. 13.—W. J. Bryan in his addresses here yesterday referred to the Democratic campaign fund. He said: "Our platform declares in favor of publicity as to campaign funds and that publicity is to be before the election. We made an appeal for popular subscriptions and as a result we have collected something over \$160,000. In addition to this we received about \$40,000 from the Denver fund, that being the amount left of the \$100,000 given by the city of Denver to defray the expenses of the convention. That would make the campaign fund today between \$200,000 and \$220,000.

"This fund has been collected largely in small amounts. The people, each contributing a little, have furnished the money with which we are making this campaign. But we have three weeks yet and during those three weeks we shall need a considerable amount for the legitimate purposes of the campaign. We need \$100,000 more and it ought to be easy to collect that sum from the Democrats who endorse our platform and who are interested in Democratic success.

"A dollar apiece could be given by most of the Democrats without feeling the loss of it. Ten dollars apiece could be given by many thousands and we have many hundreds who could give from \$100 to \$500. Mr. Mack, chairman of the National Committee, joins me in making this appeal to Democrats throughout the country. Mail your check at once to Herman Ridder, treasurer of the National Committee, Hoffman House, New York, or to Norman E. Mack, chairman of the National Committee, Auditorium Annex, Chicago. If we can bring our policies to the attention of the public and get our forces organized we shall win a splendid victory."
