we have to say, that if the Crystal River board of trade keeps on growing and doing at its present rate, it will soon be the deep water port on the west coast, the city of prominence and ranking next to Tampa and the county seat of Citrus county. The Star wishes them luck.

POSTOFFICE ROBBERY

There has been trouble in the Silver Springs postoffice for some time past. Stamps in books disappeared and no one could ascertain who it was that took them. The government inspector was put to work and yesterday Postmaster Crom, of Ocala, Deputy Sheriff Hutson, U. S. Postoffice Inspector Williams and T. J. Bundrix, of the U. S. detective service, went out to Silver Springs and put Frank M. Brown under arrest. In putting Mr. Brown through the sweating process he confessed that in March he took \$24 worth of stamps and in June \$74 worth. He returned \$64 worth of them to the officials. Mr. Brown was brought to the city and appeared before U. S. Commissioner D. S. Williams and was put under a \$1,500 bond. Mr. Geo. A. Carmichael going on his bond. When the thefts were discovered and reported, the officials felt satisfied the stamps were used for purchasing merchandise in some of the big department stores and this was found to be the case. This theft created great surprise as Mr. Brown has lived in Marion county for years, is an industrious and hard working man, built the Silver Springs hotel and ran it successfully until a few weeks ago.

Prof. J. W. Lyles, who is serving by appointment as justice of the peace of the Ocala district, presents his card in the Star today for re-election. By education, judicial temperament and his splendid and honorable citizenship of over thirty years in Marion county he is in every way worthy of the serious thought of the voters of this district.

Mr. W. V. Ausley, who spent the past two years in Honduras, as manager of Mr. H. L. Anderson's turpentine farm and who returned to Florida several months ago, has a position with the Pettway's and will have charge of their Umatilla plantation. He will go down next week to take charge of it. Mr. Ausley made the Star a pleasant call and autographed for the weekly and speaking of his experience in Honduras said it was not very pleasant as he was removed 200 miles from a postoffice and for a number of months he was the only white man in his camp. His laborers were Indians. He said gum was very abundant in the forests, but at times the food supply grew very meager, as it had to be brought so far by boat and they came at such rare intervals that his larder was often scant. He said labor was plentiful at forty cents a day except during a few months in the year, when the workmen returned to their homes to plant their crops. Bananas were abundant and cheap, but to an American who had to subsist on them as a sole article of food, they palled, however luscious they are as a relish in this country. Sail boats came to the camp with supplies and returned with the turpentine for shipment.

J. D. Allen, the Lakeland well borer, was in town Monday on his way to Dunnellon. Speaking of Lakeland he said it continued to grow and really was real high. He told of a fine corner lot in the heart of the town that sold recently for \$4,000 to home people. Speaking of phosphate he said a fine deposit had been uncovered two and a half miles from Lakeland, west of the city on which an expensive plant will be erected next spring. He said that Lakeland was the coming city of Polk county.

Mr. Paramore and wife of Holder, who have been spending some time with friends at Moss Bluff, came to Ocala Monday and will return to Holder later. Mr. Paramore was quite sick when he went to Moss Bluff suffering with dengue, but returned in the best of health.

W. E. Martin, the veteran farmer of Moss Bluff, was in town Monday and said his cotton crop was a good one this season, about picked, but the prices are very low. The big gator is growing and waxing fat on the diet he receives. He said he takes rabbits and foxes at a gulp, hair and all.

Dr. Charles S. Miller, recently from Wildwood, is now located at Silver Springs and Fort McCoy people can reach him by phone. He is a competent physician and a pleasant gentleman.

You don't have to take your prescription to the druggist whose name is printed on the blank. Take it to any druggist—the best druggist. Bring it direct to us. The Corner Drugstore.

Mr. P. W. Knapp, a veteran in the sewing machine business of Tampa, is in the city and will boom the White Sewing Machine for Smith and Roberts, proprietors of the Ocala Furniture Company.

Bob Ferguson, the successful and modern farmer in the Berlin section, was in town yesterday and said his turkey crop this season will be large and the birds fat. Mr. Ferguson is noted for raising turkeys and always finds a ready sale for them.

Mr. I. J. Fort, of Oklawaha, was in town today and reported Clem Caldwell, the youth that was so seriously cut several weeks ago, as doing nicely with every prospect for recovery. The young man is stopping with Mr. Caldwell. Mr. Caldwell said the young man's recovery will be a monument to Dr. Henry's skill.

Mrs. Vance Weathers of York and her charming sister, Miss Bobbie Harrison, of Leesburg, were in town today, and returned home this afternoon taking with them an up-to-date phonograph.

FOR JUSTICE OF THE PEACE
I am a candidate for justice of the peace of the Ocala district at the coming November election. If elected, I will endeavor to do so act as to meet your confidence. Respectfully, J. W. Lyles.
FOR JUSTICE OF THE PEACE
I wish to announce to the public that I am a candidate for the office of justice of the peace for district No. 1, to be voted for at the general election, Tuesday, November 3rd, 1908, in place of the regular democratic nominee, Mr. Bishop, removed by death. I respectfully ask the support of the voters. Respectfully, Hal G. Eagleton.
FOR JUSTICE OF THE PEACE
I hereby announce myself a candidate for justice of the peace for district No. 1, and your support will be highly appreciated. C. M. Livingston.

DAVID S. WOODROW REAL STATE AND INVESTMENTS Rooms 27 and 28, Holder Block Ocala, Florida

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch". Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

If you want to buy a home in Ocala, I can offer you one of the very best places on the market on Oklawaha avenue.

Frontage is 96 feet and the lot runs back 480 feet. House is one story containing five rooms, kitchen and bathroom; city water, gas, electric light and modern plumbing; stable and servant's house in yard. Price, \$2,300, half cash and balance spread over three years.

If you want to build a store building to rent I have a lot on Fort King avenue between the Pittman building and the new building just erected by Guerrant & Carmichael. Frontage is 43 feet by 110 feet deep. The building now on it is old but rents for enough to pay interest on the investment. Price is \$850.

OAKRIDGE lots on the Shady Grove hard road and within the city limits can be bought for \$75 to \$90; 100 feet front by 125 feet deep; 10% cash and \$1 per week. Free deed in case of death. No taxes to pay until 1909. Map and prices on application.

WOODMAR. This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until another Mr. Flagler sees the beauties of the place and then he can have it if he will pay the price. The streets are all planted to shade trees and water works installed—good water too. Buy a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

Sleeves Much Be-Trimmed—Spangled Dinner Gowns Again Smart—Bordered Materials for Both Day and Evening—Beautiful Models in Evening and Carriage Wraps.

BY MONS GENE. DE PONTAC.

The question of length being settled for the sleeve, its ornamentation now comes in for attention, and many dainty variations of tuck, ruffle and button are introduced. The outer line of the sleeve is the spot wisely chosen for decoration—wisely, because it breaks the long, straight effect which might else be exceedingly unbecoming. Rosettes of lace are used for this decoration, buttons or little frills, and simulated braid or satin-bound buttonholes accompany braid or satin buttons. Long ruffles finish the wrist, falling over quite to the knuckles, and matching the neck ruff, which grows ever higher and deeper and more befrilled. One of the late fancies is to make the mosquito sleeve of soft satin matching the body of the gown, quite without regard to what the yoke may be.

While the vogue of black for street wear is very pronounced at the present moment, neither black nor white is as smart this year for dinner and evening gowns as are colors. Spangled gowns have revived after a brief semi-oblivion, and spangled net coats, both long and short, are worn over dinner gowns most effectively. There is also a new combination of heavy silk embroidery over spangles. The spangled gown is preferred for dinner wear, and ball gowns show more elaborate broderies of jewels and crystals. Lace is very little used this year, either for day or evening gowns—being replaced in the latter by net and tulle in folds or fine tucked bands, and these tulle folds are often in two shades, as, gray over pink or mauve over blue. The bordered nets make charming dinner or restaurant gowns—of pale tints with

printed floral borders, or deep woven-in lace borders in varying shades of the same color. Many elaborate evening gowns will be made of sheer silk voile, and there is a stunning new fabric, much like the grenadine of the past, with a woven-in band of fancy net on which is a silk Cluny pattern with a distinctly Spanish effect.

Bordered materials are seen among the new woollen stuffs as well as among the sheer materials, and dotted broadcloths are shown in many of the shops but do not seem to arrive at any great degree of popularity. The newest materials for street wear show a decided reversion toward mannishness—rough tweeds, worsteds, diagonals and chevots.

Evening wraps and carriage coats are things of beauty this season, for the wonderful shadings and drapings of the lustrous new broadcloths, supple velvets and shining satins are peculiarly adapted to these garments. Black is high in favour, being of course more serviceable than anything else, and can be made both effective and youthful by a lining of white or vivid colour—carnation, peacock, or gold. Touches of the colour show in the facings of the wide draped sleeves, and gold or silver is introduced in a yoke, or in ornaments and pendants. The pale rose shades, trimmed with black satin, fur, gold and silver are always delightful by evening light, and the gold and pinkish yellow tones are exquisite. A very practical garment is a new military cape of broadcloth with high Directorate or military collar, fastening with frogs. Light shades of broadcloth are used for these capes, with collar of contrasting shade touched up with gold.

It is to be much used for trimmings and appears in all sorts of spangled garnitures—little Empire jackets, square berthas with long ends, and all sorts of shades which can work wonders of effect over a plain princess gown.

Mr. C. Swearingen of the Levon section was in town Saturday, bringing with him Henry Houghens, who thro' while swelling lost his leg some weeks ago. Mr. Swearingen took Mr. Houghens' family home, wife and four children, until other assistance came to the unfortunate man. Mr. Houghens was brought in to have Dr. Lindner dress his amputated leg.

We have a fine assortment of Alfred Wright's perfumes and talcum powders. The Corner Drugstore.

FRIENDLY ARGUMENT ENDED IN A FIGHT

L. D. Howell, a Jacksonville Justice, Badly Wounded by W. R. Coulter
L. D. Howell, justice of the peace for the tenth district and one of the rising young attorneys of the city, was shot and dangerously wounded shortly before 2 o'clock this afternoon by W. R. Coulter, a clerk in the office of E. E. Willard, justice of the peace of the eleventh district. After he was shot Howell wrested the revolver from Coulter and shot him in the breast. The shooting occurred in the Washington Cafe, a Chinese restaurant at 415 West Forsyth street.

A CONSULATE ATTACKED

Montegrins Make a Demonstration that May Cause Their Country Serious Trouble
Budapest, Oct. 13.—The Austrian consulate at Antivari, Montenegro, was attacked yesterday by a mob which tore the Austrian coat of arms from the door of the consulate, burned it in the street and then sacked the building. The authorities rescued the attaches of the consulate just at a time when their lives were in the greatest peril. Two Austrian warships are now en route to the scene.

A SHAKING UP

ALL ARE INTERESTED

Many People Going to the Jacksonville Carnival October 26 to 31

Much interest is being taken throughout the state in the carnival that is to be given under the management of some of the Jacksonville newspaper men, and the prospects are that the metropolis of the state will be crowded with visitors during the week of the carnival. This year the Carnival will be given October 26 to 31, inclusive. Round trip rates of one fare, plus 25 cents, will be given by all the railroads and steamboat companies running to Jacksonville. These tickets will be sold daily and will be good returning up to midnight of November 1. The carnival promises to be the best ever given, and that is promising a great deal, for the carnivals given in past years have certainly pleased the crowds of visitors who have attended. Judging from the Jacksonville papers, the people of that city have all given the carnival spirit, as they call it, and all are co-operating to make the carnival a big success. These celebrations afford people from all parts of the state an opportunity to meet in Jacksonville, and besides being entertained and amused, to renew old friendships and form new ones. It also gives them an opportunity to see the fall and winter styles and do their shopping. The low rates given by the transportation companies will be appreciated by those who intend to visit Jacksonville.

A JEWELER'S EXPERIENCE

C. R. Kluger, The Jeweler, 1600 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies failed. Sold by all dealers."
