BRINGS BACK SPLENDID NEWS

Mrs. J. W. Hopkins, of Ocala, who has been visiting friends in Union Springs and Montgomery, Ala., returned home yesterday. At Carrollton she visited Mrs. Chisard and her boy, Fred Powell, who, it will be remembered by many of our people had about lost his sight while in this city a year ago and who was assisted by the King's Daughters and other kind friends and sent to Atlanta, where he was treated by Dr. Calhoun and sight was restored to one eye. Being a young man of fine principles and religious inclinations he became a great worker in Sunday school and prayer meetings and church and was taken in hand by the M. E. church in Atlanta and sent to Carrollton, Ga., the church there being without a pastor for three years. His work there has been almost marvelous. He revived the church, strengthened it greatly and made it a power in the town and is listened to with wonder and conviction. Old men, who had left the church, have been recalled and re-consecrated and his work for good is the talk of the town. Mr. Powell proposes to extend his usefulness in the ministry by securing a better education and more fully and effectually preparing himself for the ministry and on January 1st he will leave for Virginia, where he will prosecute his studies. The president of the institution told him to come on and his tuition would be free and expenses Mr. Powell will trust in the Lord and is confident he will not desert him. Mrs. Hopkins heard him preach and noted his large and attentive congregations and the great and good work he has accomplished in a short time and the results are the theme of constant conversation among the people. Mrs. Hopkins said this one case of aid to a worthy man by the King's Daughters of Ocala would incite them to keep up their good work and the results of their efforts would bear abundant fruit. She said Mr. Powell will never forget his gratitude and appreciation to the good people of the Brick City, who will ever pray for them and sing their praises for the health and happiness and usefulness they have given him to be useful to his fellow men.

BUCKNER-MOFFATT

The DeLand papers of last week contained a lengthy and growing account of the marriage in that city of Miss Augusta F. Moffatt of that place to Mr. J. Marshall Buckner of Nashville, Tenn. The marriage was a most brilliant one. The bride is a daughter of Mr. C. W. and Mrs. F. L. Moffatt. The bride was a former resident of Ocala and a student in our school and is pleasantly remembered by those in her class. Since leaving Ocala she has been a resident of DeLand and a honor graduate of John B. Stetson University. The Star with her host of Ocala friends wishes the couple a long and happy life.

WANTED

The King's Daughters are in need of clothing for four children, aged four to thirteen years, a woman and a man. Members of the King's Daughters and those interested in their work of relief, will send such articles as are needed to Mrs. C. L. Bittinger.
Mr. W. R. Dreher, from the Geiger section, the successful farmer and truck grower and who with the assistance of his wife is doing a most successful business in chicken raising, was in town yesterday and made the Star an appreciated call. He said the truckers in that section had planted a good acreage of peas and beans, for which his section of Marion is noted. Mr. Dreher is one of the enterprising, progressive and intelligent citizens of our county and one whom it is a pleasure to meet.
Mr. and Mrs. L. L. Aiken, of Rock Springs, who spent the summer at Rookville, Ga., their old home, returned to Ocala last evening and are comfortably located at the Carlton House. They had a splendid time among their old friends and enjoyed all the fruits of the season. While there Mr. Aiken attended the reunion of his old regiment, the 1st Georgia, which was held in the city of Ocala last evening and he served gallantly during the war in Company K, 24th Georgia Regiment. Mr. Aiken brought home with him a number of bolls of Georgia short staple cotton, splendid specimens of that product, almost as large as a teacup. Speaking of politics in the Empire State of the South, Mr. Aiken said Tom Watson had a large following. Mr. and Mrs. Aiken's health has improved greatly while absent. Mr. A. who was under the care of a physician when he left here, has entirely recovered.

THE PISTOL TOTER

The Jacksonville Metropolis contains a very suggestive cut in its issue of October 13th. It presents the form of a large dog, strongly leashed, with the words of the dog's collar, "the law." In front of him is the form of a man with a repulsive face and in his hip pocket can be seen the butt of a pistol. Above the dog stands the arm of justice holding a knife ready to sever the leash of the dog, so that the animal may pounce on the pistol toter. The heading of the picture reads: "Public opinion; cut the rope." Artist Muhlem no doubt had in mind the recent shooting scrape in Jacksonville, when Attorney Coulter drew his pistol and shot his friend Howell over a trivial misunderstanding. Yes, the law should come down flat-footed on every pistol toter in the land. There is not a shadow of excuse for one man in a thousand in the state of Florida to carry a pistol. Invariably when men get under the influence of liquor and have quarrels they use the pistol and in most instances end the life of their victim. The reckless use of the pistol is becoming epidemic and the disease should be stamped out. It is a dangerous habit and should be frowned down.

SYMPATHY AMONG FLORIDA EDITORS

As shown by the exchanges there is less friction, more harmony, sympathy and good fellowship among Florida editors than in any other state—Crystal River News.
Why not? All the sunshine and comforts ordinary mortals have a right to expect, we editors in the "Land of Flowers" enjoy.

THE LEESBURG COMMERCIAL

The Leesburg Commercial had an interesting account last week of the 79th birthday of Rev. Josephus Anderson one of the distinguished ministers of the M. E. church, South, and a resident of that town. He is known the length and breadth of the commonwealth and has numerous friends over the state who will join with the good people of Leesburg in extending congratulations. Dr. Anderson's Leesburg friends made him a present of a well filled purse.

THE STAR IS PLEASED TO NOTE

That a number of residence owners on Fort King avenue are having their shade trees trimmed, notably Mr. Chambliss, Mr. Chazal and Dr. E. Van Hood. We trust others will follow their example, as it certainly does improve the appearance of the street, besides letting in the sunshine to sweeten the atmosphere around their homes.

MR. S. L. FRIDY AND WIFE

of Reddick, were shoppers in the city yesterday. Mr. Fridy is one of the prosperous merchants of a very rich section of Marion county.

INJUNCTION ISSUED

On Saturday morning of last week Judge Bullock issued an injunction against the board of county commissioners on a bill filed in the circuit court by the Clark-Ray-Johnson Co., D. A. Clark, Walter Ray, H. L. Anderson, J. K. Kelley, West, Coffee & Co., R. L. Turner, Drew Edwards, J. D. Turner, L. Thompson, H. R. Wilson, T. S. Henley, R. O. Hicks, J. A. Hampton, J. Buttgenbach & Co., the Dunellon Phosphate Co., the Camp Phosphate Co., Edward Holder, Schilman & Bene, Oxford Crute Co., F. J. O'Hara, W. M. Brooks, Knight Turpentine Co. and the Pine Lumber Co.—the injunction being to restrain and enjoin the county commissioners from contracting for the construction of the hard surface roads contemplated to be built by the board from Lecanto to Homosassa and from Floral City to Inverness, and service of the same was made by Sheriff Carter on Mr. George, chairman of the board, at its meeting last Monday—Inverness Chronicle.

The article goes on and says it is a long bill covering seven typewritten pages; that complainants pay nearly one-half of the taxes of the county; that the road fund is depleted; first of September there was only \$12,386 in the treasury; that at that time county board owed the Crystal River Bank \$5,000 and the Citrus County Bank \$2,000 and outstanding contract to complete which would cost \$4,000 more, namely, hard road from Dunellon to Inverness and Red Level to Crystal River, on which indebtedness the county is paying eight per cent interest; that other road contracts are contemplated running road indebtedness to \$32,000; that the road fund collected is \$11,000 a year; to say nothing of interest; that the fine and forfeiture fund has been expended. It is the purpose of those bringing the injunction to prevent the board paying interest on money already borrowed; also to restrain said board from accepting bids and making contracts for building more roads. These parties hope on the final hearing of the case for a perpetual injunction. It will make a lively legal fight on its final hearing.

A JEWELER'S EXPERIENCE

C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies failed. Sold by all dealers.

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch." Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

PROTRACTED MEETINGS

Left Ocala for Durant, east of Tampa, on the 23rd of September, 1908, and arrived there safely and found friends who welcomed us heartily. Soon had ourselves in good quarters and well fixed for the meetings. The meeting commenced on the 24th. It was run on protracted lines. It would do the honest soul good to hear the earnest preaching, singing and praying. All who went to the altar were seeking God's best. Some were seeking justification, others sanctification, and others the baptism of the Holy Ghost. We cannot tell the number of those blest. It was a grand meeting. Glorious were the results. We heard a party say, she never was in such a glorious mood. Many spoke in many known tongues, as the spirit gave utterance. The blood of Jesus was a prominent factor emphasized by one and all in each work of grace. Many were present all the time. The meetings ended there on the 4th day of October, 1908. We had a call to go to Levon, in Marion county, Florida. The devil was stirred up, we do tell you. He is the arch fiend, but God won't let him win. The truth was preached and fully presented to all anxious people who are many of them, desirous of obtaining all God has in store for them. Many seemed to forget that "He that speaketh in an unknown tongue speaketh not unto men, but unto God, for no man understandeth him; how blest in the spirit he speaketh mysteries." A sister Francis was there with us all the time. God be praised for a glorious victory in Christ. I. W. Ogilve.

COLD WEATHER ADVICE

Price 25c, 50c and \$1.00 per bottle.

WOODMAR

This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until another Mr. Flagler sees the beauties of the place and then he can have it if he will pay the price. The streets are all planned to be laid out and water works installed—good water too. Buy a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

Afflicted With Sore Eyes for 33 Years

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthia, Ky. Chamberlain's Salve is for sale by all druggists.

ANNUAL MEETING TURPENTINE OPERATORS' ASSOCIATION

The turpentine operators are holding their annual meeting in Jacksonville today and tomorrow, and of it the Metropolis of Monday says: There is every indication that this convention will be the most important any held since the organization of the association, and that it will also be the largest attended of any ever held. The naval stores industry has reached the lowest ebb since the organization of the Turpentine Operators' Association, and at the prevailing prices it is impossible for those engaged in it to operate and make money. Therefore, it is necessary that the operators and others interested come to some agreement to bring about a better condition. It is the general belief that an agreement of this kind will be reached at the annual convention. It is expected that the evening session will be devoted almost entirely to matters concerning the new naval stores marketing company, which, it is reported, will be organized and ready for business by November 1, 1908. The committee which has been at work securing subscriptions to the capital stock of the new company, will submit a report showing what has been accomplished, and it is expected that several addresses will be made by some of those who are well posted regarding conditions. All admit that the organization of the naval stores marketing company is of vital importance to the turpentine operators and all will be pleased to learn that at the big meeting in New Orleans, a member of the organization committee made the following statement: "The committee has had correspondence with 2,100 consumers, the largest in the world, 450 operators and more than fifty large banks, and in every instance the most enthusiastic support has been given to the movement." The interest in this meeting of the Turpentine Operators' Association is shown by the large number of letters received by the secretary from operators and others interested in the naval stores industry, stating that they will attend the convention. Not only from the operators in Florida, and Georgia, but from those in Alabama, Louisiana and Texas, have come assurances that the writers will be present. All realize that the operators themselves must take the initiative.
