SHALL CARN BE ELECTED

Reports are numerous from various portions of Marion county that efforts are being made by the liquor men of this county to defeat Mr. W. D. Carn's election to the legislature because of his pronounced temperance views. Mr. Carn is one of the nominees of the late democratic primary for the legislature. He received the largest vote of any candidate who made the race. His position was known to every voter in the county who desired to know how he stood on the liquor question. He was a pronounced advocate of state prohibition in the campaign of last June. He was the champion of prohibition during the wet and dry campaign of last January and no man did better or more conscientiously for the cause, if it did go down in defeat.

The question now is, Mr. Carn being one of the nominees of the democratic party at the late primary, is he not entitled to the office? Every man who voted in the primary is in duty and honor bound to vote for Mr. Carn at the November election. No amount of reasoning can release that voter from his obligation. No matter what is the argument used the man who voted in the primary took an implied obligation to vote for its nominee at the general election.

Because the party in the local democratic ticket is no excuse for repudiating Mr. Carn. Mr. Carn is the nominee of the democratic party of Marion county and every sense of honor and pride should induce the voters of this county to see that he is elected.

If we believe in honorable dealing with our fellow men then surely we cannot afford to repudiate the action of the late primary. Mr. Carn is an admirable citizen and in every sense qualified to fill the high and honorable position to which the late primary has nominated him and we cannot see how any man who voted in that primary can go back on Mr. Carn in the November election.

THE PROPOSED FAIR

It is very evident that if we are to have the proposed county fair there must be cooperation of town and county. What Ocala will need to make the fair a success is exhibits. Those who have them are the farmers. They should have enterprise enough to supply the articles which they grow and the town supply the premium money.

The fair will be of interest and profit if those who attend will come with a purpose to see and compare. It will not only be of benefit to the exhibitor, who will receive a premium winner, but to those who compete and to those who desire to see in what particular such exhibitor has excelled.

It has been said that the only party whom this fair will benefit is Ocala. This is an erroneous impression; one cannot receive benefits without the other sharing. Let us all unite to make the proposed county fair a success; it can be done and to the credit of all if we will become interested in it and work together.

In this connection the Star desires to call the attention of all especially the country people, to the fair meeting in the courthouse Monday night at 8 o'clock.

Our prominent turpentine operators are in Jacksonville today engaged in forming an export company to handle naval stores and through their action advance the price of turpentine, which operators say is bringing less than it costs to produce it. It is alleged that artificial methods have been adopted by parties who virtually control the business to make a price on the commodity that is ruinous to the producer. It is easy to see if all the operators can be made to see their interest in the business by combining in their output and sales, the price of the article can be advanced. We trust these men will act wisely and to the best interests of their business, which, in this case, represents millions of dollars in the state of Florida.

The good result of extra fine seed corn is illustrated in Nebraska by a farmer who last fall paid \$15 for one ear shown at the state fair, supplemented by eight bushels of the same variety, for which he paid \$15 a bushel in the yield of his crop this season that made an average of ten bushels to the acre on sixty-four acres over and above any that his neighbors grew. This demonstrates to him that it paid to plant the best, regardless of cost.

The Tampa Tribune is issuing a series of splendid illustrated editions and write ups for South Florida counties. In last Sunday's edition it took the county seat, and did it up in a manner highly creditable to the writers and the resources of the county. Thousands of copies of the editions will be used for circulating in states north of us and is bound to produce results. The Tribune is ever mindful of the material interests of South Florida and is a potent factor in its development and progress.

H. D. Smith, who recently sold his city bakery to Mr. Vaughn, has been on a prospecting tour, taking in Jacksonville and Perry county. He said Jacksonville was a hummer and growing at a rate that makes a man set up every morning and take notice. Perry, he said, was growing nicely and has a bright future. Mr. Smith will determine in a day or two where he will locate.

Marion L. Payne, the successful farmer of the Fairfield section, was in the city yesterday with Mrs. Payne on their return from a visit to their daughter, Mrs. P. W. Green, near Belleview, where they went to spend some time with their new grandson, acquainted Mr. Payne had a word to say about his corn crop, the best he ever grew, and was interviewing our merchants to see if he could not dispose of his surplus.

Jim Swift, accused of killing Henry Long at the big Pedro mill in December, 1904, was given a preliminary hearing before Judge Bell yesterday afternoon and bound over to the grand jury. R. A. Burford appeared for the defense, but he had no case.

CHICAGO CUBS THE CHAMPIONS

Chicago, Oct. 15.—By defeating Detroit yesterday afternoon, 2 to 0, the Chicago team of the National League retained its title as the champion baseball team of the world. Detroit snatched one victory out of the five games played.

The Chicago team, according to the critics, showed superiority in every department of the game in the series as a whole, although this superiority was not so apparent on the day that Detroit batted a victory off Pfister's curves. Detroit was handicapped by Schmidt's inability to cut down runners at second and by the failure of her heavy hitting outfield to bat when hits meant runs. None of the Detroit pitchers seemed able to consistently puzzle the Chicago batsmen.

Throughout the series Chicago's hitting was opportune. The occasions were rare when with men on bases and runs needed, a Chicago batsman was not there with the needed hit.

The games were singularly free from squabbling and on only two or three occasions were the decisions of the umpires questioned.

A JEWELER'S EXPERIENCE

C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies failed. Sold by all dealers."

FARMERS' UNION

The following Farmers' Unions held a meeting today in the courthouse, Dr. Snow of Pedro presided. Messrs. Jennings and Jones represented the Fairfield union; Messrs. Pearce and Snowden, Fellowship; Messrs. Denison and Wright, Nichols and Deans, Pedro, and Messrs. Luffman, Cahoon and A. B. Halseil, Griner Farm.

SHE LIKES GOOD THINGS

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as my family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at all drugstores, 25c.

STANDING ON THE PLATFORM

Democratic Committee is Publishing Names of Contributors to the Campaign Fund

Chicago, Oct. 15.—The campaign fund of the democratic national committee and the names of all contributors of \$100 or over will be made public by Treasurer Herman Ridder in New York today. Since the publication last Thursday of the contributors of \$500 and over together with the total amount of the fund then in the committee's treasury there have been several large contributions and the total amount is now about \$245,000. The publication of contributions of \$100 and over is in keeping with the Denver platform. After today the committee each day will publish the larger contributions. The bulk of the democratic campaign contributions has been raised by dollar contributions to the democratic press. The largest single contribution which was made this week was \$10,000 from Tammany Hall.

COLD WEATHER ADVICE

All is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. Sold by Anti-Monopoly Drugstore. Price 25c, 50c and \$1.00 per bottle.

HEALY IS AUTHORITY

For the Report that Keefe Sold Out to the Republicans

New York, Oct. 15.—The democratic national committee issued a statement last night quoting Timothy Healy, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that D. J. Keefe has been promised by the president an appointment as commissioner general of immigration in return for the labor leader's support of Taft.

The national committee has promised to make known its informant if the charge should be denied as it has been both by Keefe and from the White House.

Healy says he was in Washington last week on business which brought him in contact with an official of high standing in the government service. Healy claims that official "said to me, 'Dan Keefe has been selected for commissioner general of immigration.'"

NATURE TELLS YOU

As Many an Ocala Reader Knows Too Well

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney pills.

Doan's Kidney Pills cure all kidney ills. Mrs. Ella Rotheroe, living at 291 W. McCormick St., Gainesville, Fla., says: "I suffered from dragging pains in my back for some years. I was in almost constant misery, and after the usual treatment I could not move about. The secretions from my kidneys were also irregular in action, and caused me further annoyance. Any cold always aggravated my trouble and at such times I would suffer severely. A friend finally advised me to try Doan's Kidney Pills and I did so. The first few doses of this remedy gave me relief, and when I had used the contents of one box the pains had disappeared, and the kidneys once more acted in a normal manner. I am glad to give Doan's Kidney Pills the credit for bringing me back to good health."

Plenty more proof like this from Ocala people. Care at Tydings & Co's drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A new line of renting wheels; 15c. per hour. B. F. Condon.

COUNTY COMMISSIONERS

Official Report of the Proceedings at the October Meeting of the Board

Ocala, Florida, Oct. 6, 1908.

The board of county commissioners met on this day. Present: John L. Edwards, chairman; S. R. Pyles, J. M. Mathews, C. W. Turner and N. A. Fort, commissioners.

Minutes of the last meeting were read and approved.

On motion it was ordered that J. H. Brass be allowed pay for seventeen days as ferryman at Stokes Ferry.

The petition asking for the establishment of the Ft. Drain and Millwood road was laid over until the next meeting of the board.

The public road from Pedro to Levon was granted and ordered opened.

The commissioners heretofore appointed to view and mark out the best route for a road from Belleview to Lake Weir made their report, which report is as follows:

To the Hon. Board of County Commissioners of Marion County, Florida: Gentlemen—We, the undersigned commissioners, appointed to view and mark out the best route for a public road from Belleview to Lake Weir, beg to report that we have examined the said route and marked out as the best and most practicable route the following:

Commencing at a point 4 chains east of the northwest corner of section 32, township 16, range 23, east, thence south 67 degrees, east through sections 32, 33 and 34, in township 16, range 23; also running through sections 3, 2, and a half of section 1, in township 17, range 23, intersecting a street running east and west, by the Baptist church, and being a distance of 4 3/4 miles and 4 chains at intersection of said street.

Respectfully submitted, JOHN L. CARNEY, A. L. IZLAR, CHAS. A. TREMERE, Committee.

Which report was duly adopted by the board, and the clerk ordered to post notices as required by law.

The petition asking for road from Rocky Sink to Ocala was refused.

The hard road overseer filed his report, which is as follows:

Mr. John L. Edwards, Commissioner in Charge of Hard Road Work in District One, Marion County, Fla.: I beg to submit the following as

my report for work and expenditures for the month of September, 1908.

Eight days of September I worked on the Ocala and Summerfield hard road near Belleview. I then moved camp and located same over on the Ocala and Dunnellon hard road, about four miles southwest of Ocala. My first work on this road was to grade down one hill and make a fill that took me one week to complete. I then commenced road building at a point on the Shady Grove road where said road turns south, which is about three miles out from Ocala. I have built about one-quarter of a mile of road; have pit in very good working shape. I find that I am going to have a lot of grubbing of stumps and trees along this road, which I am afraid will retard the progress of the hard road building unless more help is put on the work.

My expenditures for this month, including all bills, feed of prisoners, mules, hire of free labor and guards is eight hundred and thirty-five dollars and forty-four cents. My road account at bank is overdrawn to the amount of \$43. Think \$225 will pay this and run me through October.

Respectfully, W. M. LUCIUS, Overseer H. R.

Commissioner Pyles filed his report of the poor farm, which is as follows: Poor Farm Report for Month of September, 1908.

Ocala, Florida, Oct. 6, 1908. To the Honorable Board of County Commissioners:

I beg to submit this my report of the county poor farm for the month of September.

Owing to business calling me away for a few days, I didn't get to visit the farm, and this is made up from interviewing Superintendent Priest.

Our inmates are eleven, four white and seven colored. John Fisher came to the farm from the Ocala House on the 11th of September and died on the 16th, and one, Early Galloway, also colored, died on the 21st. The Frenchman, August Manier, was honorably discharged on the 15th of September. One Abraham Johnson, colored, a blind man from McIntosh, having been brought here by the citizens of that place on the 4th of October, was admitted, and I recommend that the board accept him into the farm.

Our crop of corn has been gathered, it amounting to 200 bushels, and 15 bushels of pindars have been gathered for seed. Hogs are now on the pindars and looking very nice. Sweet potatoes promise a good crop, together with a good prospect for a garden. I am glad to report that the health of the inmates is good. Fence repairing, and some general repairing is being done.

Hereto attached find financial report. Superintendent, \$35; hired help, \$23.45; cooking, \$14; washing and ironing, \$9.50; nurse, \$10; Helvenston & Pasteur, \$9.91; Ocala Wagon Works, \$1.80; Melver & MacKay, \$7; Martin & Carn, \$9.60; Dr. W. V. Newsum, \$1; Ocala Furniture Company, \$5; Sumner Lumber Company, \$6.27; L. P. Olin, \$18.58; S. B. Brooks, \$27.33; Tydings & Co., \$6.40; H. G. Hastings & Co., \$2.50. Total, \$187.34.

Respectfully submitted, S. R. PYLES, Com in Charge.

A petition requesting the county commissioners to grant J. Y. McKinney the privilege of placing temporary gates at the places on the road-entrance to and exit from his property, said gates to be replaced in six months by his automatic gates. The said McKinney agreeing to construct these gates and maintain them in good working order at his own expense, and exempts the county from all claims for damages from the gates being left open. The petition was granted.

It having been brought to the attention of the commissioners that J. W. Fort had been improperly using his firearm on the public highway and having plead guilty to this offense in court, it was upon motion ordered that the license be and the same is hereby revoked, and the clerk of this

V. Newsum, \$1; Ocala Furniture Company, \$5; Sumner Lumber Company, \$6.27; L. P. Olin, \$18.58; S. B. Brooks, \$27.33; Tydings & Co., \$6.40; H. G. Hastings & Co., \$2.50. Total, \$187.34.

Respectfully submitted, S. R. PYLES, Com in Charge.

A petition requesting the county commissioners to grant J. Y. McKinney the privilege of placing temporary gates at the places on the road-entrance to and exit from his property, said gates to be replaced in six months by his automatic gates. The said McKinney agreeing to construct these gates and maintain them in good working order at his own expense, and exempts the county from all claims for damages from the gates being left open. The petition was granted.

It having been brought to the attention of the commissioners that J. W. Fort had been improperly using his firearm on the public highway and having plead guilty to this offense in court, it was upon motion ordered that the license be and the same is hereby revoked, and the clerk of this

board directed to notify the said Fort of such action of the board.

The petition filed before the board requesting them to change the old wire road commencing at a lot running on section line between 19 and 30, and running the road about 100 yards east to the railroad, thence down the railroad a distance of one mile to connect with the said wire road at Dallas crossing, was laid over until the next regular meeting of the board.

The petition asking for a public road from Calvary to Sady was refused.

The petition asking for a road from Lynne to Wellhorner, commencing at the northeast corner of Wetherall's place, and from the Norwalk road in front of Wellhorner's, was laid over until the next meeting of the board.

Petition requesting road from Mic-anopy to McIntosh through Mr. Smith's lands, was referred to Commissioner Turner to investigate and report at the next meeting of the board.

The board thereupon adjourned until Wednesday morning at 8 o'clock.

Wednesday

The board met pursuant to adjournment with all members present.

Upon motion it was ordered that a letter from Mr. J. T. Lewis, inspector of convicts, be copied in the minutes and report of Commissioners Pyles and Edwards be also copied.

Office of Supervisor of State Convicts, Moss Bluff, Florida, Sept. 23, 1908.

Hon. John L. Edwards, Chairman of the Board of County Commissioners of Marion County, Florida:

Dear Sir—On September 22nd I visited the county camp of E. P. Rentz Lumber Company at Silver Springs, Florida, where a number of Marion county prisoners are worked. I found a prisoner, Westley Bell, a three-months man, who, on September 11th, got his foot mashed by getting it caught under a railroad iron, and up to my visit had had no physician to attend him. I examined the man's foot and consider it a very bad wound, and unless it is very carefully handled he will probably lose his foot. I ordered the man in at once, and took the matter up with your county physician, Dr. Newsom. I called the attention of the captain to this cripple. He said they had no doctor, and thought it had not been necessary. I called his attention to rule No. 7, as to the duties of contractors, captains, etc., in cases of this kind, or sickness of any other nature. This rule, in my opinion, has been grossly neglected, and the prisoner the sufferer, and should he lose his foot from this negligence he will certainly have a good case against the county and the county against the company for damages. Rule No. 1 has been ignored in part, that of clothes and shoes. Rule No. 14, which is the statute law of the state, is violated at this camp. This I have taken up with the captain from time to time, but it is still being violated. I also find, along with the others, that rule No. 22 is not being carried out. I do not like to take these matters up with the governor, and will not if we can get results without it. The bedding is not what it should be, and not up to the standard. This I have continually kicked on, and conditions have improved some in this particular, but not enough. I found a lot of bedbugs on the mattresses, etc., and the captain got right in behind them. I do not want to advise you, but I do think it will be well for you to appoint some member or members of your board to inspect this camp once a month, or oftener if necessary. It will be a pleasure to me to assist you in any way that I can. I certainly insist that all rules approved by the governor as to county prisoners be
