Kodol

For Dyspepsia and Indigestion

If you suffer from indigestion, dyspepsia, gas on the stomach, belching, sour stomach, heart-burn, etc., a little Kodol will relieve you almost instantly

Kodol supplies the same digestive juices that are found in a healthy stomach. Being a liquid, it starts digestion at once. Kodol not only digests your food, but helps you enjoy every mouthful you eat. You need a sufficient amount of good, wholesome food to maintain strength and health. But, this food must be digested thoroughly, otherwise the pains of indigestion and dyspepsia are the result. When your stomach cannot do its work properly, take something to help your stomach. Kodol is the only thing that will give the stomach complete rest. Why? Because Kodol does the same work as a strong stomach, and does it in a natural way.

So, don't neglect your stomach. Don't become a chronic dyspeptic. Keep your stomach healthy and strong by taking a little Kodol. You don't have to take Kodol all the time. You only take it when you need it.

Kodol is perfectly harmless.

ENTHUSIASM IN ILLINOIS

William J. Bryan's Trip Through His Native State Was Made in a Blaze of Glory

Chicago, Oct. 20.—W. J. Bryan arrived in Chicago last night at 8 o'clock in a blaze of glory after an all day trip through Illinois. An immense throng assembled at the union depot to greet him as his special pulled in an hour and fifteen minutes late and in the crowd to do him honor were a large delegation from the Cook county Democracy, members of the national committee and all the local Democratic candidates, including the candidates for congress, who escorted him in fifty automobiles to Pilsen park, where he addressed a great throng. As he emerged from the station a great quantity of red fire and Roman candles were set off and all the while wildly cheering. As the long procession of motor cars passed down the street, their occupants continued the pyrotechnic display from Pilsen park, the Democratic candidate was escorted to Arcade Hall where another big crowd was on hand and accorded his own ovation.

Will Have a Working Man in the Cabinet

In the Pilsen park audience were laboring people. "If I am elected president," said Mr. Bryan, "and the more I travel and mingle with the people, the more I am convinced that I will be elected—if I am elected, I intend to have a secretary of labor as a member of the cabinet. The affairs of the working men of this country are too great not to have a representative on the president's advisory board. From this secretary, I should seek advice on legislation of interest to the working man."

Which is the Most Honest Way?

Taking up the subject of publication of campaign funds, Mr. Bryan said: "I asked a large audience whether they were in favor of the Republican method of publishing contributions after the campaign or the Democratic way of publishing them before. I asked all in favor of the Republican way to hold up their hands. Not one hand was displayed."

The feature of Mr. Bryan's journey through his native state of Illinois was the accusation repeatedly made that the Republican party was now preparing to purchase the election. The statement first made at Joliet was a distinct sensation. The Democrats, he said, were asking only for \$100,000 with which to finish the work of the campaign while the Republicans were asking for a million. "What do they need the money for now?" he inquired and answering his own question he declared that it was for an election day "as they have used it year after year."

The trip to this city from Lincoln was made via St. Louis and the Democratic candidate for president all along the line of travel through this state was accorded enthusiastic demonstrations by large cheering crowds. He delivered sixteen speeches in all, some of them of considerable length.

Will Worship God and Not Mammon

One of the surprising features for the trip was the monster demonstration accorded him at Joliet. But ten days ago he spoke in the same place. He talked to the crowd on the question. Vociferous applause greeted him when he said: "My friends, I think too much of the next generation to stop my effort to rid this country of the evil of monopoly. I am willing to go down on my knees every morning and say to my Father in Heaven, give us this day our daily bread; but God forbid that I should make my countrymen go down on their knees at morning and say to a trust magnate 'give us this day our daily bread' and have him answer, 'I will if you will vote the ticket I want you to.' You cannot afford to fasten that sort of system on this country or any other country."

ANTHONY

Anthony, Oct. 16.—It is strange that with so little rain and the depth of the soil so dry, enough moisture can be found near the surface to make and mature such fine crops of corn, hay, potatoes, etc., for although the water is gradually beginning to rise a little north of here, water courses and courses in this section are lower than ever known before. Lakes that have never been known to be, or never heard of having been dry, are covered down to their lowest depth with beautiful tender green grass that affords most excellent pasturage for cattle. However, there is a great deal of stock in some ponds and cattle have never been fatter than at present, and wire-grass beef is as good as stall-fed and would be preferred in the market stalls alongside of the best western beef, even at same prices.

The hog crop is good and there are plenty of pinders to make them fat after gathering and husking one-half the crop for seed, feed, etc.

The corn crop is so large that some farmers are still hauling in and housing. Another crop of vast importance (sweet potatoes) has perhaps never been surpassed in quality and quantity, and the auxiliary to the potato crop (possum) is said to be the finest ever, and already real fat. Cattle crops are above the average, and farther advanced than usual, for the season, in maturity.

What little dengue fever existed for a while has disappeared; no mosquitoes, no gnats or sandflies, and a temperature that could not be improved upon if "made to order," keeps everybody "feeling fine" and smiling smiles that indicate good health, good humor, prosperity and happiness. All combined, in a way that cannot be surpassed in any part of the country and seldom equaled, even in good old Marion county.

The Anthony graded school, under the management of Prof. Earl Boyd, is in line with the progressive air of this section, for children with healthy, active livers, breathing pure air, and drinking pure water, have bright minds, any any one noticing these pupils as they wander the streets and from school—their countenances, bright countenances and rosy, fresh-looking faces, might easily imagine themselves in New England or "old Kentucky."

Cures Constipation and Kindred Evils

Letter From Louisiana.

Simms, La., May 22, '07.

My wife suffered for seven years with Liver Complaint, Indigestion and Constipation. I have paid up to date one thousand dollars to doctors for services but she never received any benefit. I always bought my medicine from Jordan Bros., of Alexandria, La. I spoke to Mr. Jordan one day about my wife's complaint, and he recommended Mozley's Lemon Elixir for her. I took a bottle home with me and since that time, about three months ago, I have kept it in the house and from the first day my wife took it, her bowels have acted regular, her health has improved and she can do her house work without the pains she formerly suffered. I was in Alexandria yesterday, May 21, and told Dr. F. N. Brian, one of the best physicians in Alexandria, what my wife had been taking, and he gave it the highest praise. Mr. Jordan also told me his wife was using Lemon Elixir with great benefit. Yours respectfully,

ED C. PEARSON.

McINTOSH

McIntosh, Oct. 16.—J. K. Christian and family moved into their new residence, lately built on High street, this week. This is one of the prettiest in town, of modern build with water and light throughout and all of the latest conveniences. The J. E. Eddins manufacturing Company of Gainesville were the contractors.

Capt. D. H. Petteway of the naphtha launch Emma has been entertaining the young folks on the lake with some pleasant moonlight boat rides. Capt. Pettrey and wife of South Carolina are visiting R. C. Stevenson and family.

Orange buyers are beginning to sneak around some among the growers and make inquiries for oranges, but McIntosh people are not shipping any green fruit, neither on consignment nor sale, consequently when the fruit is ready good prices are usually realized through this section. J. S. Neal has bought the W. A. Dickinson property, consisting of about 200 acres, and in all probability another stock farm will be established near town in the very near future.

Don't be deceived by imitations of DeWitt's Carbolic Witch Hazel Salve. When you ask for DeWitt's be sure to get it. The name is stamped on every box. There is just one original. It is especially good for piles. We sell and recommend them. Sold by Anti-Monopoly Drugstore.

THINNING OUT THE CHINESE

Amoy, Oct. 21.—The damage done in Thursday's typhoon was much greater than at first reported. In Chang-Chow, 3,000 houses were destroyed and 1,100 persons killed. In Lem-Cheng 600 houses were destroyed and 1,200 persons killed. Five years ago Lam-Cheng was flooded and 2,000 persons were drowned. Fifteen miles north of Chang-Chow, three villages were entirely destroyed in Thursday's storm, 4,000 persons being killed.
