Mr. D. C. Head, who protects the track of the S. A. L. in and around Silver Springs, was in town Saturday and the Star reporter had a pleasant talk with him. He said he and his wife and son, Charley, who is clerking for Mr. J. G. Ferguson, have just returned from a visit to his old home and kinfolks and had the time of their lives. This was Mrs. Head's first visit to that section of the state and she was delighted with what she saw of the fine farms, fine dairy cows and the battlefields of Chickamauga and Lookout Mountain. It was a feast, a dance and a frolic every day of their stay and living on the fat of the land, how could it be otherwise. The old folks renewed old times and recalled old memories, so dear to the hearts of those who have reached the summit of life and are slowing passing down the gentle decline, while the young folks took up the old, old story, which from the light of the first morning star has never dimmed in interest to the young and in the silver skein of the floating moon love's young dream was never absent and Charley in consequence has a bad case of it.

J. G. Gammage, an important factor of the Sumner Lumber Company at Zuber, was a business visitor to the city Saturday in company with E. C. McLeod. The latter said Mr. Gammage has a fine pack of a dozen hounds and is the champion fox hunter of the county. Mr. Gammage is a pleasant gentleman and would be pleased to enjoy a brush with our Ocala fox hunters.

J. W. Sanders, of Standard, was in town Saturday and in conversation with a Star reporter said notwithstanding the dry weather the farmers around him had not made such a crop in fifteen years. He said he had put away five hundred dollars' worth of hay and of a quality that couldn't be beat anywhere. He said beggar weed, Chinese clover, with crab grass and pea vines could not be surpassed anywhere. He said Florida was par-excellent a hog state and it only remained for the farmers to realize this fact, prepare their ground accordingly and the hog crop could be made the most productive and valuable asset of the state. Mr. Sanders was enthusiastic on this question. He said he would be found at the county fair with a display.

C. E. Crawley of Jacksonville and representing the division agency of the Florida Life Insurance Co., of that city, was a pleasant caller in the Brick City Saturday and to a Star reporter said in making out his tour of important towns in the state in which his company had agents, he placed Ocala as among the medium places, but on inspection said he had corrected his impressions and remarked it appeared to him as the most up-to-date interior city he had seen. He complimented our substantial streets, fine courthouse and beautiful lawn. Mr. Robert Stripling is the district representative of this company and is doing highly creditable work for the same.

The Jacksonville Carnival begins today. Governor Broward will touch the button and pronounce an oration on municipal progress, which is Jacksonville.

Dr. W. V. Newsom returned Saturday morning from a week's visit to his daughter, Mrs. Nathan Mayo, at Summerfield, where he greatly enjoyed his outing.

Rev. C. C. Carroll, the gifted pastor of the First Baptist church, has an able article in the Baptist Witness of October 22nd, "Why Denominational Schools." He justifies them. Why not? No others can take their place.

Mr. M. C. Dosh, who is McIver & MacKay's head decorator, is hard at work giving smoothness and tone to the new school house blackboards. His assistants are busy varnishing the woodwork and some one will soon be busy putting up the seats. Mr. Dosh expects to get through by Thursday so the house can be occupied by the following Monday. Mr. Isaac Stevens, chairman of the board of public instruction, is busy cleaning the grounds of rubbish and burning up the trash. Everything is moving along smoothly and now the little ones of the primary department are counting the days to the time when they will occupy the new school building.

The Merry Widow launch party which left Silver Springs at 2 o'clock Sunday morning, made good time to Jacksonville, reaching that city at 11 o'clock Sunday evening, making the trip without a single mishap.

Mr. B. Saloom, salesman at Klein & Hoffman's, is a new acquisition to the Metropolitan Band and promises to be a very valuable addition to that popular musical organization.

The "Merry Widow" launch party left Silver Springs early Sunday morning for Jacksonville. The party is composed of Messrs. Frank Mathews, T. H. Harris, C. H. Lloyd, Stephen Jewett, H. A, Waterman, Tim Tomlinson and Nathan Peyser. They will see the sights of the carnival and return about Thursday.

The Globe's special sale Saturday and today of ladies' underwear was a great success. Whenever Mr. Goldman appears in the newsupapers he talks to a purpose and you can rely on his statements.

Mr. Hugh Stanaland of the Lake Bryant section, Postmaster Hicks, of Lynne, Roy and James W. Holly, of Grahamville, were among the Brick City callers today.

The county commissioners are in special session this morning to restore the names of any voter whose name has been improperly stricken from the registration list.

REAL STATE
AND INVESTMENTS
Rooms 27 and 28, Holder Block
OCALA, FLORIDA

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch.". Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

If you want to buy a home in Ocala, I can offer you one of the very few places on the market on Oklawaha avenue.

Frontage is 96 feet and the lot runs back 480 feet.. House is one story containing five rooms, kitchen and bathroom; city water, gas, electric light and modern plumbing; stable and servant's house in yard. Price, $2,300, half cash and balance spread over three years.

If you want to build a store building to rent I have a lot on Fort King avenue between the Pittman building and the new building just erected by Guerrant & Carmichael. Frontage is 43 feet by 110 feet deep. The building now on it is old but rents for enough to pay interest on the investment. Price is $850.

OAKRIDGE lots on the Shady Grove hard road and within the city limits can be bought for $75 to $90; 100 feet front by 125 feet deep: 10% cash and $1 per week. Free deed in case of death. No taxes to pay until 1909. Map and prices on application.

WOODMAR. This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until another Mr. Flagler sees the beauties of the place and then he can have it if he will pay the price. The streets are all planted to shade trees and water works installed—good water too. Buy a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

The thief then went upstairs and carried off a trunk full of clothing. Master Willie Grace met a man on the railroad track with a trunk on his shoulder and when asked whose trunk it was, the man replied that he was carrying it for another party. The trunk was opened, denuded of its contents and left by the roadside. Mr. Olin was in town Saturday getting out warrants for suspected parties.
