THE CITY WON ITS CASE AGAINST THE COUNTY

Judge Bullock Ruled that the County Would Have to Pay for the Paving Around the Square
Judge W. S. Bullock has been hearing arguments on the city's declaration that the county of Marion was due the city of Ocala for paving in front of the county's property.

THE MARION COUNTY FAIR

Will be Held December 16th, 17th and 18th, 1908
There was a well attended meeting held in Sheriff Galloway's office last night to hear the report of the ways and means committee, consisting of Messrs. Jake Brown and Harry Clark.

The dates named were proposed by Mr. George MacKay and accepted. The ways and means committee was empowered to appoint additional help to secure further contributions, notably among our citizens who would be willing to contribute small amounts.

A committee was appointed to see the city council and have that body repair Exposition street and put up needed electric lights to light the way to the fair grounds.

J. D. McDuffy, one of Marion county's leading colored citizens, made a report through the secretary of collections made from the colored people of Ocala, which he said was highly pleasing and commendable.

The soliciting committee was requested to proceed at once with the collection of the subscriptions. The president of the association was empowered to appoint committees to carry on the work of preparing for the fair.

Mr. MacKay, who had visited the grounds, made a statement about what would be required in the way of buildings, temporary ones, to hold and protect the exhibits. The gathering adjourned, subject to the call of President Geo. K. Robinson.

Those present were: President Geo. K. Robinson, Secretary D. S. Williams, Jake Brown, Harry Clark, Dr. W. H. Powers, Dr. Walter Hood, Will Knight, Jas. R. Moorhead, Lee Ballard, Charley Phillips, George MacKay, Frank Ditto, D. W. Tompkins, Z. C. Chambliss, C. L. Bittinger, Miles Landers and J. D. McDuffy.

Great interest was evinced in the fair project and all determined that the fair should be a success and so it will be, if all give hearty cooperation in this laudable undertaking.

Mr. Kirk Mixson of Flemington, secretary of the Marion County Baptist Association, was in town today on his way to the Oklawaha Bridge Baptist church, where the association will hold its annual meeting tomorrow and next day. W. D. Carn will be the messenger from the Ocala Baptist church. He will go over tomorrow and hopes to have Rev. C. C. Carroll accompany him. Mrs. E. Van Hood is also expected to go. Rev. Thrasher, the Baptist minister at Micopony, is in town and will go over this afternoon. The association is composed of Baptist ministers from Levy, Citra, Marion and part of Alachua counties. The association is quite a large one and the attendance is expected to be good.

John E. Seales, founder of the sugar trust in New York, died a few days ago in London, aged eighty. He is reputed to have made twenty millions of dollars out of sugar and lost it all in a sugar fight with his partner. At seventy-three he was forced into bankruptcy and it was thought he had lost all of his wealth, but after his debts were paid he had nearly a million left. Since that time he has made another fortune of several millions. He was the inventor and promoter of the round cotton bale.

THE FOUNDER OF INDIGESTION.

The founder of indigestion was Noah; he forgot to leave the pigs ashore. From the bog comes lard; from lard, indigestion. The moment you put lard-cooked food into your stomach, you send a pressing invitation for dyspepsia to take possession. You don't need to use lard, though, unless you want to; there is a cooking fat that makes food any stomach can easily digest. It is COTTOLINE; no hog fat—just pure vegetable oil, nutritious, wholesome; makes flaky crust, crisp doughnuts, light, rich rolls and cakes. In fact, all the things you like, but cannot eat perhaps, because they do not "agree."

COTTOLINE has been well named "the perfect shortening."

Sunday's New York Herald contains the Herald's usual ten-day election forecast. The poll, summarized is as follows: Total votes in electoral college, 453; reasonably sure for Taft, 280; reasonably sure for Bryan, 155; doubtful, 47; Taft's indicated plurality in New York, 85,500; governorship of New York, neck and neck; next house of representatives, republican.

The following from the Gainesville Elevator is too good to be passed up, and I reproduce it, since it embraces the sentiments of the Saunterer, and from my old friend Editor Bullock.

"If your friend goes wrong, even grievously wrong, it is base in you to desert him. Then, more than ever, does he need your help, and on the supposition that he has been your true friend, he is entitled to it. Of course you can neither approve nor condone his wrong-doing. It may become your painful duty to tell him with the utmost candor what you think of his faults, but never to kick while everybody else is engaged in the same business. To do that requires no courage—nothing but a little cheap bluster."

DIED IN THE SNOWDRIFTS

Fearful Suffering Caused by the Blizzard in the Northwest
Medicine Hat, Sask., Oct. 27.—The first trains to reach Medicine Hat since Monday's snowstorm arrived from the East last night. Riders got in from the region stretching south to the United States border with fearful tales of hardship created by the storm.

William Mitchell, after riding since Wednesday, arrived yesterday from his ranch, sixty miles south of here, and reported by second fatality as a result of the recent storm.

Donald Cameron, sheep herder, with two others, were caught in the storm. They were forced to leave their sheep to perish and seek safety for themselves. Cameron, however, became exhausted and died.

After being sixty hours without sleep or nourishment, the other two men reached a ranch in safety. It is feared that many other herders have perished.

Three thousand sheep were driven by the storm into many islands lake and only 300 were saved.

BLOOD WILL TELL

Gainesville, Fla., Aug. 16, 1908. Mr. Z. C. Chambliss, Ocala, Fla.: Dear Sir—Yours of August 14th received and noted. I am indeed glad to say my stock has a great deal more than come up to my expectations. They are certainly doing well for me on my range. My full blood cows are much fatter than my scrubs in the same pasture. Calves from them have developed out very nicely, neighbors agree and much better than I had expected. I now have two heifer calves from Clara Casey that are up to the average anywhere I have seen full blood stock on pasture in Florida, or elsewhere. My grades are also fine and as I grade them up more I am sure I will have better still. If I were able I would put a full blood in place of every scrub I have in pasture. Kincaid and Chairs are both well pleased with their bulls and half-breed calves. I have seen their calves also bulls and I don't see how they could expect better. See Mr. Turner up any time. I will be glad to show him my stock and pasture. If you find any doubting Thomases down there, send them to see my stuff and I will take great pleasure in showing them it does not pay to let scrub stock eat their feed. Yours truly, Archie L. Jackson.

SHADY DEAL FOR SHERMAN

Republican Candidate for Vice to be In-Damaging Disclosures by the New York World
New York, Oct. 27.—In a thirteen-column article embellished with some interesting correspondence, the World yesterday endeavors to establish the fact that James S. Sherman, republican candidate for vice-president, was a party to a venture contemplating the taking over of a vast tract of New Mexico timber lands in 1901, at a mere fraction of the value of the same. As a basis for the article, the World prints a letter from Edmund Burke, of Los Angeles, California, purporting to confess the writer's personal interest in the transaction and warning the candidate of the impending exposure. Without disclosing the date and manner of authenticity of its making, the World prints an alleged supplementary statement from Burke, purporting to explain the transaction in which it endeavors to involve Sherman.

BRYAN FELT EMBARRASSED

When Two Enthusiastic Ladies Kissed Him—And His Wife Was Looking

New York, Oct. 27.—When W. J. Bryan entered the Astor gallery at a reception of the Woman's Democratic Club, at the Waldorf-Astoria yesterday, he was kissed by two women in the presence of nearly 700 others, and narrowly escaped the embraces of a third. Mrs. Bryan was present. Mr. Bryan displayed some embarrassment. Mr. Bryan spoke in a hoarse and low tone and seemed very tired. Speaking of his reception, he said:

"I appreciate to difference now and to year I began. When I came to New York in 1896, there was a reception, but there were not very many of the women present. This gathering today is very gratifying in that it shows an ever-growing throng which supports and holds to those principles which have the desire for justice as their inherent cause."

Hon. B. E. McLin, Commissioner of Agriculture, was in town Wednesday en route to Ocala, after having visited the J. Buttgenbach convict camps. Mr. McLin was very well pleased with the condition of the camps and paid the company and its employees some very flattering comments upon the excellent manner in which the camps and prisoners are kept.—Dunnetton Advocate.

DAVID S. WOODROW

REAL STATE AND INVESTMENTS. Rooms 27 and 28, Holder Block Ocala, Florida.

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch." Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

If you want to buy a home in Ocala, I can offer you one of the very few places on the market on Oklawaha avenue.

Frontage is 96 feet and the lot runs back 480 feet. House is one story containing five rooms, kitchen and bathroom; city water, gas, electric light and modern plumbing; stable and servant's house in yard. Price, \$2,300, half cash and balance spread over three years.

If you want to build a store building to rent I have a lot on Fort King avenue between the Pittman building and the new building just erected by Guarrant & Carmichael. Frontage is 43 feet by 110 feet deep. The building now on it is old but rents for enough to pay interest on the investment. Price is \$850.

OAKRIDGE lots on the Shady Grove hard road and within the city limits can be bought for \$75 to \$90; 100 feet front by 125 feet deep; 10% cash and \$1 per week. Free deed in case of death. No taxes to pay until 1909. Map and prices on application.

WOODMAR. This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until another Mr. Flagler sees the beauties of the place and then he can have it if he will pay the price. The streets are all planted to shade trees and water works installed—good water too. Buy a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

OUR WEEKLY BARGAIN LIST! Has attracted attention all over the state and through it many people, who otherwise would have continued to be without an instrument in their homes, have obtained them at bargain prices and on bargain terms. Our list is made up each week of instruments that are slightly used, having been rented for a few months, or second hand, having been received in exchange as part payment on expensive instruments, and none are shown on our list until they have been carefully and thoroughly repaired by our excellently equipped and operated repair department. Good upright pianos for from \$140 to \$275. Good parlor and chapel organs for from \$20 to \$60. Easy terms of payment if desired. Our line of new instruments composed of many of the best makes is, of course, always complete and will compare favorably with that of any other dealer in the South. Prices and terms right. Call or write for full information.

UGLY COERCION Mr. P. M. Sharples, president of a West Chester, Pa., factory, has posted a placard about his plant announcing that should the "dire calamity" of Mr. Bryan's election befall the country, in "that hour these works will have to close down." We believe that the Democratic National Committee recently offered \$5,000 for conclusive evidence of an employer's coercion against the candidacy of Mr. Bryan. Difficult as it is to draw the line for the purposes of the court, between legitimate notice concerning present and future trade and deliberate use of force it would seem that this case is reasonably clear. Mr. Sharples scorns to take refuge behind ambiguous words. He frankly threatens. "Unless you beat Bryan," he says, "you lose your jobs." This sort of bribery is more dangerous than the open barter and sale of votes, because it is subtler and harder to exterminate. The Democratic party and Mr. Bryan have suffered heavily from it in other campaigns. As a weapon of political warfare, it is peculiarly unfair and contemptible. As an index of commercial sagacity, it is a reflection upon any man's intelligence. The man who thinks that the country will go to the dogs upon Mr. Bryan's election is simply a fool. The man who bases minatory notices to his dependents upon such reasoning should enjoy either a fool's esteem or a bushwhacker's punishment. Mr. Sharples's concern manufactures separators. His apparent conception that the earth will stop bearing grain when Mr. Bryan steps into the White House is profoundly interesting from the point of view of the alienist.—Richmond Dispatch.
