City Editor and Business Manager

FINE SPEAKING

Mrs. Armour, president of the Georgia W. C. T. U., will be the great oratorical attraction at the state W. C. T. U. meeting in Ocala next week. She will say a few words Tuesday night at the Methodist church and will speak Wednesday afternoon, November 11th at the courthouse yard for the benefit of the country people and at night in the courthouse, to which all are invited. Seats free. Remember the date, the occasion, be present and receive a treat.

The meeting of the Confederate Veterans Wednesday at the council chamber was well attended. Comrade H. W. Long was congratulated on the honor conferred at the late meeting of the Florida division in Tampa in electing him commander of the 2nd Brigade. That at the next meeting of the camp the loving cup procured for Mrs. Fannie R. Gary will be presented to her. Mr. A. E. Burnett, the Ocala jeweler, secured the same and it is indeed a beautiful work of art, highly esteemed and admired by all who have had the pleasure of seeing it. Mr. Long was named to present the cup. The committee who selected the cup are empowered to make all necessary arrangements for its presentation. The sum of ten dollars was donated toward erecting the monument to the late Gen. Stephen D. Lee. A committee of three was appointed to visit J. W. Walters, a sick comrade in Ocala.

Yes, yes! Henry Clay, the idol of the whigs, was defeated by Franklin Pierce—Banner.
Will our esteemed contemporary please inform its large circle of admiring readers as to the date on which Henry Clay was defeated by Pierce.

Allen Stevens, the prosperous Sparr farmer and merchant, was in town last evening to hear the latest election returns. He was greatly disappointed to learn that his favorite, W. J. Bryan, was defeated.

Mr. P. R. Lester and family left yesterday for Tampa and will take up their residence at the Almeria hotel, of which Mr. Lester is now proprietor.

Mr. E. P. Thagard returned yesterday from a visit to Jacksonville, accompanied by his daughter, Miss Lillian Thagard, who spent several weeks with her friend, Mrs. Leland Frierson, of that city.

Mr. and Mrs. Clarence Camp will leave tomorrow for New York to attend the horse show in that city and enjoy the autumnal scenes of the great metropolis. They will also visit friends in Norfolk, Va., and Savannah, Georgia.

Mr. George K. Robinson and family with a number of friends went out to Silver Springs yesterday afternoon and enjoyed a delightful picnic, also taking a ride down the run in Mr. Robinson's launch. They returned home by the light of the moon.

The latest news from Tampa is to the effect that one of that city editors let his money the reverse to what he wrote and urged in his influential journal and won a pile that would make the Standard Oil magnates blush with pleasure. Another statement about Tampa is that Editor Stovall of the Tribune has just purchased a controlling interest in the Tampa fair grounds and that the exposition the coming February will be larger, finer and better than ever; that President Brown has already assurances that on the opening day no less than three of the most distinguished men of the nation will be present and address the assembled crowds, namely: President Roosevelt, President-Elect Taft and the postulated candidate, William Jennings Bryan. It will be a memorable event in the annals of Tampa—the greatest fair opening Florida has ever known and a crowd such as will do honor to the occasion. Of course, we all will be there. Here's the Standard Oil magnates and the Florida State Fair.

Those rosy cheeks, nectar tipped Idaho apples Albert Anson Graham at Masters' grocery store is handing out to his friends would tempt an anchorite and by eating one you no longer blame Eve for handing one to Adam. We couldn't resist those delicious specimens and instantly begged a few for our Eve.

Kirby A. Griner, a former clerk in the Ethen E. W. Agnew & Co.'s store, afterwards a merchant and postmaster at Dunnellon, was in town yesterday on his way to Dunnellon and Brooksville. His home is now at Winona, Miss.

W. L. Barrett, the superintendent of the Buttgenbach phosphate mines at Holder, and who attended the funeral of his aunt, Mrs. Fletcher, at Fort McCoy, returned home yesterday.

Col. West of Valdosta, Ga., who is interested in the Coffee-West sawmill at Inverness, went down to that place yesterday.

Mr. Geo. H. McCollough, wife and daughter, who spent the summer at Sea Girt, N. J., passed through Ocala yesterday to their lovely home and beautiful orange grove at Candler.

Ed Smith, an all round good citizen and successful business man of Dunnellon, was in town yesterday to consult Dr. Hulbert.

We learn that our old time friend, J. D. Bassett, a veteran of the Anthony section, has gone to Largo to live and is getting along splendidly.

Captain Tucker came down yesterday from Rochelle, where he is sinking a well. It is over 90 feet, but no water.

H. C. Jones, the bottling works man, returned yesterday from a business visit to Inverness.

Orange picking and shipping begins at Candler today.

Postmaster Hicks of Lyne, was a business visitor to the city today.

BOARD OF HEALTH ARTICLES

NO. 3

Mosquitoes and Diseases Continued

In their relationship to certain diseases mosquitoes and other insects have been under suspicion for many years. Dr. Carlos Finlay, of Havana, first wrote pointedly on the subject in 1881 and his article is on file in the New York Medical Journal of that date. Finlay was even astute enough to point out the stegomyia (not then known by name as the cause of yellow fever). It is worthy of note that Finlay was not taken seriously until the Spanish-American war in 1898, when a commission was appointed by the United States government to study yellow fever. Drs. Reed, Lazear, Carroll and Agramonte were the members of that commission. Agramonte was the only native Cuban and he still survives, while the other three are dead from the effects of their work. Lazear lost his life directly from the bite of an experimental stegomyia.

The mosquito plays very much the same role in yellow fever as she does in malaria. She must bite a human being who is in the third day with yellow fever. She (the mosquito) must then be quiet for twelve days, at the end of which time if she bites a person who has never had yellow fever the latter will develop in 85 per cent of the experiments. This formula was carefully and fearlessly worked out by the immortals, Reed, Lazear, Carroll and Agramonte, and also fixed by control experiments.

Dengue that painful affection that comes near killing everybody it attacks, but kills none, is probably communicated by mosquitoes.

Filaria, a disease affecting human beings by worms appearing in the blood, is another instance of the "bloody work" done by these pests.

There are a number of other diseases that are not common enough to be of interest in which the mosquito takes a part and no doubt new light will be thrown on the subject at an early date.

Seeing that the mosquito is a factor in disease, behooves us to strike at the root of the matter by destroying the mosquito. Since it has been found that the insect passes about one week of its existence in water in the form of a wiggler, it is easy to demonstrate how a war of extermination could be successfully waged upon the larvae (wigglers) alone.

Coal oil can do it.

Vessels with standing water in them should be emptied. Cisterns, water barrels and open wells should have two table-spoonsful of coal oil poured into them once a week. This does not injure the water for drinking as the oil evaporates in a few hours.

Ponds, lakes and streams near human habitation and which furnish breeding places for mosquitoes offer a problem to sanitary experts and municipalities but by an intelligent use of the knowledge of the habits of the insect and with a knowledge of the usefulness of its enemies, viz: the small fish dragon flies, bats, it does not seem impossible to predict that in the very near future the mosquito must go.

Health notes, also Dr. H. Eird's writings have been freely used in preparing this article.

Signed: Ocala Board of Health

WEATHER FORECAST

Washington, Nov. 6.—Fair tonight with frost in extreme north portion; Saturday fair and warmer.

State of Ohio, City of Toledo, Lucas County.—

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for Constipation.

THE MARION COUNTY FAIR

Judge D. S. Williams of Ocala, one of Florida's best known citizens, is in the city, greeting friends and boosting the Marion county fair, which will be held in the Brick City on December 17th, 18th and 19th. He is secretary of the exhibition, officers of which expect the coming fair to be the most successful ever held by a Southern county.

There will be one feature alone that will make the fair worth attending, and that is the live stock exhibit feature in which the counties in the live stock centers of the country excel. Marion county. The magnificent beef and dairy cattle of Messrs. Munroe, Chambliss, Whitworth and other breeders of the county will be on exhibition, and these will prove a revelation to the average Floridian who attends the fair. Florida should be the equal of any state in the Union in the breeding of fine live stock, and this fair will give the movement a decided impetus. Cheap rates will be granted by all the railroads.—Jacksonville Metropolis.

Kennedy's Laxative Cough Syrup not only clears the throat and allays inflammation, thereby stopping the cough, but it moves the bowels gently and in that way drives the cold from the system. Contains no opiates. It is pleasant to take, and children especially like the taste, so nearly like maple syrup. Sold by the Anti-Monopoly Drugstore.

THE PLACE To Get Your Fresh Bread and Cakes is at

CURTIS AND MORSE CONVICTED

Two High Financiers Slept in Jail Last Night

New York, Nov. 6.—Charles W. Morse, until a year ago a dominant figure in the world of finance, and Alfred Curtis, former president of the National Bank of North America, were found guilty last night in the criminal branch of the United States circuit court on charges of misapplication of funds and falsifying the books of the bank. There was also the additional charge of conspiracy against the prisoners, but the jury acquitted the men on this count. Judge Hough refused to entertain a motion for bail and committed the two bankers to the Tombs prison.

TOMAS ESTRADO PALMA

Cuba Has Lost a Patriot and the World a Good Man

Santiago, Nov. 6.—Tomas Estrado Palma, the first President of the Cuban republic, died last night.

JESSE WAS TOO JUBILANT

In the Excess of His Joy, He Lassoed a Mexican Workman Off a Work Train

El Paso, Tex., Nov. 6.—Josse Ake, a cowboy with a skin full of bad whiskey, is a refugee in the mountains and officers are hunting him on a murder charge. Yesterday, as a Santa Fe work train was passing between Lava and Crockett loaded with Mexicans Ake rode up on his horse and roped Ramon Aragon whom he dragged off the train. Aragon was killed by the fall, as the train was running twenty miles an hour. Ake galloped off toward the Organ Mountains and officers at Hillsboro and Las Cruces and other towns have been notified to take his trail.

FRANCE AND GERMANY WILL NOT FIGHT

Paris, Nov. 6.—The belief is held here that France and Germany will speedily come to an understanding in the questions which have arisen over the arrest of German deserters by the French authorities at Casa Blanca, on which occasion Germany charges an official of the German consulate at that city was attacked.

Germany made representations to the French government and demanded that France make expression of regret for the occurrence. France transmitted to Germany a proposition which she felt could be accepted with good grace by both countries. There seems to be little doubt of reaching an amicable agreement.

HONOR FOR FLETCHER

The Hon. Duncan U. Fletcher, democratic nominee for the United States senate, who will be elected at the next session of the legislature, will be among the principal speakers at the convention of the United States Inland Waterways Association, which will be held in Columbus, Ga., this month, and which will be one of the most important conventions ever held in the south.

GOLD MEDAL CONTEST

During the holding of the State W. C. T. U. convention in Ocala from November 10th to 13th, there will be a gold medal contest and all children are eligible. We would suggest as many of our children as possible enter the contest so as to make it interesting.

IF YOU KNEW

The merits of the Texas Wonder, you would never suffer from kidney, bladder or rheumatic trouble. \$1 bottle two months' treatment. Sold by druggists or by mail. Send for testimonials. Dr. E. W. Hall, 2926 Olive street, St. Louis, Missouri.

THE CABLE PIANO CO. REWARDS ITS EMPLOYEES

As a reward for eighteen years of faithful service, the Cable Piano Co. of Chicago has given Mr. Frank E. Chase an interest in its Florida branch, which is located in this city.

MAYOR'S PROCLAMATION

By virtue of the authority vested in me by law and the ordinances of the city of Ocala, I hereby appoint the following persons to serve as clerks and inspectors of the city election of Ocala to be held on December 8th, 1908, for the election of mayor and one alderman from each ward, numbers 1, 2, 3 and 4:

Ward 1—W. L. Ditto, W. C. Jeffords, C. H. Mathews, inspectors, and S. S. Savage, clerk. Voting place—J. D. Robertson's "Automobile House."

Ward 2—L. F. Ballard, J. S. Leach, H. H. Whitstone, inspectors, and D. A. Miller, clerk. Voting place—"City Hall."

Ward 3—E. L. Freyermuth, A. J. Brigrance, Joseph Shuford, inspectors, and J. A. Pittman, clerk. Voting place—"Lafayette Building."

Ward 4—R. C. Loveridge, F. W. Kunze, E. W. Kraybill, inspectors, and L. W. Ogle, clerk. Voting place—"D. J. Carroll's Store."

Witness my signature and official seal of Ocala this 3rd day of November, A. D. 1908. G. A. Nash, Mayor.

ROGERS LIVERWORT TAR AND CANCHALOGUA

For the complete cure of coughs, colds, asthma and bronchitis and all lung complaints tending to consumption Liverwort Tar and Wild Cherry have for ages maintained an established reputation as a standard cough remedy. It contains no opium or harmful drug. Can be given with safety to children. Price \$2. Sold by druggists. Williams' Manufacturing Co., Props, Cleveland, O. Sold by the Anti-Monopoly Drugstore.

Clothes for Men!

The time has arrived for your new suit or pants. In buying clothes, the first thing to consider is the fit and then the price. By dealing with me you have both.

On all my visits to New York I have taken factory training in the art of measure taking from men who make the clothes. Every garment I turn out must be tailored by men and finished by hand.

I have a large selection of samples and can suit the most skeptical. For the next few days I will have on display in my show window a few samples of the latest creations in men's clothing. My prices are really lower than ready-made clothing, quality and workmanship considered.

The prices are: \$ 3.35 to \$12.50 for Pants, made to order 12.00 to 45.00 for Suits, made to order 12.50 to 46.00 for Overcoats, made to order

But for \$17.50 to \$25.00 I will make you an all wool suit that in style, fit, workmanship and general appearance will excel anything you can get elsewhere for \$25 to \$35.

Smart Clothes

Are the kind you get by placing your order with the "Master Tailors of America". Their offering of styles and fabrics is big enough to suit the tastes of all, whether one be strictly conservative or with ultra inclinations.

The prices are popular and as varied as the fabrics, BUT REGARDLESS OF THE COST, every suit or overcoat is tailored with the same precision.

The reputation of Taylor, the Tailor, assures perfection in every detail, from the quality of the fabric to the hand-made buttonholes. Polite and prompt service is assured to every patron.

REMEMBER, the advantage in having your clothes made and designed expressly for you. You can have them made any style you want. Anything that can be made on to a garment will be put on to suit your individual taste. You don't have to wear a suit just like your neighbor. Should you desire I will give you the exclusive wearing of your choice, and I have only 800 patterns to select from. As for me, I can easily refer you to over 200 satisfied customers that I measured last season. Now for the shape retaining qualities. Have you ever thought of how soon a "hand-me-down" loses its shape? My clothes are guaranteed to hold their shape. I will also reline every coat free of charge if the lining wears out within one year. Last but not least, remember, that you are not asked to pay me for a garment till you are perfectly satisfied with it in every respect. No charge for showing samples and quoting prices.

MARCUS FRANK AT THE Variety Store

THANKSGIVING PICNIC AT TURNER'S POND

There will be a picnic and barbecue at Turner's Pond on Thanksgiving Day, November 26th, 1908. Everybody is invited and those wishing to ride in the tournaments are requested to be there by 10 o'clock. All young men who like to dance, come and bring a partner. The prizes for the tournament will consist of a saddle, bridle and blanket. All are invited to come and have a good time.
