BURNED TO DEATH

The terrible news came to Ocala this morning of the burning to death of Mrs. K. T. Souter, yesterday at Anthony. It appears that Mrs. Souter was boiling hominy in a pot in the yard, when her dress caught fire and she was literally burned to death. The accident took place at 10 o'clock and the poor woman lingered until 2 p. m. ere death released her from her terrible sufferings. Mr. Souter and son were absent from home, working at Malloy's mill, while the younger children were at school. Deceased was about fifty years of age. Mr. Souter and the children have the sympathy of the community in their sad bereavement.

WORKING FOR THE COUNTY FAIR

Messrs. G. K. Robinson and D. S. Williams, president and secretary respectively, of the Marion County Fair Association, made a trip to Anthony yesterday, and also visited Sparr and Citra. They went out in Mr. Robinson's auto and found quite a number of producers and public spirited citizens in evidence who are doing all they can to make the fair a success. Mr. Robinson and Mr. Williams were very much gratified at the interest shown in the fair. Friday they will make a trip to Santos, Belleview, Summerfield, South Lake Weir, Stanton and around the lake in the interest of the fair. Mr. Williams informs us that the premium list will be printed by the Record Publishing Co., St. Augustine, containing a number of ads. and will be ready for distribution by the 25th. There will be 5,000 of these lists. The fair buildings are going up rapidly and will be ready for occupancy by the first of the month. Everything is looking up for a successful county fair.

CHEAP RAILROAD RATES

Secretary D. S. Williams of the Marion County Fair Association has received work from the railroad companies that a rate of one and one-half cents a mile will be granted to persons visiting the Marion county fair. The rate will be \$3.25 from Jacksonville and return and a proportionate rate from intermediate points.

Many of our people remember the brilliant young Presbyterian preacher, Rev. R. H. Morris, who so acceptably filled the pulpit of the Ocala Presbyterian church a few years ago, who left this city to take his theological course at Princeton, N. J. He then became pastor of a Philadelphia church and now has received a call from a Presbyterian church at Evinston, Ill., one of the foremost in the land and at a salary that makes a poor editor see stars. All of which is highly gratifying to his Ocala admirers. Rev. Morris is the preacher who took such a deep interest in our school and went to the school frequently and told the boys and girls funny stories and made them laugh until they forgot all their cares and worry. The sight of Mr. Morris in the school room was as welcome to the pupils as a holiday.

Dr. Henry has organized a ladies hunting club on Lake Weir and the members of which are Dr. Henry, Mrs. Henry, Dell Moody, Mrs. Kate Clements, Mrs. Lee Fancher and Miss Tolmie. Thursday they go to Starke's Ferry on their first hunt and if it proves the success they anticipate the editor of the Star is promised a mess of quail. May their guns be as unerring as their smiles are fascinating and irresistible.

Mrs. Kate H. Clements of Weir Park, who spent her summer at Nashville, Tenn., in Maryland, West Virginia and New York City, from which place she returned a week ago, was in town today. Mrs. Clements was in New York the night of the tremendous republican parade and then it was that the democratic leaders saw that Bryan had no show in New York City.

Daniel Eaton, a former resident of Weir Park, who went to Los Angeles five years ago, died in that city on the 10th. He was seventy years of age and an excellent citizen. He leaves a son, Guy M. Eaton and a daughter, Miss Fannie Eaton, who was with her father when he died.

Albert Graham was distributing very handsome roses among his friends this morning, his aunt, Mrs. Long, having sent several boxes from Conner. The Star reporter was decorated with one of them.

Mr. DeLane, of Eastlake, having sold his grove and home is now busy erecting a very substantial and desirable eight-room house on one of his vacant lots, on the bluff overlooking the lake.

W. R. Goodwin, editor of the Breder's Gazette, Chicago, and who spent several winters on Lake Weir and became so enamored of it that he purchased a lot at Woodmar, has let the contract for the erection of his house and plans for the foundation are now being laid.

Mr. and Mrs. Robert Kaiser have disposed of their interest in the Hotel de Kaiser to Mr. Vering, lately from Poughkeepsie, N. Y. Mr. Kaiser will take his family to Hastings, where he is engaged in business.

A. W. Gates is up from Shell Island, where he and the boys are fishing. He said the fish were not biting freely at present, but hopes the cool weather will drive them in from the Gulf.

George Mills represented the Fellowship section and J. J. Nelson the Bellevue neighborhood in town today.

J. M. Douglas a prosperous farmer and trucker of Shady was in town today showing some mighty fine tomatoes on the counter of the Commercial Bank. He disposed of several crates of them yesterday.

Mrs. Futch, a gracious and handsome lady of Gainesville, who was a delegate to the W. C. T. U. convention and a guest of Mrs. T. H. Bridges, returned home today.

Mr. J. W. Akin, of the Ocala Plumbing & Electric Co., went to McIntosh today on business for the company.

E. D. RAWLS KILLED

Prominent Lumber Man Shot by His Bookkeeper
Tavares, Fla., Nov. 17.—Ed D. Rawls a prominent member of the Bradford Lumber Company, owners of large timber interests in Lake county, was killed by T. S. Glover, the company's bookkeeper, yesterday at Alco, on the St. John's river.
Mr. Rawls left Astor in a naphtha launch to go to the company's office at Alco and on reaching the dock left the boat. He made his way to the office and almost immediately a shot from a pistol was heard. Workingmen rushed in and found him dead on the floor, with a wound in the forehead.

CURBED THE KAISER

Berlin, Nov. 18.—Fueled by the angry tide of popular feeling that swept the empire from end to end, Emperor William has yielded to the nation and promised to henceforth conform himself to constitutional methods of conducting the policies of Germany.

LOOKOUT INN LOST

A Famous Hostelry Destroyed by Fire Yesterday Afternoon
Chattanooga, Tenn., Nov. 18.—Famous old Lookout Inn on the crest of Lookout Mountain was burned to the ground yesterday afternoon, together with all its contents, and also four cottages in close proximity to the hotel. The hotel was situated on a hillside which has just been condemned for the sale of the inn property for a consideration of \$135,000 and but for the fire the deal would have been closed today. There was \$26,000 insurance on the hotel and its furnishings.

EIGHT BURNED TO DEATH

Birmingham, Ala., Nov. 18.—Fifty state convicts employed in the mines at Pratt City formed a conspiracy last night to set No. 3 mine afire and escape during the confusion. As a result eight of them were burned to death and one is missing and the other forty-one are safely locked in the stockade.

MACK WILL GIVE HIS OWN MONEY

If Necessary, to Make Up Democratic Campaign Expenses
New York, Nov. 18.—The contributions of the democratic national committee during the presidential campaign recently ended were not sufficient to meet the expenses of the campaign, according to Norman E. Mack, chairman of the committee. Mr. Mack said that he would make the deficit good out of his own pocket and that he would regard it as a personal obligation to see that every bill was paid. A statement of the receipts and expenditures of the committee will be filed with the secretary of state at Albany on Nov. 24.

Asked who was going to pay for the maintenance of permanent democratic headquarters, which are to be opened soon either in Washington or New York, Mr. Mack said:
"The democratic party of the United States has had offers from every state in the Union to contribute to a fund for the purpose."

FIRST BAD SIGNS

Take care of backache. A great many cases of kidney complaint are reported about here; also bladder trouble and rheumatism. An authority once stated that pain in the back, loins or region of the kidneys is the danger signal nature hangs out to notify the sufferer that there is something wrong with the kidneys, which should receive immediate attention. Only vegetable treatment should be administered and absolutely no strongly alcoholic medicines which are harmful to the kidneys and bladder.

The following prescription, which is simple, harmless and inexpensive, is known and recognized as a sovereign remedy for kidney complaint. The ingredients can be obtained at any good prescription pharmacy and any one can mix them: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime. This prescription is said to restore the natural function of the kidneys, so they will sift and strain the poisonous waste matter, uric acid, etc., from the blood, and thus relieve the rheumatism. Backache will be relieved, the urine will be neutralized and cleared and no longer a cause of irritation, thereby overcoming such symptoms as weak bladder, painful, frequent and other urinary difficulties.

This is worth trying and may prove just what many people here need.

AUTO TIRE EXPLODED

While Trying to Break the Record, Earl Stricker Broke His Neck
Birmingham, Ala., Nov. 18.—An exploded tire threw the big Renault car, which Earl Stricker and a chauffeur, Leon Burrows, were making a race against time, completely over. Stricker sustaining injuries from which death resulted in a very short time and the chauffeur was so badly hurt that it seems inevitable that he, too, must die. Stricker was endeavoring to lower the record of twenty-four hours' racing against time. The big car was to have taken part in the Savannah races. Stricker was a German.

LOCAL LEGISLATION

There was a full attendance of aldermen at the council meeting last night. The following names were ordered restored to the registration list: E. E. McLin, S. A. Rawls Baxter Carn and Jules Cohen. Mr. Roller asked permission to continue to sell milk and butter until Judge Bullock could pass on the constitutionality of that part of the city ordinance that affected his case.

The engineer of the S. A. L. railway appeared in regard to abating the nuisance of the overflow at the Seaboard depot, in which said road had asked council to join with it in abating the same, and share in the expense. The subject was referred to the city attorney for a written opinion whether the city would be jointly liable and to report at next meeting.

The Osceola Athletic Association asked the council to donate electric lights to their building. It was fully discussed and determined that after Jan. 1, 1909, there would be no more free lights except to the hospital.

A communication was read from A. E. Thayer, director of the laboratory of the state board of health in reference to the purity of water sent him for analysis from city reservoir, city water works, residence of J. D. Robertson and ice plant. The report showed there was no evidence of contamination from sewage.

A number of ordinances were read and laid over until the next meeting, including one to provide safe exits from public buildings and one extending the gas company's charter ten years. The gas and exit ordinances were referred to the judiciary committee.

Reports of officers were laid over until next meeting. The bill boards in front of the A. C. L. depot were condemned as a nuisance and their removal ordered.

Mr. Duval introduced a resolution that in view of the fact that the water contract between the city and the water company has only a short time to run before time for the city to exercise the offer under said contract, that the city should make plans for a new contract to be entered into whether or not to purchase the water works. A committee of three was appointed. A committee of three was appointed to investigate the whole matter and any other available sources of supply. That a sum not exceeding \$500 be appropriated to conduct said investigation and that the Ocala board of trade appoint a committee of three to act in conjunction with the committee appointed by the council. The resolution was adopted. The members of the committee are Messrs. Duval, Gates and Meffer.

The resolution is as follows: "Whereas, the water contract between the city of Ocala and the Ocala Water Company has but a short period to run before the time for the city to exercise the option under said contract; and,

Whereas, it will be necessary at the termination of the period of the said contract for the city of Ocala to be prepared, either by contract with private parties or company, or by municipal ownership, to investigate thoroughly with water for domestic purposes and fire protection; and,

Whereas, it is important that the city authorities have before them full data and information so that they may act to the best interests of the citizens of Ocala; therefore be it resolved, that the president of the city council appoint a special committee of three to investigate thoroughly the matter of the water supply of the city of Ocala, the agreement under which water is now being supplied to the city of Ocala, and its citizens, the quality of such water and the quality of any other available water that may be secured to supply the city and its citizens at the termination of the contract now in force.

And that a sum not exceeding the sum of five hundred dollars be appropriated for the purpose of making such investigations as may seem best to the said special committee, acting jointly with a committee from the board of trade of the city of Ocala. That the said special committee be requested to enter upon its duties and to complete its investigations, filing with the clerk of the city council a full and complete report, together with an itemized statement of all expenses incurred in making such investigation, as speedily as possible.

Be it further resolved, that the board of trade of the city of Ocala be requested to call a meeting and appoint a special committee of three to act jointly with the special committee of the city council in the matter of investigating the water supply for the city of Ocala and its citizens, and to draw in favor of the Munroe & Chambliss Bank on account.

It was ordered that \$1,200 be transferred from the general to the fire and water fund. It was ordered that S. S. Savage be paid \$47.73 for lumber to fence cemetery.

A LEGAL QUESTION

Is a Reflection on a Trial Court's Motives in Rendering a Decision Ground for Disbarment?

The practice of merely censuring attorneys who reflect seriously on the integrity of the courts before whom they practice, while it evidences dignity and commendable self-control on the judiciary, is not commensurate with the offense.

Where such reflections proceed from laymen or from the lay press, it is probably wise and more becoming on the part of the court to ignore them, unless they are in relation to a case pending, but where attorneys are guilty of such conduct, the punishment should be immediate suspension or disbarment, especially where such animadversion is deliberately written or printed in briefs or affidavits submitted to a court having supervisory jurisdiction over the court or judge against whom the attack is directed.

This was the decision in the recent case of In re Rockmore, 11 N. Y. Supp. 879, where it was held that where an attorney submits to an appellate court an affidavit reflecting upon the judicial integrity of the court from which the appeal is taken, such action constitutes unprofessional conduct justifying suspension from practice, notwithstanding he fully retracts and withdraws the statements, and asserts that the affidavit was the result of an impulsive action by what he considered a grave injustice.

The court was fully alive to the seriousness of such reflections, coming from an officer of the court, as well as to the fact that they were grossly unprofessional, and declared itself in no uncertain terms, saying: "We cannot shut our eyes to the fact that there is a growing habit in the profession of criticising the motives and integrity of judicial officers in the discharge of their duties, and thereby reflecting on the administration of justice and creating the impression that judicial action is influenced by corrupt or improper motives. While we recognize the inherent right of an attorney in a case decided against him, or the right of the public generally, to criticize the decisions of the courts, or the reasons announced for them, the habit of criticising the motives of judicial officers in the performance of their official duties, when the proceeding is not against the officers making such charges, is criticised, tends to subvert the confidence of the community in the courts of justice and in the administration of justice; and when such charges are made by officers of the courts, who are bound by their duty to protect the administration of justice, the attorney making such charges is guilty of professional misconduct."

The unfortunate attorney made ample and profuse apology; but the court held that the offense was too serious to be cured by a mere apology, saying: "The respondent admits the impropriety of his action and states that he filed his affidavit without malice and with the best of motives, but not with the best of judgment; that in this affidavit it was not intended in any way to reflect upon or injure the court, and that the affidavit was made while the respondent was laboring under a sense of injustice which for the time being obscured his judgment; and he fully retracts and withdraws all the statements in the said affidavit contained which in any wise reflect upon or impugn the motives of the court. He also states that this was his first offense, and asks that he may be absolved from intentional wrongdoing, and is prepared to make such reparation as the court deems he should make in the premises. This court is not concerned so much with the punishment of the respondent as with the discharge of its duty of protecting the administration of justice; and, while we are willing to accept the statement of the respondent that preparing and filing this affidavit was the result of an impulse caused by what he considered a great injustice inflicted upon himself and his client, we cannot overlook the fact that the statements are made in an affidavit deliberately sworn to by the respondent and which was submitted to the court to influence its judicial action. It shows deliberation an premeditation, and not the impulsive writing of a letter, or oral remarks addressed to the court, and is, we think, within section 67 of the Code of Civil Procedure; and we do not think that we are justified in overlooking this offense. The respondent must, therefore, be suspended from practice for the period of six months, and we wish to have it understood that in the future we shall deem it our duty to treat such an offense as a serious breach of the duty that attorneys owe to the courts of the state and to the administration of justice."

There is no doubt but that defeat in a hotly contested law suit provoked in an attorney to a pardonable outburst of feeling against rulings of the court which has occasioned his downfall. It is the wiser practice on such occasions to go to the nearest tavern and indulge the time-honored privilege of the bar of "cussing the court," than to immediately file the necessary motions to perfect an appeal and brief the case for a higher court, while the mind is thus seething with indignation and incapable of calm, dignified and convincing argument.
