WALKING ON WEALTH**An Aladdin's Lamp Story of the Savannah Auto Races**

(Savannah Morning News.)

Walking over money.

There are multitudes of retrospective individuals who have heard the knock of Opportunity, but failed to recognize the tap until after it was too late, but to walk over money, actually to tread on fives, tens and twenties, was reserved for the Central of Georgia ticket agent during the Grand Prize race.

The Central, foreseeing that the rush at the ticket offices in the city and at the station would be overwhelming the night after the races, established a ticket booth at the race course. These were tiny as well as temporary affairs, designed to give room for a man and a validating stamp.

The calculations did not go amiss. Before dark the agent had sold nearly 1,000 sleeping car berths, and had worked himself red in the face. The validating stamp had walked all over the booth in the meantime, and as no place had been provided for the money the bills were placed on the shelf that had been designed to support the stamp.

The vibrations from the stamp worked the money off the shelf and it fell to the floor during the rush. The agent was too busy to pick the bills and the coins up. He just kept selling and stamping and letting the money fall. The booth was a money-tight affair, and he knew he could pick it up when he had more time.

When Passenger Agent Clements called at the booth in the late afternoon to see how matters were going he found the ticket seller treading on a carpet of bills and silver. After it was all over they counted up and found 63 cents more than should have been showed from the sale.

PIANO IS ON EXHIBITION

The beautiful \$400 Harvard piano, or rather one of them, that the Star is giving away in the voting contest is now on exhibition in the front of the Corner Drugstore, where all musicians are invited to try the instrument. The first person to try the instrument after it was placed in the store was Prof. DeBerry, a representative of a rival house and a finished musician, who pronounced it a first-class, beautiful toned instrument and said the lady who won it would be fortunate indeed. The A. R. Harper Piano Co. of Jacksonville, will ship another instrument to us to replace this one if the winner in the contest prefers, should it become fingermarked while it is on exhibition. Also the fortunate lady, either in town or in the country, winning one of these instruments, can have a different style case if they prefer.

THREE BUDS HAVE BLOOMED

Mrs. E. H. Mote and Mrs. W. H. Hocker entertained most delightfully last afternoon in honor of Misses Annie Atkinson, Bettie McIver and Frances Anderson, three beautiful and accomplished debutantes. The guests were welcomed at the front door by Mrs. Hocker and her sister, Mrs. Duval. In the parlor Mrs. Mote, Misses Anderson McIver and Atkinson graciously received. Receiving with them were Mrs. Harvey Clark, one of the season's brides and Miss Josephine Turpin, of Americus, Ga. These ladies were elegant gowns and looked unusually handsome. Miss Turpin is the attractive guest of Miss Pauline Sullivan. The charming hostesses were pleasantly assisted by Mrs. McIver, Mrs. Anderson, Mrs. Sistrunk, and Misses Mattie and Carrie Williams. Among the many pleasant features of the afternoon was a cute guessing game, which proved unusually interesting as it was called "Concerning Costumes," a subject of which ladies seldom tire. The vocal solo by Miss Mattie Williams and the instrumental music by Miss Barnett were perfectly rendered and greatly enjoyed. Delicious refreshments were served. This beautiful party was enjoyed by the following young ladies: Misses Ethel Robinson, Leafy Sylvester, Bessie McKay, Grace Hatchell, Pauline Sullivan, Caro Liddon, Mary Carlisle, Esther Weathers, Lucile Standley, Mattie and Carrie Williams, Alice Bullock, Louie Barnett, Lillian Thagard and Maude Alexander, of Brooksville.

THE MABEL PAIGE COMPANY

The Mabel Paige company packed the Armory Theater last night and in the play "At Cozy Corners" gave the audience a rare treat and every one in the house was more than pleased. This company is one of the best that has ever visited Ocala and would continue to fill the house if they should play the entire week. The singing and dancing specialties between the acts are more than worth the price of admission. To night "How Flipper Was Flopped," said to be one of the most laughable pieces ever played, will be given and if you want a seat you'll have to hurry for the theater will be packed. Tonight will close the engagement of the company in Ocala and we hope Miss Paige will soon play a return engagement.

BE WARY OF WALL STREET

The Richmond News Leader says: "Wall street again reports dull business. That is good. Probably this is a propitious time to buy securities to hold. That is a question for each man to decide for himself after studying the conditions, prospects and prices of each security offered. But no time is propitious for buying or selling futures on thin margin. That is what Wall street wants people to do and schemes to make them do. When the public refuses to do this, Wall street is dull and the public is that much richer and happier."

BACK GIVES OUT**Plenty of Ocala Readers Have This Experience**

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains:

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

P. P. Anick, Elm St., Sanford, Fla., says: "I have used Doan's Kidney Pills and can say that they are a superior kidney remedy. My work brings quite a strain on the back and as a result, I suffered a great deal from backache. I would become so lame at times that I could hardly straighten and mornings upon arising could just about get around. I tried plasters and liniments but the relief they brought was only slight and temporary. When I learned of Doan's Kidney Pills, I obtained a box and found that they acted just as represented. When I had used the contents of this box the backache had ceased and my back felt stronger."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report.

THE CITY BAKERY

No. 55 South Main street. Fresh bread cakes and pies daily. Free delivery. Phone 296.

LOCAL LEGISLATION

The city council met last night in regular session with a full board in attendance.

The bill of \$271 against Messrs. Anderson and Boswell of Dunnellon for use of the city's street roller, having been refused on the ground that the gentlemen thought they were to pay only for the time the roller was actually in use, was placed in the hands of the city attorney for collection.

Mr. M. J. Ross called the attention of the council to the fact that Newberry avenue, for the two blocks between Oklawaha and Fort King avenues, had been paved with flint rock and not surfaced and travel over it was almost impossible. The street was ordered surfaced and the charge for the paving to be collected from the property owners on each side, according to the city ordinance, the property owners paying one-third.

A building permit was asked for by Mr. Duckworth for a shooting gallery north of the square. Same was referred to the building committee.

The livery stable ordinance prohibiting the maintenance of a livery stable abutting on the courthouse or government building squares was read for the first time and referred to the judiciary committee.

All bills against the city which had been properly audited, were ordered paid, except those for the electric light department.

The ordinance introduced recently, asking for an extension of ten years of the gas company's franchise, was passed with certain amendments, among them being one that the gas company pay to the city an annual privilege fee of \$200.

In the controversy over the paving of May street, ordered some time ago, the city attorney was asked to see if he could not get a modification of the injunction granted by him to some of the parties interested some time ago, restraining others from interfering with the property.

The building exit ordinance was passed with a few changes. This ordinance provides for proper exits and entrances to all public buildings in the city.
