A TREMENDOUS SALE

The Dyer Mill End Sale, which will open at the Globe in the city of Ocala, Thursday morning, Dec. 10th, will be one of the memorable merchandise events of this place. It will be a genuine bargain event, both as to quality and price, and the first of its kind ever undertaken in the Brick City. Col. M. Wilber Dyer of New York, a wizard in his line of business and the inventor of this system, will have charge. He has made a phenomenal success wherever he has conducted these sales and that has been all over this country. The goods in every particular are first class and are the purchases of mill end remnants that, taken in bulk, give a bargain prestige and power no other purchases can compete with. Everything in connection with this mammoth sale will be strictly on the square—goods as represented or your money cheerfully refunded during the continuance of this remarkable sale, which will last from Dec. 10th to the night of Dec. 24th. Here is an opportunity that only comes at great intervals and it remains for you, the consumers, to get the worth of your money twice over. Mr. Goldman, who has conducted the Globe for the past years and won an enviable reputation as a fair, square and upright, honest merchant, and a host of pleased and satisfied buyers over Marion and bordering counties, will be on hand to see that this square deal is guaranteed to all. This announcement speaks for itself and the prestige it is bound to assume with the public is an event worthy of note and congratulation. Keep your eye on the date and place and be on hand at the opening.

ROBBERY AT CANDLER

Last Monday Mr. R. J. Evans, of Candler, a Confederate veteran, was in Ocala with a load of oranges. Here he met a Captain Love, who claimed to be from Asheville, N. C. He said that he came to Florida to buy a home. At Love's request, Mr. Evans took him to Candler to look the land over. Naturally, Love being an old veteran, Mr. Evans invited him to stay at his house while in Candler, which Love did.

Wednesday morning Captain Love broke open a trunk belonging to Mr. H. W. Baxter, who rooms at Mr. Evans' home, taking therefrom \$60 in money and two revolvers, one a Colts .41, No. 881 and the other a Harrington & Richardson make.

Mr. Evans was in town this morning and gave the following description of Love: Is a man of about 5 feet, eight inches, weighs 140 pounds. Has a short neck, very small eyes, crooked fingers on left hand and had a boil on the right side of his neck. Was clean shaved, except a gray mustache. Front teeth all out and lips droop down and back and when he laughs the sound rattles through his nose.

Love is known to have come to Ocala Wednesday. A liberal reward will be paid for the apprehension of Love.

THE RAILROAD WRECK SALE

The Railroad Wreck Sale is continuing to be one of the greatest successes in the history of sales in this city. Manager Joel is more than pleased with the success that has attended the sale. Many more goods have been received from the connections of the company, who look out for wrecked stocks and forward them on to their agents, and the sale will be continued for some time longer. Mr. Joel is greatly pleased with Ocala and says in an experience of a number of years, in most of the medium sized cities in Florida and Georgia, he deems Ocala the best inland town of anything like its size in the south. The people will be offered great bargains at this sale, and should take advantage of it to supply their wants at a great saving in price. d&wit

Captain Lynch of Gainesville, state inspector of schools and school buildings, passed through town today. Capt. Lynch says Ocala has one of the best high schools in the state and in his comparisons he often refers other high schools to ours. There is no school its superior in Florida, that is, among the public schools, and he says in our principal, Prof. John H. Workman, we have a teacher and a man, who has no superior in all of Florida.

Bro. C. P. Setzer, formerly the most original newspaper man in Florida, tho made the High Springs Hornet famous, will "exterminate" on the Perry Herald in the future.—Lake City Index.

We are delighted to know that Bro. Setzer is again on Florida soil and will read the Perry Herald with renewed interest.

Dr. J. R. Blackiston is suffering from a kick in the stomach, administered by one of the express company's mules, on whose foot he was working. He was laid up for some time and is still very sore.

STROBHAR PARDONED

Attorney Carlos L. Sistrunk received a wire from Tallahassee last night saying that B. N. Strobar has received a pardon. Our readers will remember that several years ago Mr. Strobar was the agent for the A. C. L. railway at Gainesville and that he was accused of embezzlement, said to have used some \$15,000 of the company's money. But before he could be apprehended he left for Canada, where he remained some time, afterwards going to Atlanta, where an effort was made to bring him to Florida but failed. Later he returned to Gainesville, was tried and received a sentence of four years, which happened about a year ago. Mr. Strobar is well known in Ocala, having lived here many years and was in the employ of the railroad company and the Southern Express company.

VERDICT AGAINST MR. PYLES

The jury in the Piedmont, Va., Fertilizer Co. vs. S. R. Pyles case, which case occupied the attention of the court for three days and a half, found a verdict against Mr. Pyles yesterday afternoon. A note was given to the fertilizer company by the late George Close and endorsed by Mr. Pyles, as agent for said company. Mr. Pyles contended that the company sold direct to Mr. Close and that the Close note came to him with a batch of other notes, all of which Mr. Pyles endorsed. The note was for \$1,655. The company, however, produced letters from Mr. Pyles acknowledging his responsibility. Attorneys R. McConathy and R. A. Burford appeared for the plaintiff and R. B. Bullock and H. L. Anderson represented the defense. Able and exhaustive arguments were made on both sides. The judges' charge was full and clear and within an hour the jury returned with its verdict.

"CHIEF" HAD RABIES

The pet dog of the firemen, "Chief," went suddenly mad last night at 8:30 o'clock and bit Clifford Bray, Eugene Knight and Owen Caldwell, a young man from Electra. As soon as the facts were ascertained, the dog was killed and its head sent to the Pasteur Institute in Atlanta for examination. Messrs. Knight and Caldwell took the night train for Atlanta for treatment. Mr. Bray did not go as his wound was a mere scratch. It seems that the dog had been penned up in the hose house, but some one let him out. Messrs. Knight and Caldwell have been heard from. The Pasteur Institute authorities examined the head of the dog Chief and pronounced it a case of rabies. They will have to remain in Atlanta two weeks and take the Pasteur treatment.

THE W. C. T. U. ACCEPTS

The W. C. T. U. has accepted the invitation extended to them through the chairman, Hon. Henry W. Long, at the request of Mrs. Gary to unite with the U. D. C. and Confederate Veterans at the presentation of the loving cup to be given Mrs. Fannie Gary, and every member of the W. C. T. U. is earnestly requested to be present at the city hall at 10 a. m., December 8th, to march with the others to the courthouse. Committee.

Bargains on Christmas goods. We have a fine line of these goods that will be sold at very low prices. The Corner Drugstore. 12-1

HAT PINS

MADE OUT OF

REAL ROSES

Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of real live roses, changed entirely into metal by a secret process, preserving every detail of the rose from which each pin is made. They cannot break and will last forever. This discovery is without doubt one of the lost arts of the ancient Egyptians. They are the most beautiful of all Hat Pins. No two are alike. Finished in five colors to conform to the prevailing fashion in millinery. Made in six sizes, from the smallest rose bud to the full blown flower. These pins are made by the genuine "DE-LAMOTHE" secret process, the only process by which an open rose can be perfectly metalized. Don't buy any inferior imitation. All genuine "DE-LAMOTHE" Metalized Real Rose Hat Pins have the name stamped on the pin.

We have the exclusive sale of "DE-LAMOTHE" products for this city. See the exhibit in our window of this wonderful discovery. :

IN THE CIRCUIT COURT

The circuit court was engaged yesterday afternoon in considering the case of Blount vs. Barwick, in which the former, a real estate man in this city in 1905 had taken property of the latter's for sale and in promoting its sale had made visits to New York and Washington and finally found a buyer, but only to find that Barwick had sold the property. It is for the purpose of getting his expenses back that the suit is brought. The attorneys in the case were L. W. Duval for Mr. Blount and Ray B. Bullock for Barwick. The case was given to the jury at 11 a. m. today and a verdict was returned at noon for the plaintiff in the sum of \$709.08, with interest from July, 1905, to date of 290.41. The jury in the case was composed of George McGahagin, C. E. Taylor, E. L. Fleyermouth, R. W. McAuley, W. J. Hogan and Albert Graham.

The case called at noon was that of Thomas Keating vs. J. G. McGehee. It is for supplying McGehee's hands with liquor at the turpentine camp of McGehee at Umatilla. The amount involved is some \$700. It appeared in the evidence of witnesses J. M. Shaw, Henry and E. G. Pool, who were working for McGehee, that he recognized this business relation, having sanctioned the same by paying for goods received up to January, 1907, and saying in July of that year to the bookkeeper that he would take up the Keating account and settle it, but did not do so. The attorneys in the case are Richard McConathy and Joseph Bell for Keating and Attorneys H. L. Anderson and H. M. Hampton for McGehee.

CHEERFUL OUTLOOK FOR CUBA

Opinion of Governor Magoon of Affairs on the Island

(Jacksonville Metropolis, 2nd.)

Provisional Governor Charles E. Magoon, of Cuba, whose administration in the Pearl of the Antilles has caused favorable comment throughout diplomatic circles of the leading powers of the world, passed through this city this morning en route via the Atlantic Coast Line from Havana to Washington, where he will doubtless confer with President Roosevelt regarding present conditions on the island.

Governor Magoon, who was in the city for only a few minutes, expressed himself as highly pleased with the outlook of the recent Cuban presidential election, which resulted in General Miguel Gomez being elected president.

"Following the evacuation of the American forces," he said, "I expect the people of Cuba to be governed wisely and well, believing that the thousands of patriotic citizens will work in harmony toward that end. The island is one of the richest in the world, and in future years should be more prosperous than ever."

Governor Magoon will leave the island on the evening of January 30th, President Gomez and other officials taking immediate charge. The occasion is expected to be the most brilliant and impressive in the history of the country that was so long held under the tyrannical yoke of Spain. It is believed that their care few leading Cubans who do not appreciate the work of Governor Magoon and his assistants since American intervention.

What Governor Magoon will do after leaving Cuba is a question that is decidedly interesting to the American public, but, in view of his magnificent services, there is no doubt but that President-elect Taft will take good care of him.

COOL RECEPTION FOR CASTRO

President of Venezuela Will be Persona non Grata in France

Paris, Dec. 4.—France as a government, has taken up the matter of President Castro's visit to this country for medical attention. Remembering the summary expulsion of the French minister from Venezuela at Castro's order, the French government isn't very enthusiastic about the coming visit. It was determined that if Castro wants medical treatment at Bordeaux, he will be permitted to stop there, and if he wishes to go to Berlin, a passport will be willingly furnished him to cross the frontier. Under no conditions, it was decided, will he be allowed to come to Paris. France has no intention of trying to readjust Venezuelan differences with him.

We are headquarters for all good things to drink and eat. Good service and prompt attention. Hogan is the man.

PERILOUS DAYS IN PRAGUE

Many Killed and Wounded in Riots in the Chief City of Bohemia

Prague, Dec. 4.—Rioting of the Czech secessionists reached its height yesterday, barricading many streets. In an engagement with troops a number are reported as being killed and many are injured. The force of rioters is so greatly increased that unless the government sends reinforcements quickly there is danger of the Czechs temporarily taking the city. The hospitals are filled with the wounded.

A PERSONAL APPEAL

If we could talk to you personally about the great merit of Foley's Honey and Tar, for coughs, colds and lung trouble, you never could be induced to experiment with unknown preparations that may contain some harmful drugs. Foley's Honey and Tar costs you no more and has a record of forty years of cures. Sold by all druggists.

WATCHING THEIR RED SKINNED BROTHERS KICK THE PIGSKIN.

The Indian girls at the training schools at Carlisle, Pa., are greatly interested in the success of the remarkable football team of that excellent institution. There is little suggestion of the blanket Indian of the plains in the modern looking young women pictured herewith.
