PALACES ON WHEELS

Will be the Special Trains of the Southern Railway Between the North and Florida

To induce tourists from the East, North and West to visit Florida and other Southern resorts, each year the Southern Railway undertakes to do a little more than in previous years to make the resorts of Florida and the South more attractive to the people of the East, North and West, and this season have put in service the best tourist trains that have ever been operated in the South.

The first of these trains established is "The Chicago & Florida Special," first trip southbound January 5th, 1903. This train will have through sleepers from Chicago, Pittsburg, Cleveland, Detroit, Cincinnati, and Louisville and is run through to St. Augustine in very quick time. Train will consist of very best Pullman cars, dining cars and club cars, etc. Between Chattanooga, Tennessee, and Jacksonville, Florida, there will be also provided on this train a first class coach, which will be of much accommodation to travel between Chattanooga, Atlanta, Macon and Jacksonville. Between Chattanooga and Jacksonville, the train will only stop at Rome, Atlanta and Macon.

Northbound this train will leave St. Augustine 8:15 a. m.; Jacksonville, 9:20 a. m.; pass Atlanta, 6:20 p. m.; arrive Cincinnati next morning, at which place the sleeping cars diverge to various lines reaching Chicago, Detroit, Cleveland, Pittsburg, the same afternoon. This "Chicago and Florida Special" was inaugurated by the Southern Railway two seasons ago, but this season the train will be better than ever before, and will do very much toward diverting the people from Chicago and the Northwest to resorts of Florida, instead of as heretofore, they going to Mexico, California, etc.

The Southern Railway also operates a train known as "The Florida Limited," which is a through train from Cincinnati to St. Augustine. Schedule time of train between Cincinnati and Jacksonville is twenty-four hours. The run from Jacksonville to St. Augustine is made in an hour. This train has through sleeper from Cincinnati to St. Augustine; Chicago to St. Augustine via Louisville; Kansas City to Jacksonville via Memphis, Birmingham and Atlanta.

Northbound this train will leave St. Augustine 6:10 p. m.; leave Jacksonville 7:45 p. m.; arrive Atlanta next morning; arrive Cincinnati same afternoon.

From the east the Southern Railway will establish first trip southbound January 12, 1903, their famous "Palm Limited," which is probably the finest tourist train in the world. This train southbound will leave New York (daily except Sunday), 12:40 noon; arrive Jacksonville 2:20 p. m.; arrive St. Augustine 3:30 p. m.

Northbound this train will leave St. Augustine (daily except Sunday), 11:10 a. m.; leave Jacksonville 12:20 p. m.; arrive New York 4:13 p. m.

This train, the "Palm Limited," in addition to double daily service operated all year round between New York and Jacksonville via the Southern Railway. It is hard to describe the magnificence of these special Florida trains as run by the Southern Railway. About all that can be said of them is, that they are composed of the finest cars that the Pullman Company can build.

It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. It seems that the Standard Oil Company has about absorbed all that is worth having in the Texas and Louisiana oil fields.

AN ATTACK OF PNEUMONIA WARDED OFF

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an attack of pneumonia, which, in this instance, was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by Anti-Monopoly Drugstore.

Chicago will celebrate its centennial next September.

EASY ON EASTLAKE

Rock Bottom Facts About the Cold Snap

The mercury fell to 26 degrees Friday night and 28 Saturday night. In the lower places, it went below that. The trees will shed leaves, but we don't think the wood is hurt. They are shedding now. The very young trees will be killed back, apparently. Guavas are killed; lemons and limes were hurt but not killed. Fruit that was picked Wednesday is all right, both grapefruit and oranges. The satsuma trees have not been hurt. All the tender plants and vines around us in our house lot look like a boiled cabbage, only a little blacker.

N. H. DeLane is shipping grapefruit and they look and eat fine. His returns were quoted at \$7 and \$8 a box, with a request to go ahead forwarding balance of crop. The major portion of the fruit here has been shipped.

We understand that H. T. Spooner has commenced to ship the remainder of his crop of oranges and grapefruit.
