**CROSSED THE RIVER**

The Star bears a sacred regard of the public to the memory of J. L. Edwards, who for a dozen years or more has been a member of the firm of DeWitt & Co., of this city. He was an active and influential member of the firm during all these years, and his death is widely regretted.

Mr. Edwards was a man of high moral standing, whereunto he created a large circle of friends and acquaintances. He was a man of strong and unyielding principles.

He leaves a wife and sister, to mourn his removal. The news has been received with sorrow by many friends.

**GOOD ROADS WORK**

The city council, meeting on Tuesday with the exception of J. L. Edwards, who was absent through sickness, received and passed the report of Mr. DeWitt on the short line to the Chicago, Aurora & Elgin railroad. The council authorized Mr. DeWitt to work on the machinery for the completion of the line, with which the majority of the members of the council are in favor. The report is a sound one and will be read at the next council meeting. The council also received the report of the city engineer, who recommends the construction of the road from the present location to the end of the line.

Mr. DeWitt is a capable and experienced engineer, and his report is based on thorough examination and investigation and if followed will result in the best interests of the city.

**MORE OF THE SAME**

As to the question of the President's armistice, it is my opinion that it is a matter of temporary expedience, but that the true solution of the problem lies in a just and permanent settlement of the differences.

The President's armistice is a step in the right direction, but it must be followed by a determination to maintain the integrity of the Union until all questions are settled.

**BRENNIVIN**
