STETSON UNIVERSITY

From the Baptist Witness.

The spring term at Stetson University has opened auspiciously. A number of new students have enrolled. There is now a greater number of students on the University enrollment than at any time in its history during the spring term. This is true despite the fact that the Chicago students who came down for work in the winter term went back to their work in Chicago University, as they usually do. Before leaving, they assembled in the chapel and after the usual morning exercises closed, they gave their university yell, which was taken up by the students in general cheer for President Forbes. It was a graceful act, and created considerable enthusiasm.

The new normal students are a fine class of men and women and have already shown themselves capable of doing excellent work.

A VALUABLE MEDICINE

For Coughs and Colds in Children

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs and colds," says Chas. M. Cramer, Esq., a well known watch maker of Colombo, Ceylon. "It has been nearly two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by the Anti-Monopoly Drugstore.

THE NEGRO IN THE NORTH

From the Baptist Witness.

Booker T. Washington is quoted as saying that those who would do a service to his race should advise them to keep away from the cities of the North. He is right. The negro who goes to a large city does not ordinarily make as good a citizen as he does in the less thickly populated districts of the South. There he finds more vice and more opportunity to indulge in it than in the South. The Independent, with its usual narrowness on this race question, gibes at Booker Washington for his opinion and declares that the negro fares as well in the North as well as in the South. This shows either total ignorance of the question on the part of the Independent, or it has had the advantage of additional statistics of which nobody else in the world knows anything.

SAVES TWO FROM DEATH

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c. and $1 bottles guaranteed by Anti-Monopoly Drugstore. Trial bottles free.

ENGAGED.

Marriage is very largely an accident. In few cases do men or women set up a standard of manly or womanly excellence and choose by it. In most cases people become engaged as the result of propinquity rather than because of any deep rooted preference.

And so it often happens that the wife enters upon the obligations of maternity just as thoughtlessly as she entered on the marriage relation, because no one has warned her of the dangers she faces.

Thousands of women become invalids for lack of knowledge of themselves. It is to this large body of women that Dr. Pierce's Favorite Prescription comes as a priceless boon, because it cures womanly ills.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"After my first child was born," writes Mrs. Jordan Stout, of Fawcettgap, Frederick Co., Va., "my health was very poor for a long time, and last winter I was so bad with pain down in back I could hardly move without great suffering. My husband got me a bottle of Dr. Pierce's Favorite Prescription and a vial of his 'Pleasant Pellets,' which I used as directed. In four days I was greatly relieved, and now, after using the medicine three months, I seem to be entirely well. I can't see why it is that there are so many suffering women when there is such an easy way to be cured. I know your medicines are the best in the world."

Dr. Pierce's Pleasant Pellets the favorite family laxative. One 'Pellet' a laxative, two 'Pellets' a cathartic dose.
