#### WASPS ROUT WORSHIPPERS

(Philadelphia Record.)

Susquehanna, Pa., Oct. 11.-A gang of wasps held up a marriage ceremony and blocked a collection for the missionaries in the far-off isles of the sea as the choir sang "What Will the Harvest Be" at the Sunday morning service at the little red school house at Gray Corners.

In honor of the occasion Elder Swift, who was to perform the wedding ceremony, wore his ancient silk tile, brought out of the loft at home, where it had been stored for years. With gracious dignity he placed it on the teacher's table in front of the bridegroom and bride-to-be as they sat on the front

recitation bench. The services opened with the pathetic story of Jonah and the whale, and Elder Thompson offered a thirty minutes' to an appeal for a generous collection. The choir sang "What Will the Har-

the offering. Then the wasps got loose.

It only took a few cents to arouse the gang, and over a score came out of the oomy recesses of the tile and began o battle with the congregation. Elder Swift was the first to leap out

of a window, closely followed by Hobbs. The bridegroom-to-be carried his fiance bodily. Some of the people went through the windows, but nearly all

Pastor Swift limped to a nearby swamp and applied some mud to his aching bald head. His hat was a wreck beyond repair. In the crown was found the remains of the wasps'

In the evening the young couple were united in marriage by Elder Swift, who wore a skull cap.

No one who is acquainted with its good qualities can be surprised at the popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. #### SHE TOOK IT LITERALLY

Two school teachers were on a Putnam avenue car the other day, just after the classes had been reformed for the term, and they were talking, interestingly to themselves, about things generally in the departments in which they were engaged, and the number of children in their classes. Opposite to them sat an old and rather neat woman, who had a large basket on the floor beside her.

"How many children have you?" said one of the teachers to the other.

"I have forty-seven." The old woman looked up with a look f bewilderment, rather than surprise. 'How many children have you?" askd the other teacher.

"I have sixty-five."

A look of deeper surprise came over the face of the woman with the basket, but she did not say anything until she reached her destination. While getting out of the car she turned her head and said in a loud voice:

"I do not know who you are, or where you come from, but I can say you are a slick pair of liars."-Brooklyn Eagle.

#### A GREAT SENSATION

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price, 50c. and \$1. Guaranteed by the Anti-Monopoly Drugstore. Trial bottles free.

#### THE DENTIST STOOD OUTSIDE

George B. Shaw, the playwright, being asked how he came to choose so odd a place as a dentist's office for the opening scene of the comedy, said: "My earliest recollection is of a dental joke on my cousin John's large mouth. John, it seems, went to have a tooth filled, and the dentist told him to John did so, and such an alarming orifice did he reveal that the dentist exclaimed

"'Don't trouble to open your mouth any wider, sir. I intend to stand out. side to fill this tooth."

#### DIRTY CHILDREN IN THE SLUMS

Susan B. Anthony, on her return from Europe, talked in an engaging way about the things she had seen over there. Of a certain slum she said:

"The children of this slum are dirty, very dirty. I hardly know how to make clear to you the superlative degree of dirtiness that makes them. I was told, for one thing, that a mother in this slum often goes out on the street and washed half a dozen children's faces before she was able to find her own

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the rounds caused by percussion caps or by rusty nails, and when the air is exluded the germ is aroused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided freely as soon as the injury is received.
