Entered at the Ocala Postoffice as second class matter.

The Gainesville Sun says its unsanitary condition arises from their bucket system of removing night soil in the early morning sun. It is crying aloud for a perfect sewer system.

"It is the opinion of Rev. Edward Abbott," says the Canadian Baptist, "that New Zealand is in many respects the most advanced of the governments of the world. In that colony women have had the right to vote always, and on all questions they vote on absolute equality with men. The government owns and manages the railroads, parcels express and the telegraph and telephone services, as well as the post office. If in any town there are not as many children as will justify the founding of a school, the children are carried to and from the nearest school free on the government railway. The government also carries on a banking and life insurance business, and a trust business such as is managed in our country by a trust company. Old age pensions are provided for, that insure old people against want. They must have reached a certain age, and have lived a fixed number of years in the colony, besides being free from any stain of criminality and without any private income. The country has also a system of compulsory arbitration."

BELLEVUE, THE CITY OF OAKS

An electrical storm passed over town Wednesday afternoon.

Mrs. True Whittier attended the capm meeting at Moutn Dora recently.

Miss Edna Nichols gave a birthday party to her young friends Saturday. Professor Green preached at the town hall Tuesday and Wednesday night. The Professor is an able and eloquent expounder of the Bible and his sermons are listened to with great interest by all.

Mr. C. T. Trask has been on the sick list, but is much better.

Jacksonville capitol removal buttons are to be seen occasionally here, but only as curiosities for some of the young people.

Mr. R. C. Ridge, the "Arkansaw traveler," took a "John Gilpin" ride to Hallville Monday.

Some parties, for mischief or devilment, are poisoning the dogs about town. Mr. R. C. Ridge's red setter was one of the victims.

Rev. Mr. Freer, of Shady, was in town Monday.

Mr. A. N. Nichols' spaniel dog was shot and killed Saturday night by some unknown party.

The News Letter has come out advocating Jacksonville for the state capital. This paper by no means represents the wishes of the citizens of Bellevue, who are loyal to their county and to Ocala for the capital to a man.

Mrs. Wash Harrell and Mr. Harrell's mother have gone to Jacksonville to reside, where Mr. H. has a good position.

Mr. George Pope and family will shortly move in town. They will occupy the Polly place.

(Items from the News Letter.)

Conductor Billy Seibert is visiting his mother in Ohio. He will return about September 1.

Rev. P. W. Corr, editor of the Monticello Tribune, was a welcome guest of ye scribe this week.

A party of young people from this city will camp on the shores of Lake Weir next week. General Bullock, of Ocala, has generously tendered the use of his packing house.

Mrs. May Yarter-McPhaul is now permanently installed station agent of the Seaboard Air Line at this place, to the delight of her many friends.

Warren W. Smith was arrested last week on the charge of shooting cattle, preferred by W. R. Bryant. He was given a hearing before Justice Dillard at Summerfield Friday, and bound over to the October term of the circuit court. Mr. Mitchell, of Summerfield, furnished the necessary bond of \$100.

Mr. L. D. Whitlock, railroad station agent at this place, has been transferred to Silver Springs.

Mr. Fred Waite, of Manatee, was in town Saturday looking after his Bellevue interests. He has been sick with malarial troubles, and is on his way North to spend the rest of the hot season with his family, who are at Short Beach, Conn.

The people who went from here to Mt. Dora campmeeting, held on the chautauqua grounds, report an enjoyable time. The beautiful grounds and conveniences attached, with the fine weather prevailing during the meeting, and the class of people attending, made the ten days' stay pleasant and desirable from a purely physical, social and esthetic standpoint. But the chief interest centered in the religious element. The spiritual fervor of the meetings outdistanced the solar heat, and increased to the end. Souls were converted and Christians greatly blessed.

A POWDER MILL EXPLOSION

It is an established fact that lemons, when combined properly with other liver tonics, produce the most desirable results upon the stomach, liver, bowels, kidneys and blood. Dr. H. Mozley, Atlanta, Ga.: I have been relieved of a trouble which greatly endangered my life, by using Mozley's Lemon Elixir.
