Quite a number of Ocala people have gone to Oxford to work in the crate factory.

The American army in the Philippines is to be reduced to 40,000 men. It now numbers 65,000.

Work has commenced on Atlanta's new hotel. It will be ten stories high and cost \$600,000.

The singing of Rev. J. T. Betts to the pupils of the Ocala High School was very much enjoyed.

Another cyclone has just plowed through Central and Northern Alabama, doing vast damage.

Pomeroy & Brown, of the Oxford crate factory, are running eleven hours a day with a large force, so busy are they.

The safe in the postoffice at Tarpon Springs was blown open a few nights ago and \$1000 in cash taken. The robbers were successful in escaping.

The South African war has lasted nearly as long as the Crimean war and cost England more money. Great Britain now has 250,000 men in South Africa. It is not possible that the Boers have more than one-twentieth as many, but they keep their opponents busy.

Kansas has done her governor proud. The legislature of the Sunflower State has concluded to take the governor and family out of a boarding house and put them in a governor's mansion, to cost \$90,000. This is just what Florida should do for its governor, though the mansion need not be so expensive.

A noted London club man once laid a wager with a friend that the latter could not sell a given number of gold guineas at a penny a piece. He won his wager. The people refused to buy. They thought he was offering too much for too little.

It may be that the claims made for Dr. Pierce's Favorite Prescription seem almost too great to women who in years of suffering have found no help in doctors or medicines. But it is to be remembered that no claim is made for "Favorite Prescription" which is not substantiated by thousands of women cured by its use. Its effects are truly wonderful. It wipes out past years of pain as a sponge wipes a slate.

Favorite Prescription is the great medicine for women. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness. It is the best preparative for maternity, making the baby's advent practically painless.

"When I wrote to you in March, asking advice as to what to do for myself," says Mrs. Ella Reynolds, of Guffin, McLean Co., Ky. "I was expecting to become a mother in June, and was sick all of the time. Had been sick for several months. Could not get anything to stay in my stomach, not even water. Had miscarriage twice in six months, and threatening all the time with this one. Had female weakness for several years. My hips, back and lower bowels hurt me all the time. Had numbness from my hips down. Had several hard cramping spells, and was not able to do any work at all. I received your answer in a few days, telling me to take Dr. Pierce's Favorite Prescription. I took three bottles, and before I had taken it a week I was better and before I had taken it a month I was able to help do my work. On the 27th of May my baby was born, and I was only sick three hours, and had an easy time.

"We praise Dr. Pierce's medicine for it has cured me."

THE ENGLISH EDWARDS

The newly crowned King of England bears a name which has been made illustrious by several of his royal predecessors.

England has had kings of three houses named Edward. The first, second and third Edwards were Plantagenets and in point of ability the house of Plantagenet gave England more sovereigns of extraordinary ability than all her other royal lines combined. The fourth and fifth Edwards were Yorks and the sixth a Tudor.

Of all the Edwards the first and the third were incomparably the greatest and did much more than all the others to increase the power of England and make illustrious the name they bore.

Edward I. is justly regarded as the greatest of the Plantagenets. He was the son of Henry III. and during his reign of thirty-five years proved himself both a statesman and a soldier of very high order. Though he did not succeed completely in accomplishing the great ambition of his life, the bringing of the whole island of Great Britain under the sovereign of England, he hastened that event and strengthened greatly the foundations of the English throne. Edward II. is famous mainly for his overwhelming defeat of the Scotch at Bannockburn, and his subsequent deposition and murder through the intrigues of his wife.

Edward III. had one of the longest and most glorious reigns in English history. The English armies commanded by him and his son, Edward the Black Prince, were invincible. They beat and humbled the French as Englishmen never had before, and at Crecy and Poitiers won two of the greatest victories on record.

Edward IV. was not lacking in ability, but was cruel and dissolute.

Edward V. was deposed after a reign of only three months. He was a mere boy and is believed to have been murdered in the Tower.

Long afterwards came Edward VI., who was a sickly youth and a mere figurehead.

Edward VII. is a man of very different characteristics from the great Edwards. He does not possess the genius which made them potent and famous, but he lives in far different times and has problems of far different nature to meet.

He is a mature man, conservative and experienced in the ways of the world.

The fact that he has led hitherto a very worldly life does not imply that he will not be a serious and devoted monarch.

In all his gayety he has never approached "Prince Hal," who from a reckless and roystering youth developed into one of the ablest and noblest of all English kings. Let us hope well for Edward VII.—Atlanta Journal.

THE BEST REMEDY FOR RHEUMATISM

Quick Relief From Pain

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies, but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by the Anti-Monopoly Drugstore.

BANNER SALVE

the most healing salve in the world

CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Pollitt, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

At the Capitol

I am in my seventy-third year, and for fifty years I have been a great sufferer from indigestion, constipation and biliousness. About one year ago, the disease assuming a more severe and dangerous form, I became very weak, and lost flesh rapidly. I commenced using Dr. Mozley's Lemon Elixir. I gained twelve pounds in three months. My strength and health, my appetite and my digestion were perfectly restored, and now I feel as young and vigorous as I ever did in my life. L. J. Aldred, Doorkeeper Georgia State Senate, State Capitol, Atlanta, Ga.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
Mrs. MARGARET FORD.
