DR. A. H. R. FREDERICK

Ocala Has Lost a Good Physician and a Good Man

Our people were shocked yesterday afternoon to learn that their respected fellow citizen, Dr. A. H. R. Frederick, was dead.

He had been in poor health for the last two years, though not sufficiently so to confine him to to his home. Only a few days ago, he returned from White Springs, at the waters of which noted resort he unavailingy sought relief. He was feeling unusually well Sunday and ate a hearty dinner, after which he walked around in his yard. About the middle of the afternoon, he had a sudden attack of heart trouble, which rapidly grew worse. He laid down on his bed and in a few minutes was dead, without being able to express his last wishes to those around him.

Dr. Frederick came here from Lafayette, Ala., some ten or twelve years ago. He was active in practice up to two years ago, but since then, owing to ill health, has attended only to such cases as he could not well refuse to take. He was a skillful doctor of the old school, and had a large practice as long as he was able to attend to it. He was a most popular man. He naturally possessed great kindness of heart, and, like all medical men, never turned the deaf ear to the appeal of distress, always relieving pain whether the prospects for pay were good or not. Consequently, his deeds of goodness are unnumbered. Outside of his calling, he was a most genial and popular man—a friend of all who wanted or needed a friend.

During the civil war he was assistant surgeon of the 47th Alabama regiment, and came out of the great struggle with a bright record for courage and skill.

He leaves to mourn his death a wife, three daughters and two sons. Two daughters are married and all are in Alabama, where the youngest, Miss Hattie, is visiting one of her married sisters. One son, Robert, holds a position on the Georgia, Southern & Florida railway, the other, James, resides in Georgia.

The remains left today in charge of friends for Lafayette, Ala. Robert Frederick will meet the sad party in Jacksonville.

AFTER MANY YEARS

Of suffering from kidney disease, Miss Minnie Ryan, of St. Louis, Mo., found a complete cure result from the use of Dr. Pierce's Golden Medical Discovery.

It is such cures as this which establish the soundness of Dr. Pierce's theory: "Diseases which originate in the stomach must be cured through the stomach." Every other organ depends on the stomach for its vitality and vigor. For by the stomach and its associated organs of digestion and nutrition the food which is eaten is converted into nutriment, which, in the form of blood, is the sustaining power of the body and each organ of it. When the stomach is diseased the food supply of the body is cut down, the organs are starved, and the weakness of starvation shows itself in lungs, heart, liver, kidneys or some other organ.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so cures disease of other organs which have originated through deficient nutrition or impure blood.

"I had been suffering with kidney trouble twenty years," writes Miss Minnie Ryan, of 1537 Louisiana Avenue, St. Louis, Mo., "and I had doctored with a number of the best physicians. Two years ago I commenced taking your 'Golden Medical Discovery' and 'Favorite Prescription' and took also several vials of Doctor Pieree's Pellets. I took eight bottles (four of each), and I feel now perfectly cured."

Dr. Pierce's Pellets cure biliousness.

AT THE CHRISTIAN CHURCH

The National Bereavement—Its Bright Side

Was the subject of Evangelist W. E. Daugherty, in his sermon at the Christian church, yesterday morning. His text was from Deut. 34:1-5. The following are a few gathered thoughts. The sermon was listened to by an attentive audience:

The preacher said our martyred president was done with mortality and all its attendant frailties. The wail of this great nation says: "He has gone from among us." But he has entered rest, and in his departure, he was ready, and further, the president's death will permit of a nobler garnishing than has been yet given it, surround it with higher associations that ennoble and elevate. President McKinley died by the bullet of an enemy; so died Lincoln and Garfield. Besides thousands of soldiers have so died on field of battle far from home and loved ones.

President McKinley was a man from the people and of the people, and in his death there was a fitness in his nature and life in that he was joined to his countrymen in a final common experience, many having fallen by the enemy's bullets. In his death he has had actual fellowship with every brave and true soldier who has thus died. The blow was aimed at our government. The same has been strengthened, but anarchy has been weakened, but best of all President McKinley exemplified the teachings of our Savior and has common fellowship with Stephen and many martyrs gone before. We should rejoice that God has given us a leader that can stand and say to the one that has injured him "Do not hurt that boy." In this President McKinley showed the Christ spirit. Also in saying to his near ones. "Bear with this, it may be best for us." "It's God's way; his will be done." We should show our gratitude for characters like this and look at the bright side of all happenings.
