The Ailing of a Good Woman.

Mrs. Andrews is the name of the good woman who was the object of our attention to-night. She is a woman of middle age, with a face that has seen better days, but still retains a certain amount of comeliness. She is the wife of a prominent citizen, but her health has been failing for some time. Her legs are weak, her vitality low, and her general condition is not good. It is said that she has been suffering from diabetes for some time, and that this is the cause of her weakness.

Mrs. Andrews is a good woman, kind and gentle, and has always been beloved by her neighbors. She has had many friends, but now her friends are few, and her home is lonely. She is not well, and her husband is away on business, so she is left to herself. She is a lonely woman, and her health is failing.

It is said that she has been visiting a doctor, but that he has been unable to find anything wrong. She is taking medicine, and her husband is sending her money, but she is not getting better. She is a good woman, but she is not well, and her health is failing. She is a lonely woman, and her home is lonely.
