Coming in Every Day

Substantial Goods

The sort of materials are here for outdoor wear in the autumn. Heavy enough for comfort and for health, and pretty enough to be a pleasure to ladies who are anxious to have the newest and the best, and who know what is right. It's better to buy among the first, and get the choice.

RIBBONS AND TRIMMINGS

In the line of ribbons and trimmings we have an endless variety, and you can have them just as elegant as you want them. We have the grades that look well and are not very expensive; that appear better than the price indicates.

LINENS AND MUSLINS

You save a great deal by having your undergarments from the ready-made stock rather than in making them yourself. But if you prefer to make them, you get the choicest of stock here. Even, strong muslin as low as 6c. Real linen of excellent quality from 11c. up—splendid stuff.

ERRONEOUS IMPRESSION

In our report of the runaway Sunday, in which Mrs. A. E. Waterman was hurt, it read as if Mrs. Newsom and Mrs. Hiers jumped out and left their mother and the children to their fate. Such was not the case, and our informant did not report the accident just as it occurred. Mrs. Newsom was thrown out when the horses first jumped, and when they began kicking, Mrs. Hiers pluckily jumped out to hold them, but before she could catch the reins they had kicked the singletree loose and ran away, dragging the carriage by the tongue for a hundred yards before upsetting it and throwing the other occupants out.

A BOLD ROBBERY

Last night at 10 o'clock a burglar broke a hole through the rear wall of H. C. Groves' drugstore by picking out the brick, one by one, where a small hole had already been started, and crashed through into the store, where he opened the safe, which was not locked and then proceeded to burst open the different locked compartments, all of which he gained an entrance to except the one which contained what little change was left in the safe, only a few dollars, when he became frightened at the police outside, and left. He did not take anything, as far as could be seen, but scattered the papers in the safe over the floor and seemed to be looking for big "swag." He left his kit of tools on the counter by the safe and the array is very formidable and well worth inspection.

Mr. and Mrs. Frank Huber room over Wm. Benus' bakery and their bedroom is only a few feet from the rear of the store. Mrs. Huber was sitting by the window reading and saw the man at work and saw him crawl into the store. Mr. Huber notified the police and Mrs. Huber watched the hole. The officers came, struck matches and looked at the hole and said it was too small for a man to crawl through, went away and a few minutes later Mr. and Mrs. Huber saw the man open the door from the inside and deliberately walk off.
