SPARKMAN IS BUSY

He is Trying to Secure Some Appropriations for Florida Rivers

Washington, June 6.—Representative Sparkman is in the city to urge the secretary of war to spend some of the balance of river and harbor appropriations already provided for the Crystal, Ocala and other rivers in Florida. There is an unexpended balance on hand, and the disposition of the chief of engineers is to use the money available.

SUED BY HIS DOCTOR

"A doctor here has sued me for \$12.50, which I claimed was excessive for cholera morbus," says R. White, of Coacohella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used, as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus. It never fails. Sold by all druggists.

NO RAIN FOR FOUR MONTHS

The Candler Correspondent Describes the Condition of the Country

Candler, June 4.—The drought still remains unbroken here and conditions are rapidly growing worse. With the exception of two or three light showers no rain has fallen sufficient to wet the ground since February. Cotton is dying and early corn will be a complete failure. Melons are cut off at least one-half. Orange are dropping and the trees are suffering for the lack of moisture. Velvet beans are standing the dry weather the best of any crop. No sweet potatoes can be planted.
The situation that confronts the farmers here is a serious one, and unless rain comes quickly all crops will be a complete failure. North and south of Candler rain has fallen lately, and conditions are improved. Hot, dry winds prevail, making the situation worse.

The first ear of melons from this point is being loaded today by W. R. Caldwell. The peach crop has been about all marketed, and prices have been good. The fruit was small on account of the dry weather, but has sold well in the markets. Orchards planted this spring are not doing very well.

HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bedtime and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 227 E. First St., Hutchinson, Kans., writes: "I have used Ballard's Horehound Syrup in my family for five years, and find it the best and most palatable medicine I ever used." 25c, 50c, \$1. Sold by the Anti-Monopoly Drugstore.

EXPLOSION AT PEORIA

Causes a Great Loss of Life and Property

Peoria, Ill., June 6.—An explosion, which occurred in the eleven-story warehouse of the Corning Distillery, the second largest in the world, Saturday afternoon, completely wrecked the building.

The ruins immediately took fire and communicated to three adjoining buildings, burning them to the ground. Ten men were buried beneath the ruins and burned to death and six others were seriously injured. The loss on buildings and whisky and spirits stored will approximate \$1,000,000.

The fire spread to the stock yards district, where a dozen large cattle barns, filled with cattle for market, were burned.

The cause of the explosion cannot yet be determined. The wildest excitement prevailed after the explosion, and the immense plant was surrounded by thousands of people, who, however, were unable to get close to the structure on account of the intense heat.

Whisky Flowed Among Cattle

The warehouse, containing in the neighborhood of 30,000 barrels of whisky, was instantaneously a seething caldron, and it was seen that no one inside the big structure could escape. The warehouse, in crushing the smaller structure nearby, set that on fire, and the whisky from the burning barrels flooded everything in that section.

Large streams ran down grade toward the river, and in a short time there was a foot of whisky in the cattle pens east of the warehouse, where 3200 steers were chained fast. Their distress lasted but a few moments, however, for they were soon roasted to death or suffocated.

They were the property of Dood and Keifer of Chicago. It is impossible to compute their loss, but it will amount to thousands of dollars.

The two fermenting houses were speedily food for the flames. They were two structures of good dimensions and both were practically destroyed.

Water Had Little Effect

The firemen got near the fire with difficulty, and the water had little or no effect. A high wind was blowing and fanning the flames in the direction of the Monarch Distillery, and for a time it was feared that the fire would sweep along the entire river bank. However, the heroic work of the firemen began to tell, and at 7 o'clock the fire seemed under control with no likelihood of a further spread.

FIGHT WILL BE BITTER

Those who will persist in closing their ears against the continual recommendations of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her." Guaranteed by the Anti-Monopoly Drugstore. Price 50c. and \$1. Trial bottles free.

GOVERNMENT CONTROL OF AIR

The navy department at Washington proposes to assume charge of all wireless telegraph stations on the sea coast of the United States, and to prohibit the operation of such stations by private persons or corporations. This is thought to be necessary to a proper defense of the coast. It is forehanded that the service will be free to the general public.

FOR A HUNDRED YEARS

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. DeWitt and Co., of Chicago, to discover how to combine the virtues of Witch Hazel with other antiseptics in the form of a salve. DeWitt's Witch Hazel Salve is the best salve in the world for sores, cuts, burns, bruises and piles. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "DeWitt's" on the package, and accept no other. Sold by Wm. Anderson.

BURNED TO DEATH

Jacksonville, June 6.—Saturday at 6 a. m. Mrs. Sophie Myerson, in lighting a gasoline stove, accidentally set her clothing on fire and was so badly burned that she died at 4 o'clock that afternoon. Her son, Col. Max Myerson, in trying to save her, was badly burned. Mrs. Myerson was 74 years old and a native of New York City. The man's fate was awful, but in view of his treatment of his wife, he only received his due.
