"JEEMES" FOR SPEAKER

Friend Bittinger: I was only a candidate two weeks and carried every precinct in the county, some of them unanimously. I will win for speaker all O. K., but want your help. Marion county ought to support me, for I would do anything for her and her people. Write me all the news, and help make your old time friend and admirer speaker and when you come to Tallahassee you will have a claim on the speaker.

J. E. Alexander.

Now, we knew our old friend, Mr. James E. Alexander, of DeLand, Volusia county, was a candidate for speaker of the house of representatives at the convening of the legislature, but regret exceedingly we cannot line up for "Jeems" on his candidacy, because we have a candidate in the person of Judge Ion L. Farris, a Marion county boy, who by his talent, ambition and ability has located in the great metropolitan city of Jacksonville, where he is making a great success in the practice of law. Having served one term in the legislature and made a good record and was re-elected over several formidable competitors. We are inclined to think he will make an able, impartial and faithful speaker and therefore we must stand by home talent for if home talent don't get home support how can it expect to succeed. We are sorry James, old boy, the situation is at it is, otherwise you could command our time and space and we would shout our loudest and do our darndest to elect you to the speakership. All the aspirants can't be successful and we trust those defeated will labor the more strenuously to do their duty and their whole duty on the floor.

THE G. A. R.

The Grand Army of the Republic, Department of Florida, met this week at St. Petersburg and the following officers were elected: James Skinner, Archer, department commander; Rev. J. O. Thompson, D. D., St. Petersburg, senior vice commander; Joseph Bumby, Ocala, junior vice commander; Rev. J. B. Shape, St. Petersburg, department chaplain; H. M. Bruce, Tampa, medical director; William Emerson, Tampa, R. H. Robley, Palatka, J. D. Bosworth, St. Petersburg, W. S. Stockwell, Dade City, James Stevens, Jacksonville, council of administration.

Among those who addressed the meeting were ex-Gov. VanZant, Minnesota, National Chaplain Spencer, of Cumberland Gap, General Chase, of Ohio, and others.

Ninety veterans attended the banquet spread for them by the Woman's Relief Corps of St. Petersburg.

Among the noted speeches made at the banquet was that of Mrs. Evans, of Veteran City, on "American Women the Basis of Patriotism."

The meeting was a very enthusiastic and happy one. The next meeting will take place at Gainesville.

Mr. Arthur Brown, a representative citizen a decade or more ago of Belleview, is now in charge of the biggest grapefruit grove in the state or world at Ellenton, Florida, on the Manatee river and known as the Atwood grove, owned by a gentleman of that name in Philadelphia, who has millions at his command and is making more out of the grapefruit grove. We had the pleasure the other day to see Mr. Brown for a moment; in fact, if he had not seen us and called us, we should have missed a real pleasure for to know this Mr. Brown and appreciate his good qualities is an asset in life. Mr. Arthur Brown on the Manatee is a real live lord of creation and wand of authority and his jurisdiction is some. He is not only the general manager of the famous Atwood grapefruit grove, which covers half a mile square in territory, but this season matured 40,000 crates of fruit, 30,000 of which have been shipped and 10,000 more are being shipped. The prices obtained so far have been very good. Mr. Brown not only is the manager of this manor so far as giving orders and determining what shall be done to increase the efficiency of the grove and how to distribute the fruit to secure the best returns, but is postmaster, express agent, freight agent, dealer in crates and supplies and, in reality, is the whole thing and with it all a clever, genial, bright, intelligent, progressive and commendable citizen. May he prosper as he deserves. The Atwood grapefruit grove is one of the show places on the Manatee.

The editor of the Star had a special invitation from President Blackburn, of Rollins College at Winter Paark, to be present at the dedication of the new Carnegie library building and Chase hall, but had to decline on account of urgent business.

The editor of the Star having a special invitation from the chairman of the publicity committee of the Eustis Washington birthday celebration, will accompany the Metropolitan Band to that ideal town Sunday afternoon and Monday enjoy the boat regatta review on Lake Eustis on the commordore's flagship. The band will return after the ceremonies of the day to Leesburg and reach home on the 2 a. m. A. C. L. train. If there are any persons in Ocala that desire to attend the Eustis celebration, and it is one of the most interesting and unique in the land, they can accompany the band and the expense of the trip will be $1.86. Those contemplating such action, please consult Mr. Albert Gerig, leader of the band.

Several days ago Mr. R. B. Bullock received two very fine hound dogs from Michigan. Thinking that he could easily manage them both, he took the two dogs from the express wagon up town and no sooner done before one dog escaped. Mr. Bullock has not been able to find it but he has not given up hopes.

Mr. J. A. Campbell, the successful and faithful manager of the Ocala Water Company, paid his sick brother at Tampa a visit this week.

Mrs. T. H. Johnson and daughter, Miss Clara, went out to Martel this afternoon to visit friends.

Mr. Smith, bookkeeper for the Teapot Grocery, went down to Lake Weir yesterday afternoon on business.

HUMAN'S ANCIENT VIOLIN

A Master Hand on a Music Seasoned Instrument

Theodore Human will play on his ancient violin next Monday night in the concert and entertainment given by St. Margaret's Guild. This rare old instrument is his most precious possession and he has repeatedly refused enormous sums for it. It is an old, Italian make, valued at a few thousand dollars and has a beautiful, mellow sweet tone.

Human has another interesting relic—a collection of his old programs, press notices from various parts of the globe and similar tokens of his reputation wherever he has been.

Human is, as may be supposed from his extensive travels, a linguist speaking, in addition to English, all the principal languages and including numerous dialects of the European countries.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

BRYAN PROPHESIES A DEMOCRATIC CONGRESS

New York, Feb. 20—Widespread interest among politicians has been aroused by an article by William Jennings Bryan in the March number of Munsey's Magazine, entitled "The Future of the Democratic Party." Mr. Bryin in his paper carefully analyzes the political conditions of the present day, discussing the policies of his party at length.

"It is more than possible—it is even probable," he declares, "that the house of representatives to be elected in 1910 will be democratic."

MANY RHEUMATISM VICTIMS

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respector of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system, which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure, become clogged and inactive, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and uninary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.

When visiting the Tampa fair do not fail to call at the South Florida Mail Order House, 101 Lafayette street, just as you start across the bridge and see John T. Moore of Ocala, the manager. He will give you a warm welcome and show you a strictly first-class stock of whiskies, wines and beers.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

AN EARTHQUAKE IN IRAN

Scores of Villages Destroyed and Probably Hundreds of Lives Lost in Persia

Teheran, Feb. 19.—The governor of Bushire, a town in southwestern Persia, has sent out agents to investigate the damage wrought by the earthquake of Jan. 23. The devastation is particularly severe in the mountainous region between Bushire and Laristan province. It has been already established that fifteen villages were wholly or partially destroyed, and it is estimated that the total number will undoubtedly be more than fifty. Only a small proportion of the inhabitants of the area where the shocks were most severe escaped. Some villages disappeared completely.

RICHMOND IN A RAGE

When the crime was discovered posses were quickly formed and the county scoured. Christian was caught and lodged in jail by the officers. He has made a full confession. If the officers had not captured him he would have been lynched by the infuriated mob. He was given an immediate trial and sentenced to be electrocuted March 22nd.
