PRIZE WINNING FLORDA POULTRY

Exhibit of Beautiful Birds in the Industrial Building at the State Fair in Charge of Mrs. L. T. Trousdale

(Mrs. Pauline Brownehazen in the Tampa Tribune.)

The exhibit of handsome domestic fowls and pets at the Industrial Building is one deserving special mention. The privilege of seeing so many wonderful species of poultry is not often given to the people of this state, in fact no exhibit of the kind has ever been so complete at any time previous. Even visitors who have little technical knowledge of high class birds find that this exhibit holds keenest interest. Mrs. Trousdale, secretary and superintendent of the department—herself an enthusiast—has inspired many to exhibit their fine poultry by her untiring personal efforts.

There are beautiful Angora rabbits, Persian cats and English bull dogs in addition to the fowls in this exhibit.

Mrs. Florence Forbes, of New Decatur, Ala., has a collection of beautiful White and Brown Leghorns, which have taken prizes all over the country. These are not entered for a prize here, not being of this state, but they are full of interest to all lovers of fine birds. Mrs. Lester Windsor, of Winter Haven, sent Partridge Wyandottes and a handsome Persian cat. Mr. J. D. Calhoun of this city, submitted a pretty group of English pheasants. Mrs. T. C. Vowell, of Ellenton, has Indian Runner ducks, which are perfect beauties. Mr. C. G. Megargee, of Umatilla, has some interesting Cornish Indian game fowls. Mrs. Logan Trousdale, of this city, entered beautiful South Carolina Rhode Island Reds and two English bull dogs. Mr. W. T. Johnson sent White Wyandottes as dainty and clear as if they had just donned an Easter garment. Mr. J. T. Moore, city, has some fine Rhode Island Reds. Mr. Frank Folsom has an exhibit of Silver Suakright fowls. Hester Brothers sent a splendid specimen of Black Warhorse game. Mr. J. J. Stevens, of DeSoto county, entered White Opinatons, which are well worth seeing. Beauties from Keystone Park sent by Mr. J. S. Little are Rosecomb Rhode Island Reds. Barred Plymouth Rocks were entered by Mr. George L. Clemens. Cunning Angora rabbits and white jack rabbits have been submitted by Mrs. K. Haskins. These pets have had their share of admiration. T. A. Snipes sent lovely Indian Runner ducks, bantams, pigeons and Bronze turkeys which are very interesting. Mr. William Cranch, of Punta Gorda, has an exhibit of Buff Orpingtons and Silver Wyandottes. Handsome single comb Rhode Island Reds were placed by Mrs. J. E. Whitehead, of this city. Mr. John Simmons sent Black Minorcas, which are a worthy addition to the exhibit. Mr. H. C. Durham, of Tampa, has some fine Black Plymouth Rocks. Mr. T. E. Weir, city, sent a very attractive turkey, whose joyousness at having safely passed the hazardous season of Thanksgiving, Christmas and New Year is infectious. He is no doubt grateful to the state fair that he may have a time to draw a deep breath before he sacrifices his life to others. Mr. D. J. Archley sent a collection of games. Mr. Benjamin Cosal, of this city, has some splendid specimens of Black Minorcas, whose proud carriage is admired by all who visit them. Mr. B. F. Jackson, of this city, sent some fine single comb Rhode Island Reds. Mr. W. R. Harris, also a Tampa man, submitted handsome Plymouth Rocks. A collection, varied and admirable, including B. C. Bantams. Game Bantams, a pair of Muscovy Ducks, pair of Silver Guinea, White Geese, pair of Pea Fowls, South Carolina Rhode Island Reds, Silver Spangled Hamburgs, Black Minorcas and White Holland turkeys, were sent by Mr. W. R. Harris, of this city. They have been so enthusiastically complimented that their "heads are turned" expectanatly to the passer-by for more praise. Mr. W. P. Jackson sent some beautiful Barred Plymouth Rocks. Mr. Wood has some fine Rhode Island Reds. This species seem to be a general favorite in the state, there being more Rhode Island Reds in the exhibit than any other variety of bird. Mr. A. C. Messer, of Manatee county, is exhibiting some very handsome Black Minorcas and Buff Orpingtons. Mrs. Eva E. Pimm sent fine white Leghorn, a fowl that has always its admirers. Nothing can be a prettier sight than a barnyard full of these snowy fowls. Mr. William P. Woodworth, of St. Petersburg, sent magnificent White Plymouth Rock Combs, Buff Plymouth Rocks, Partridge Rocks and Barred Rocks, all so soft and fluffy that a look at them suggests downy feather beds and pillows not in the least like the word (rocks) in their names. Mrs. F. Delbridge, of this city, sent some attractive Persian cats. Mr. George B. Stein, of Ocala, is exhibiting beautiful Warhorse games. The Barred Plymouth Rocks sent by Mr. C. C. Woodward are much admired. Mr. W. F. Stovall contributed some Brown-Red Bantams, which exemplify the sayings, "quality, not quantity," and "little, but O, my!" Mr. Steve Kissinger sent an interesting collection of dogs, including Scotch Collies, a pair of English Pit Dogs, Bull Terriers and a fine pair of Whippet Bull Terriers. Every one should see this splendid exhibit and Mrs. Trousdale takes the greatest pleasure in showing the different fowls and animals in the department.

Poultry Awards

The majority of the judging was done by R. E. Jones, of Nashville, an expert poultry man. He is also an enthusiastic breeder of white, silver and pencilled Wyandottes. He was assisted in the judging of the Rhode Island Reds by Messrs. Love and Morton of Tampa.

Following the reception of the lovers of poultry the ribbons were attaached to the coops of the winners, the cups were delivered and the notification of the winners of cash prizes were issued.

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines OF KNOWN COMPOSITION.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
