HOW TO GET RID OF THE HOOKWORM

First get rid of the parasite causing the "hook worm" disease; then attention should be directed to treating the patient afflicted with the malady. This is the advice given to physicians and others for the treatment of the so-called "lazy" disease by Dr. Charles Wardell Stiles, chief of the division of zoology, hygienic laboratory and public health and marine hospital service in a recent issue of the bulletin of that service. He shows the mistake of first treating the patient and afterwards the parasite.

For several years Dr. Stiles has devoted practically all of his attention to investigating the hook worm disease, particularly as afflicting the Southern states, where it was found to be quite prevalent. He ascertained that the disease produced a profound anaemia in those so affected, causing an inability to perform any kind of work and resulting in many instances in a slow death. The publication of Dr. Stiles' conclusions some time ago attracted widespread attention.

Showing that although hook worm disease may occur in persons in any walk of life, Dr. Stiles declares that it is particularly among the poorer classes that it occurs and that the average hook worm patient cannot afford to lose several days' wages to undergo treatment. It is therefore, he says, frequently expedient to conduct the treatment Saturday evening and Sunday morning.

"Notwithstanding that primarily we are to treat the parasite, not patient," says Dr. Stiles, "it should be remembered that if too great a quantity of thymol is absorbed by the patient, alarming symptoms and even death may occur. Accordingly, the patient and the patient's family should be warned not to permit the patient under any circumstances to have on the Sunday during which the treatment is given, any food or drink containing alcohol, fats or oil. Patent medicines should be mentioned particularly because of the alcohol many of them contain and even milk and butter should be forbidden."

Dr. Stiles then cites a case of serious thymol poisoning following the taking of a copious drink of milk the day thymol was taken.

KEY WEST EXTENSION IS STEADILY GROWING

The first steel bridge span on that portion of the Key West extension of the Florida East Coast Railway from Knights Key to Key West, was put in place Saturday and the occurrence marks an important step forward in the completion of the wonderful engineering project which is soon to link the island city with the mainland of the United States. If all conditions are favorable it is likely that the Knights Key channel will be bridged within three months, when work trains will be able to get across and thereby expedite the construction work on the remaining keys.

There are about 190 spans or super-structures, from 50 to 75 feet wide, to be erected. The spans will be put together on a barge and then towed to the piers they are to bridge. A powerful derrick fitted with wheels and run out on the first pier, will lift the spans into place. As fast as the spans are placed they will be finished, the track extended onto it, the derrick advanced and the next span placed. In this way the viaduct will be built, the completion of the last span meaning the completion of the bridge.

A FOOLISH OATH FAITHFULLY KEPT

Basil Hayden, who swore nearly 50 years ago that if Abraham Lincoln was elected president of the United States, he would never step outside of his room, kept his vow until his death Sunday night at his home at Greenbrier, Nelson county, Kentucky.

Hayden, who was in the prime of his manhood when Lincoln was nominated, told his friends that he was going to do all in his power to defeat Lincoln, but that if he should be elected he, Hayden, would never set his foot outside of his room again.

This vow he kept to the letter. He was known for his eccentricities. At his death he was 85 years old, and was worth more than \$100,000.

MARTIN & CARN

SOME GOOD ADVICE FROM THE GOVERNOR

Though never married himself, Florida's governor told men what kind of girl to wed in a speech at Seattle last Tuesday. The Seattle Times prints the following about the speech: Whole-souled, large-hearted Governor Albert W. Gilchrist, of Tallahassee, Fla., told the American Prison Association Congress this morning that the new South was coming to look with more kindly eyes on the business woman.

"As I journeyed to the northwest corner of this great country from its southeast corner," he said, "I found that woman was everywhere becoming conspicuous in business and the professions formerly given over entirely to men. I'm glad to see it. I have faith in the interest woman is taking in the business and political problems of our common humanity, because, with her finer sense of justice and fairness she will help men to solve them."

"In fact woman is getting to be such a breadwinner and the responsibility of earning a living is becoming so great with her that when I go back down South I'm going to advise all young women contemplating matrimony to be sure and see that they can support a husband before they get married."

In an interview after his address Gov. Gilchrist said that the old order of things in the South was undergoing a mighty change, particularly with regard to woman.

"We no longer seek to bring up our women as we used to," he said, "in absolute ignorance of business. We have gotten over our old chivalric idea that business would contaminate her, and that she had no part in it. Now, while we keep her on the same high pedestal as of yore, we want her to master the intricacies of business so that when her husband or other men kinfolks die she can prevent some unscrupulous scoundrel from swindling her out of her property."

COCAINE TRAFFIC IN BOSTON

Sensational disclosures are being made in Boston by Secretary J. Frank Chase of the Watch and Ward Society, who has been digging into the cocaine traffic and has secured several convictions during the past week for illegal sales of cocaine. This traffic has since leaped the barriers of Chinatown, where it had its inception when the authorities came down upon the opium dens, and has spread into the south end and back bay, where an established cocaine or "cok" club exists.

These clubs are combinations of cocaine slaves and hip pocket dealers in the drug, banded together to get in large quantities from the wholesalers. Many college girls have become members, as well as alumni of leading universities, along with the members of the demi monde and other outcasts.

Sworn never to betray each other the women and girls make the circuit of several apartments, going to a different place each night. In these apartments they participate in disgusting orgies. Only when all are stupid does the horrible carnival cease.

Petty dealers, interested in profit getting at the rate of \$120 per ounce, have established places where they teach young girls to use cocaine. Rev. H. M. Pringle says 150,000 ounces of cocaine are sold annually in the United States, valued at \$18,000,000.

DON'T NEED GLASSES

Many people do not need glasses but most people do.

You may be one of the majority. There are two ways of finding out. One—await for time and disease to drive you to it.

Two—Consult us about it. We Can Tell You whether or not you need them. DR. D. M. BONEY, Eyesight Specialist, Ocala, Fla.

PENSACOLA THREATENED BY A HURRICANE

Pensacola, Aug. 24.—For the second time in the history of the city, hurricane warnings were displayed last night by the weather bureau and caused much uneasiness among the bay shore residents, who fear a repetition of the hurricane of three years ago.

Ships at anchor and at wharves put on extra anchors and cables while the entire fishing fleet with many of the harbor tugs and steamers and two or three coastwise steamers which put in out of the rough weather, went across the bay and anchored in a cove.

Wind blowing from 35 to 40 miles an hour prevailed all day and lowering clouds and a high wind, with exceptionally high tides, gave warning of the approach of the hurricane.

FLORIDA NEAR THE FOOT

But 200 Yards in Front of Her Marks—men Wouldn't be a Very Healthy Place

Camp Perry, Ohio, Aug. 24.—The Florida rifle team got in 39th place at the 200-yard slow firing event yesterday, making a total of 496 as against 501 in 1907. The following are the scores: Menager, 44; Davies, 43; Snow, 42; Potter, 42; Larsen, 42; Had-dock, 41; Yerkes, 41; Carlton, 41; Crenshaw, 41; Coxeter, 41; Kelsey, 39; Chapin, 32.

FATAL WRECK FOR FOUR

Three Negroes and a White Man Killed Near Pebledale

(Tampa Tribune, 23rd.)

Three negroes and a white man were killed and two white men and a negro badly injured in a railroad wreck early Sunday morning between Pierce and Pebledale, Fla.

All the men killed or injured were in the employ of the Pierce Phosphate Co., and were aboard a flat car at the time of the wreck. This was caused through a derailment of the flat car, which turned over on the men. An engine was pushing the car, which was run into a herd of cattle on the tracks. The tragedy occurred at 3 a. m. and has caused universal grief to brood over the big phosphate mines. The workmen were all members of the night shift, returning to Pebledale from their labors at the mines.

Charles L. Brown, white, was killed. James Wilson, Will Evans and Boykin Moore, colored, were killed. D. A. Wiggins and C. J. Teston, white, were injured, as were also Martin Futch, colored. Brown, the young white man killed, was about 21 years of age.

No inquest was deemed necessary but a full investigation into the causes of the wreck will be made by E. M. Grant & Co., operators of the Pierce mines, located in Polk county.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Ocala Citizen Can Afford to Ignore

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. Anna Daniels, living on Sixth St., Palatka, Fla., says: "Since using Doan's Kidney Pills I have been feeling better than before in over a year. I suffered severely from dull, nagging backaches and the most distressing pains through the kidney regions. Mornings I felt so weak and lame that I could hardly get around. A too frequent action of the kidney secretions also caused me considerable annoyance. Reading of Doan's Kidney Pills and being much impressed with what was said about them I procured a box. I used them as directed, the backaches were soon banished, and the kidney secretions became regular and normal in action. I have often told my friends of the merits of Doan's Kidney Pills."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DECATUR BADLY DAMAGED

Decatur, Ill., Aug. 24.—A score of business buildings were burned and a dozen others were damaged yesterday by a fire that swept along the business portion of East Main, Merchant and Water streets. The total damage is placed at \$1,000,000, with insurance of about \$0 per cent.

THE SECRET OF LONG LIFE

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds waste nerve cells, imparts life and tone to the entire system. It's a god-send to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c at all druggists.

UNENVIABLE NOTORIETY OF THREE WHITE MEN

Cartersville, Ga., Aug. 23.—With the placing in jail here of William Golden, a white man, 52 years of age, on the charge of criminal assault, Bartow county jail now houses four men accused of this heinous crime—and but one of these is a negro. Not before in the history of the state has such a condition existed, and an attempt at wholesale lynching would not be surprising.

DISAGREEABLE AT HOME

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by all druggists.

MORE THAN A MILLION BURNED IN MONTEREY

Monterey, Mex., Aug. 23.—The losses in the fire which destroyed the Botica Leon and the building occupied by J. B. Sanford & Co., Saturday night will amount to more than the original estimate, and statements from the firm involved place the total loss at \$1,450,000. The fire was the largest that has ever occurred in Monterey and for a time threatened the destruction of the entire business portion of the city.

'REVOLTS AT COLD STEEL

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, lies in an operation, "then I used Dr. King's New Life Pills," she writes, "till wholly cured." They prevent appendicitis, cure constipation, headache. 25c at all druggists.
