**ANOTHER BUSINESS HOUSE  
FOR THE BRICK CITY**

The Star will be in a position in a few days to announce the contract for the building of a handsome new business block for Ocala and the opening therein of an entirely new business.

**GAINESVILLE IS SORE**

From the several paragraphs below, taken from F. M. Prewitt's account of the game yesterday in today's Sun, it would seem that the University City is just a little sore over the outcome of the game:

The Sun says:  
"Recent events from a baseball standpoint would indicate that Manager Davis has postponed the contracting of the Oak Halls about a week too long. Of course this has no connection with the game between Gainesville and Ocala Thursday afternoon, but to come down to brass tacks the boys from the Brick City (and Palatka)—played rings around us—and they did not have to exert themselves to any great extent to do the trick, either."

"It was plainly evident at the end of the first inning that the visitors had the best of the fray, as two hits in the first block netted them one run, while Gainesville went out in one-two-three order."

"As for punk playing, yesterday's game filled the bill. Errors were made by the Oak Halls in such rapid succession that it was hard to keep tab on them, and it may be that the scorekeeper failed to dot down all that were made. As it is, they have eight charged up to them, while Ocala is only charged with three."

**A TROU OF TIGHTWADS**

Speaking of tightwads, a little Texas paper has unearthed a triumvirate of parsimony that make the estimable Hetty Green look like a green and giddy young spendthrift, says the Boston Traveler. It says:

"It is reported that three of the stingiest men in the state were in town yesterday. One of them will not drink as much water as he wants unless it is from another man's well. The second forbids any of his family from writing anything but a small hand, as it is a waste of ink to make large letters. The third stops his clock at night in order to stop wear and tear on the machinery. All of them decline to take their county paper on the ground that it is a terrible strain on their spectacles to read newspapers even in the day time."

**TOOK HER AT HER WORD**

A woman came into the general store with a jar of butter, says the Milwaukee Journal. She desired to exchange it for another jar of butter. In churning her butter she had discovered a mouse in the churn.

"I didn't injure the butter," she said to the storekeeper, "and to anyone who did not know the circumstances it would taste all right."

Taking the woman at her word, the merchant carried her jar into the back room, transferred her butter to another jar, and the gratified customer took back her mouse butter with a thousand thanks for the accommodation.

There is a great deal of needless trouble in the world on account of squeamish sentiment.

**SOLDIERS ARE SCARCE**

With the return of prosperity the troubles of the army have recommenced in earnest, and the recruiting officers are in despair over the alarming decrease in the number of applicants for enlistment, says a Washington dispatch.

This same difficulty was experienced during the prosperous years preceding the panic of 1907. The business depression which followed drove thousands of young men into the army, and as a consequence for the last two years the army has been up to, or very near, its authorized strength.

As soon as the term of the enlisted man expires during these piping times of peace, he nearly always leaves the army. Especially is this the case with the more desirable men, who have little difficulty in securing lucrative employment elsewhere.

**A WARNING TO THE WOMEN**

Lucretia Borgia is not dead. She is presiding over the American kitchen. That's what Dr. Harvey M. Wiley, chief of the national chemistry bureau, said to the Pure Food Convention, which is in session at Denver, Colo.

Said Dr. Wiley:  
"The average ice box is a charnel house which not only holds death, but spreads it. Too many housekeepers would rather pick out a Beethoven sonata, read an Ibsen play, or memorize a bridge rule than trace a ptomaine to its lair and eradicate it in the interest of family safety."

"If they will give over the telephone habit and personally supervise their marketing for the kitchens and larders, the present as well as the future citizen will be more useful to the community."

"In the morning Lucretia Borgia rushes to the phone and gives her order to the grocer's or butcher's clerk. He sends out the goods. Cook receives them. Into the icebox go meats, and vegetables and fruits, many times without having the wrapping removed, and when the meal time comes the meat is put on the fire, the tins emptied of their contents without any thought being given to their condition, or any care shown by the paid servant in charge of the commissary."

**I. Q. O. F. CELEBRATION**

Preparations on a grand scale have been completed for the entertainment of the 30,000 Odd Fellows from every state of the Union who are expected to take part in the great national celebration of the order at Point of Pines near Boston, tomorrow.

**OCALA VICTORIOUS ON  
A MEMORABLE OCCASION**

With 300 Home Folks on the Ground, the Plucky Boys in Gray Scored a Shut-Out Against the Famous Oak Halls of Gainesville.

Yesterday was "Ocala day" in the University City of Gainesville, for over 300 hundred Ocala people were present to witness the game of baseball in which the famous Oak Halls went down ingloriously in defeat before the rapid-fire pitching of Walker and the superb support of the team behind him.

Gainesville's stuffy little ball park was filled to overflowing, the grand stand being packed, people on both sides and down in front. There were upwards of seven hundred spectators at the game, about three hundred of whom went up from the Brick City, everybody seeming to feel that the appointed time had come for all good men to come to the aid of the baseball team, to say nothing of the ladies and children.

When the game started Gainesville had the largest representation present. After the first inning Gainesville's fans began to "dry up" and every once in a while a few "blew away" until at last Ocala had a majority in the grand stand, the bleachers and on the score board.

The game opened up with the local team in the field. Dick Dodge was the first man up and with a nice single landed safely on the initial sack. He was sacrificed to second, advanced to third with two out and crossed the plate on Donaldson's hit. Right here the "rooters" began to root and when they finished their throats were sore.

Gainesville went down in one, two, three order in their half of the first. Ocala made a good try for a tally in the second but failed. Gainesville played fast ball in this inning and with two out had a man on third. A hard try was made to work the squeeze play and score the runner, but the runner died on third when the batter struck out.

In the third with three men on base Galloway dropped a nice one over the left fielder's head, scoring two runs. Galloway came in on a single and three tallies were added to the score.

In the fourth Himes, who pitched against Ocala in the game in this city when the Oak Halls made five runs and shut out the locals, was taken out of the box and Watson put in with Bullock behind the bat. Watson pitched one inning, when with one out and the bases full he threw four wide ones and forced a run, which evidently disheartened him and he left the diamond, Mr. Lee Graham, who umpired a beautiful game, calling time on him and when he refused to play, put him on the bench. Ocala made four runs in this inning and Spottswood was the next pitcher Gainesville introduced.

The Brick City boys played faultless ball, never allowing a man to reach third but one time during the game. Walker pitched a beautiful game and Waller behind the bat, was the right man for the place. After the fifth the home "rooters"—if you could call them by that honored name—gradually drifted away and gave up the battle. Never before has Ocala had such a large following to carry her colors to victory, and everybody entered into the sport of "ragging" the local team and its supporters until they were very glad when the Coast Line train pulled out, with the happy crowd on board, headed for the Brick City.

Quite a number of people remained over to witness the game today. Brown and Waller will probably be the battery for Ocala, with Spottswood and Bullock working for the Oak Halls. Gainesville will come to Ocala Thursday and Friday of next week for two games, and the enthusiastic fans and supporters of the Ocala team are looking forward with intense interest to these games.

**\$100 REWARD, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

**CREDIT TO WHOM**

**CREDIT IS DUE**

This bank will extend credit to any man who deserves credit. The man who gets credit from the bank is nine times out of ten a customer of the bank.

There are frequent occasions when a man can make money by the temporary use of other people's money. The customers of this bank are the people who can command money that they do not own.

Men who do business with a bank, and whom the banker knows are safe business men with resources, are the men who can go to the bank for a loan in times when they need it or when additional money will help them to make more money.

If you are a customer of this bank, you have a reserve business help that you may draw upon when occasion demands.

**THE MUNROE & CHAMBLISS BANK  
Ocala, Florida**

J. K. Kelley was transacting business in Ocala this week. As secretary and treasurer of a new railroad and manager and owner of two turpentine stills, and part owner of another, he is a very busy man, but he is equal to the emergency, and keeps up with all of it, always genial and seemingly contented. He has no enemies, and we do not believe he will ever have any.—Inverness Chronicle.

**FATAL ACCIDENT TO  
ST. AUGUSTINE GIRL**

St. Augustine, Aug. 27.—With a bullet wound in her temple, Miss Constance Barling was discovered by her brother, Linton Barling, about 6 o'clock last evening in the hall of her home on Water street, life being extinct. Beside the body lay a 32-calibre revolver, the instrument that had inflicted the death wound, one chamber of the cylinder containing the shell of an exploded cartridge. An inquest revealed the fact that the revolver had been accidentally discharged. The verdict of the coroner's jury was to the effect that the wound was accidentally inflicted.
