LET'S HAVE AN AUCTION

In this we do not refer to an auction of city lots of merchandise, for we have individuals who are looking after such material affairs, but an auction of seats for the opening of the new opera house.

This happy thought originated in the active and enterprising mind of Mr. David S. Woodrow, who is ever on the alert to add something to the well being and welfare of the people of the Brick City. He suggested the plan at Mrs. Looney's table the other day, around which festive board ten persons were enjoying creature comforts.

The conversation turned on the breaking of ground for the proposed new opera house and how long would it take to complete the building to have it ready for the first performance. The cost of the building was discussed, as was that of its asbestos drop curtain and the chairs to comfortably seat the audience.

Every one of the ten persons around that table expressed a willingness to buy a ticket for the opening night and pay a \$5 bill for same. This brought on more enthusiastic talk and the further suggestion was made that the opening night be set for January 1, 1910, and that the play be presented by home talent, and with that end in view a public auction be held for the sale of the seats; that this fact be thoroughly advertised, so that not only the public of Ocala, but the people of the neighboring towns of Anthony, Citra, Sparr, McIntosh, Lowell, Kendrick, Martin, Dunnellon, etc., have an opportunity to send representative delegations.

The auction itself with the prestige of a popular presiding officer and an orchestra of good music would create an interest and driving power that would assemble one of the most representative audiences ever gathered in Ocala. The gathering would create an enthusiasm and emulation that would prove contagious and the prices realized would warm the hearts of the members of the building committee of the new opera house and its manager, Mr. J. W. Sylvester.

In recognition of what such an event would foreshadow for the pecuniary advancement of the new temple of amusement and its furnishings, we need but remind our people of a similar undertaking which occurred a decade ago under the stimulating influence of Dr. S. P. Eggleton, who took this method of inaugurating a hospital service in this city and which proved not only a very enjoyable evening to a large audience, but in the sale of merchandise, tendered by the merchants, proved an unqualified success and netted the sum of \$450, a success that was a ten day's wonder.

Let us repeat the pleasant occasion and by our willingness to give the new opera house movement a glorious send off have an auction of seats for the initiatory night. All of which we respectfully submit to the building committee, Manager Sylvester and the public. Let us put the date, say the first week in November, when all our summer tourists have arrived home and all will have a chance to aid this worthy enterprise.

EXTENDING HARD ROADS

County Surveyor Alex Moorhead has been busy the past week surveying a bee-line road from Anthony to Citra, which is now being cut out under the instructions of County Commissioner W. J. Crosby, of Citra, and the same will be hardened. It will prove a boon to the people of Sparr and Citra, who have been patient and long suffering, but their hour of rejoicing is near at hand and the Star extends congratulations.

DEATH OF A LITTLE GIRL

A little daughter of Mr. and Mrs. Pat Randall, of Connor, a year and a half old, died of convulsions last night. The little one had been ill for a very short time. The community is deeply grieved over the death of the baby.

Mr. R. A. Brice, who is in the government service as machinist on a tugboat at Port Inglis, was in town the latter part of last week on his way to Newberry S. C., to meet his family and visit old time friends for a few days. Mr. Brice has had but a week's vacation all the past year. He came home a day before Christmas to eat that dinner with his family and he and his good wife had planned all manner of delightful things for that happy occasion, when a dispatch came from Port Inglis, demanding his immediate presence there and he had to leave immediately, without any Christmas repast, a dire interference with his anticipated pleasure. May better fortune attend Mr. Brice's coming X-mas dinner and family reunion.

Judge W. S. Bullock is spending a very strenuous vacation in his chambers, adding the work of Judge Wall, of Tampa, to his already crowded docket and doing it all out of judicial courtesy, a labor of love and good fellowship, which Judge Bullock possesses in a very large degree. There are few men in any community in whose heart flows the milk of human kindness in greater abundance than in the heart of this splendid citizen and worthy judge. May his tribe increase.

Mr. and Mrs. J. A. Freeman of Bellevue, were in town today, shopping, and reported that their daughter, Miss Lorena Freeman, who is spending the summer with friends in Pittsburg, was having the time of her life. She went all through the Carnegie art galleries and museum that cost six million dollars and saw objects of interest from every country in the world. Miss Freeman looked upon this monument to Mr. Carnegie's glory as one of the wonders of earth. Her many friends are delighted to know she is having such an enjoyable and profitable outing.

A BIG DELINQUENT TAX LIST

The Tampa Times is publishing the Hillsborough county delinquent tax list and the job is worth \$2,000 to that paper, it being of the largest tax lists of any county in the state. What is the matter with tax matters in Hillsborough? The Marion county tax list is now worth about \$700 per year to the printer, it being one of the smallest of the large counties of the state.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Mr. J. W. Nance, one of the veterans who wore the gray, came in today from Oak and paid the Star office a pleasant call. Mr. J. A. Freeman, of Bellevue, who has charge of the Camp sawmill at their big dam on the Withlacoochee river, was in town today and reported that all work on the dam was suspended, owing to the extreme high water line, but the work would be resumed in the course of a week or two.

OCALA WINS FROM SANFORD IN A VERY CLOSE GAME

Ocala's Recently Organized Crack Team Takes the First Game

During this year's season of baseball as heretofore, Ocala has been putting her local boys on the diamond to bear her colors to victory or defeat, and nearly always we have come out just a little to the good, but the other teams of the nearby towns have been composed mostly of professional men. In the game with Gainesville in that city some weeks ago, when the score was 5 to 0 in favor of Ocala, and the game played in this city by the Oak Hills and the locals, when the visitors scored a shut-out. Ocala was playing an amateur team of home boys against a team wearing the Gainesville suits with scarcely more than two or three home men in the line-up.

The Ocala baseball enthusiasts and Manager Bennett decided, the only way to play ball with our neighboring cities and their professional teams was to have a team of that class, and yesterday afternoon the Ocala team, considerably strengthened, played the Sanford team, one of the fastest in the state and won with a score of four to one.

It was a pretty game. Windham, recently of Orlando, was in the box for Ocala and Jones, the man who, in an eleven-inning game in Gainesville recently between the Sanford and Oak Hill teams, drove out a two-bagger, winning the game, did the twirling for the Celery City boys.

In the last half of the third Bennett was hit by the pitcher. Galloway attempted to sacrifice him to second, but was out on a foul to the catcher. "Jimmie" Windham swung on the first ball and drove it out for two bases, Bennett landing on third. Donaldson dropped a single over the infield and Bennett and Windham scored. The locals tallied again in the fifth and eighth, making a total of four runs.

In the sixth, Vibbert for Sanford, singled to center and stole second. Morris was out on a fly to Galloway. White dropped one over third and Vibbert came home on a poor throw to the plate.

The Sanford and Ocala teams will play again today and tomorrow, and then comes the games with Gainesville. The game Thursday will undoubtedly be the largest attended of any game on the local diamond this year. The stores will close at 1 p. m., allowing a great number of people who could not otherwise go to attend the game, and Gainesville will send a big delegation, the Coast Line having given them a special train.

This will probably be the last week of baseball in Ocala this season and much depends on the attendance at the remaining games, as the management will be put to considerable expense in maintaining the present team and if the patronage justifies it, Ocala may have a strong team next year if a Central Florida league is organized. If you want to see good baseball in Ocala in the future and help the team out, in a financial way, this year, go to the games this week.

Mrs. W. R. Pell, of Third St., Sanford, Fla., says: "I am pleased to recommend Doan's Kidney Pills taking in view what they have done for me. I have suffered from backache a great deal and at times was so lame that I could scarcely turn in bed. Some mornings my condition was such that I found it difficult to dress myself. Whenever I stooped, sharp pains would dart through my body, especially in the region of my kidneys. I also had some trouble from the too frequent action of the kidney secretions. After I had used several remedies with only slight benefit, I heard of Doan's Kidney Pills and procured a box. I used them and they brought me the desired relief. I am now able to rest well at night, am free from pain and lameness and feel stronger and better in every way."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
