A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad and open to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition*.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the critical scrutiny.

Not only does the wrapper of every bottle of his new *General Discovery*, the famous medicine for weak stomachs, and liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works of the leading schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicine. Use of these little books will entitle the user to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, nor mineral salts, nor other objectionable injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's *Favorite Prescription* for weak nerves, over-worked, "run-down," tonsured, worn-out, etc., are employed in doses of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the won-
derful and interesting disorders of the nerves, enterprising and restorative, overcomes painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

ICE! ICE!
Buy Ice From Red Wagons

They say, but if you will examine carefully the ice which melts so rapidly you will note that there seems to be holes in it, that the center is what is called "snow ice," which, being porous, allows it to melt quickly.

"Crystal Ice"

The kind we turn out is as clear and perfect as it is possible to make ice, and is the most economical ice to use. Ask the man on the Red Wagon to stop and see you.

PLANTED OUR FLAG ON THE NORTH POLE

After Defying Explorers for Centuries,
the Extreme North Has Surrendered to an American

Copenhagen, Sept. 2.—According to a telegram received at the Colonial office, Dr. Frederick Albert Cook, an American explorer, discovered the North Pole on April 21, 1908. The news has caused great interest.

The message was received from Lerwick, Shetland Island. Dr. Frederick A. Cook, accompanied by a Norwegian, left Etah, Greenland, March 3, 1908, taking with him eight Eskimos, four sledges and twelve dog teams. He was to make his way through the Ellesmere land.

Dr. Cook is on board the Danish government steamer Hans Egede, which passed Lerwick at noon yesterday en route for Denmark. The telegram announcing Dr. Cook's achievement was sent by Greenland official on board the steamer, and reads as follows:

"We have on board an American traveler, Dr. Cook, who reached the North Pole April 21, 1908. Dr. Cook arrived at Upernivik, the northernmost Danish settlement in Greenland, on an island off the west coast, in May of 1909, from Cape York (in the northwest part of Greenland, on Baffin Bay.) The Esquimaux of Cape York confirm Dr. Cook's story of his journey."

The doctor started on his present expedition in the summer of 1907, sailing from North Sidney, B. C., on board the schooner John R. Bradley.

The party was reinforced with sledges, dogs and Arctic equipment at Etah, Greenland, whence they sailed March 3, 1908. Dr. Cook's plan was to set aside all tradition by making a dash to the pole during the winter months when the elements are considered the least advantageous for an advance northward.

The last news received from him was dated March 17, 1908, when he was near Cape Thomas Hubbard.

Lots of Lives Lost

There have been many Arctic expeditions, costing in the aggregate hundreds of lives and millions of dollars.

The first time the North sea was entered was in the year 1661 by Johnni Other, a Norwegian, and since that time there have been various expeditions, each of which met with failure. The expedition of Peary three years ago was the most successful of all. Peary and his party in the steamer Roosevelt reached within 174 miles of the pole and found new lands in the North American archipelago. Further details of Dr. Cook's expedition are awaited eagerly.

A Biographical Sketch

Frederick Albert Cook, the American explorer, was born in Sullivan county, New York, in 1865, and is consequently about 44 years old. He was educated in Brooklyn, and took a medical degree from the University of New York in 1890. He was surgeon of the Peary expedition, 1891-2; surgeon of the Belgian Antarctic expedition, 1897-9, and led expeditions to explore and climb Mt. McKinley, in Alaska, 1903-6. He has been decorated with the order of Leopold of Belgium, the Royal Society of Belgium, and the Royal Geographical Society of Belgium, and is a member of the American, National and Philadelphia Geographical Societies, and is the president of the Explorers' Club of New York. He is the author of two books, "Through the First Antarctic Night," and "To the Top of the Continent," and has been an extensive contributor to magazines on Arctic and Antarctic exploration. Dr. Cook was married in 1902 to Miss Mary Fidell Hunt.

THE LURID GLOW OF DOOM

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For eruptions, eczema, salt rheum, sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by all druggists.

COMMISSION VERSUS THE CORPORATION

The Louisville and Nashville Must Lower Its Passenger Rate or Show Good Reason Why

Tallahassee, Sept. 2.—The complaint of the Florida railroad commission against the Louisville and Nashville railroad, resulting from the failure of the railroad to comply with the commission's demand for a reduction in its passenger rates from four to three cents per mile in conformity with the rate charged by all other railroads in the state, began yesterday before Special Examiner Emmett Wilson of the federal court.

Attorney General Park M. Trammell is acting for the commission. The railroad contends that it is out of the question for it to lower the rate in its Florida territory because the territory is so sparsely settled that the passenger traffic has never paid.

Aug. 21st the case of the state vs. Robert Mathews, charge of defamation of character, was held at the town hall before Judge Hopkins. Verdict by the jury for the defendant.

It having come to the attention of some of our good Samaritans that the family of Mr. Wm. M. Washburn, living one and a half miles west of town, had been sick and that Mr. Washburn had also been taken sick, and his hogs were breaking into his cornfield and destroying his corn, seventeen of our people on Aug. 30th went out to Mr. Washburn's field, gathered his corn and put it in a building. This was practical Christianity.

NEAR DEATH IN BIG POND

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in coughs and colds, sore lungs, hemorrhages, la grippe, asthma, croup, whooping cough and all bronchial affections. 50c and \$1. Trial bottle free. Guaranteed by all druggists.
