

EVENING STAR

C. L. Bittinger and R. R. Carroll, Editors and Publishers. C. L. BITTINGER, Editor. R. R. CARROLL, Business Manager.

A VISIT FROM THE GRAND MASTER

Mr. Geo. T. Self, of DeLad, grand master of the Odd Fellows of Florida, paid Tulula Lodge No. 22, Ocala, an official visit last night and he received a royal reception. He witnessed the conferring of the initiatory degree on W. O. Chambliss. He complimented the lodge on the excellent work done and then proceeded to give the lodge a splendid talk on the good of the order and the wonderful work it has accomplished since it was established in Baltimore April 28, 1819. Its wonderful growth and the good it has done in the world was briefly sketched. He spoke of the objections some people have to the order because it is of a secret nature. This is only for the good of the order at large, so that imposters cannot work the order for selfish purposes. He said that many ministers spoke against the order because of this feature of its government and then told a very amusing story of a man who had traveled the world over and seen all the wonders and marvels of nature and one day passed a tannery and saw an ox tail nailed to the inside of the door and protruding through a hole to the outside. He looked and looked and made a note in his diary about this strange incident. Finally his actions attracted the attention of the owner of the tannery, who questioned him on his actions. The traveler said: "I've traveled the world over, but my wonder knows no bounds to see how that ox got through that hole in the door, horns, hoofs and hide and then got stuck on his tail." Mr. Self is a very pleasant gentleman and makes friends wherever he goes. Mr. Self is a contractor and builder, lived his boyhood and young manhood days in Orlando, where he followed his calling and then moved to DeLad and feeling he had not the advantages in school in his youth, determined to take a course at the age of 25 in Stetson University. He made application, was admitted and part of this unusual proceeding was he entered the same class with his sons who were students at the same time, but he soon outstripped them and finished his course with credit to himself and the instructor that has made DeLad famous. The grand master reports the Odd Fellows lodges of Florida growing and there is a bright future for the order in the state. The members of Tulula lodge were delighted with Mr. Self's visit and trust he can meet with them again ere his official duties expire. Mr. Self goes from Ocala to Bushnell to visit that lodge tonight. After the business of the evening was transacted, refreshments, consisting of ice cream, cake, lemonade and cigars were passed and heartily enjoyed by all.

Among the visiting brothers attending the meeting of the Ocala Odd Fellows last night were Mr. J. S. Rush, of Oxford, and Mr. G. W. Caruthers, of Coleman. Mr. Rush reported that Captain Bill MacKay, who last winter sold his orange grove at Sumnerfield and moved to Tampa, where he embarked in the commission business, has returned to Oxford, his old home to recruit his health and is getting along nicely. Mr. Caruthers said he has the contract to build the new school house at Coleman and came up to get certain lumber to complete the building so that this term of school can be taught in it. The building will be a credit to the public spirit of the town and the interest the people take in the education of their children. He also reported that the building of homes in Coleman was quite active and that it was the consensus of opinion among truckers that this season would see the largest acreage planted in Warm Springs Hammock known in its history. The past season was an exceptionally good one and Coleman is thriving as it never did before.

S. L. Griggs, the successful farmer and melon grower of Oxford, was here this morning and sold a pair of good mules to Messrs. Tompkins and Cobb. Mr. Griggs says the farmers and truckers of Oxford are preparing for the biggest spare rib and sausage campaign ever conducted in that prosperous section.

Mrs. Charles L. Lyvers of Sumnerfield, was in town this morning visiting her mother, Mrs. Nancy Wallace. Mrs. Lyvers informed the Star reporter that her son, Wallace, who is the S. A. L. agent at Bradentown, was married to a very sweet woman, Miss Adelle Eastorling, who for several terms was principal of the Bradentown school. This season she presides over the Sarasota school.

R. A. Williams, of North Delphi, La., whom Col. Livingston has been showing our fine farming and truck lands, left today for Tampa to see a favorite nephew and extend his trip to Fort Myers. Mr. Williams was so well pleased with Marion that he has about made up his mind to invest in Ocala lands, but will first consult several of his children and others who propose to cast their lots together, when they leave the bowl wheel which created such havoc in the cotton fields of Louisiana.

Mr. T. J. McRae, the Gainesville merchandise broker, was in town today and said Florida was buying more than twice as much merchandise than she did a year ago. Mr. McRae wanted to know if Ocala didn't have a candidate for Congress. His answer was that Ocala had no candidate and would not have as long as the Hon. S. P. Sparkman wanted the job, Steve is good enough for us.

W. R. Johns came in from the big scrub last night to procure a coffin to bury the infant of Dan Monroe. The child was three months old. Messrs. McIver & MacKay supplied the coffin.

Major J. S. Roak of Jacksonville is here to take a position as night clerk at the Montezuma.

Miss Maggie Lytle of Stanton was in town today making her arrangements for transportation to Lynchburg, where she will attend Randolph-Macon College. While she was in the city she was the guest of Miss Adelle Bittinger.

Mr. C. W. Perkins of Jacksonville, is here on business with Mr. John Young, the government architect. He is a guest of the Ocala House.

FROM MR. BEVILL

Gives His Son's Side of the Trouble at Sumterville

Editor Star: I wish to make some corrections in your paper as to the statement of my friend, Mr. Duval, who I know would not misrepresent anything wrongfully or intentionally do so to mislead the public, as to the trouble that has befallen upon my boy. Mr. Duval states that my son and his wife did not get along amicably together, of which Mr. Duval was wrongfully informed, for there never was any trouble between my son and his wife, and I have in my possession two letters his wife wrote him only a short time before the trouble, and she wrote one Friday before the tragedy occurred. Both letters were written very affectionately to her husband, and I never heard of anything passing between my son and his wife. I had never heard that his wife's father and mother were trying to separate them until after the tragedy occurred. My son's wife wrote him a very affectionate letter on Friday, telling him to be sure and come up on Sunday and take her out in the country to the unveiling of the W. O. W. monument at the Sumterville cemetery. They passed the day together, and everyone who saw them said they were as pleasant as they could be. My son returned to his wife's father's home after they had spent the evening riding around, and my son told his wife to get ready and accompany him home. Her parents refused to let her go, which started the trouble, and told him that their daughter should never live with him any more. They treated him very badly and made him leave. He came home on Sunday night and went back Monday to see if his wife would not come home with him. Then the tragedy occurred and as to what passed between them, I am unable to say for I do not know, and no one regrets the deplorable affair more than I. If I had known there was any trouble between my son and his wife's family, I should have done all in my power to prevent any trouble. But I didn't dream of such an occurrence. They undoubtedly had him brought up over the thought of parting from his wife and he did not realize what he was doing, as he was devoted to his wife and the thought of being separated from her caused the trouble.

Yours very truly, Thomas Bevill, Center Hill, Fla., Sept. 24, 1909.

HOW'S THIS

Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

PEARY SAYS HE HAS THE PROOF

Battle Harbor, Labrador, Sept. 15.—"I am the only white man who has ever reached the North Pole, and I am prepared to prove this." This statement was made to representatives of the Associated Press by Commander Peary, when the Associated Press staff, after a stormy passage from Sydney, pulled up alongside the steamer Roosevelt. Peary said: "This is a new record in newspaper enterprise and I appreciate the compliment. I have already stated publicly that Cook has not been to the pole and this I reaffirm and will stand by it, but I decline to discuss the details of the matter. These will come out later. I have said Cook's statement that he had reached the pole should not be taken seriously, and that I have him nailed by concrete proofs to support my statement. In six months you probably will get the whole story. It would not be policy for me to enter upon a full debate with the subject as it now stands. To do so I would be giving out much information of which other uses could be made. I intend to wait until Cook has issued his full authorized statement."

A BURGLAR IN TOWN

"His name is 'bad cough.' He doesn't care for any gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup. It may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1 per bottle. Sold by all druggists."

Mr. J. D. Williams of Arcadia, for many years a resident of Ocala and for several terms marshal of the city, arrived in town yesterday and will be here for a month visiting friends.

SACRIFICE FOR WORK

THE BARBER'S CHRISTENING

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it attracts from various medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure, however, scrofula, catarrh, haemorrhoids, chronic coughs, bronchitis and laryngeal troubles and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is the lining in hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine: "It is an excellent purgative. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best purgative agents. Its purgative action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis, catarrhal inflammation of stomach, it is a most efficient preparation. Glycerine will relieve many cases of constipation and excessive gastric acidity." "Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers. Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal glycerine and the wonderful medicinal uses of this most valuable agent. There is no alcohol in it.

KENTUCKY HORSES FOR SALE

I will have a car of choice Kentucky bred horses at my place at Evinston, Fla., for sale after Aug. 20th. I have spent two months around my old home at Lexington, Ky., selecting this stock from the farms. This stock has been carefully selected and bought for spot cash direct from the stock raisers. I am in position to save money to purchasers of fine horse stock. Address, L. H. Willis, Jr., Evinston, Fla.

CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of J. C. Watson, Proprietor.

DUNNELLON DOTS

Sayings and Doings of the People of the Phosphate City (Advocate) Miss Annie Feinberg left Tuesday night for New York, where she goes to buy goods for her father's store. The Investigator Chronicle says: "Crazy Kibler, of Dunnellon, was in Tampa Wednesday." The Chronicle should not use our mayor's nickname thusly. Orville Barnes returned from Madison Monday, where he had been visiting relatives for several days. Work goes merrily on in the paving of our streets. When through, Dunnellon will have streets second to none in the state for a town of this size. Mrs. Ed. L. Anderson and son, Marion, left Sunday for Atlanta, where they will spend some time as the guests of relatives. Messrs. Harry Peter, N. H. Boswell and Wiley Hood went up to Ocala Tuesday to look after some of Mr. Boswell's mules. Mrs. S. C. M. Thomas left Monday morning for Tampa and Green Springs, where she will spend some time. Mrs. N. H. Boswell was quite ill the first of the week, but is much improved now, we are pleased to note. Mr. and Mrs. R. H. Sanders returned last Friday from Ocala, where they had been visiting relatives. Mr. and Mrs. W. K. Mizelle and babies are at Green Springs spending the holidays. J. D. Odum, of Gaiter, left last Friday night for the western part of the state to look at a turpentine farm that he and Mr. George Petteway expect to buy. J. L. Ward, of Dothan, Ala., brother to Mrs. Noravander Watkins, died at the home of his sister in this city last Thursday night. His remains were escorted to the train Saturday morning by the local lodge of Woodmen of the World, of which he was a member, and a number of friends and relatives, and were shipped to his home at Dothan. The corpse was accompanied home by Mr. and Mrs. Noravander Watkins and the mother and father of the deceased, who arrived here last Friday afternoon, too late to see their loved one alive. The play, "A Box of Monkeys," by local talent, was presented at the opera house last Friday night. A large audience was present, and by the applause given the players it was very evident that the play was greatly enjoyed. The play was given for the benefit of the churches of the city and a neat sum was realized for each of them. Miss Annie Feinberg deserves great credit for getting up the play and the players also come in for their share of credit and praise. We see by the Tampa papers that Capt. W. B. Denham, general manager of the Tampa Northern railroad, has returned from the financial centers of the North and assures the public the sinews of war have been secured to complete his road from Brooksville to Dunnellon, a distance of 50 miles and later on to Thomasville, Ga., connecting with the Brunswick, Birmingham and Atlanta line and make it one of the most serviceable railroads in the country. The Advocate hopes to see the speedy completion of the line. At the baseball game Thursday afternoon of last week the spectators became very indignant when a crew of laborers began tearing down the fence that surrounds the park. It seems that the Camp Phosphate Company, to whom the park was supposed to belong, demanded that the local players pay them the amount of five dollars for each game that was played on the grounds, and as the local players would not accede to their demands they proceeded to

Advertisement for FRANK'S Ocala Florida. "WHERE YOU WILL BE TREATED RIGHT". The Sale of Sales. THE BIG STOCK REDUCTION SALE inaugurated here Monday, September 13th, is in every sense "The Sale of Sales" in our history. It opened up with one of the best day's trade that we have ever enjoyed on a similar occasion. Our only regret is that on the opening day we did not have sufficient help to wait upon our patrons as promptly as we should like to have done; however, this has now been obviated, as we now have plenty of clerks to wait on everybody promptly. We want to call your attention to a few "Specials" of the SPECIAL SALE that may have escaped your notice in our last advertisement.

- Dry Goods. Yard wide Tafetta Silk, assorted colors, \$1.25 quality, at only .69c. 46-inch Mohair, assorted colors, 75c quality, at only .49c. WE HAVE A LARGE LINE OF DRESS GOODS AND IN THIS SALE THE PROFITS HAVE BEEN ALMOST ELIMINATED

We want to take this opportunity to thank the people for their liberal patronage during the Sale as well as before it began. The short notice given of this Sale is proof conclusive that the public has learned to know that when we say "SPECIAL SALE" it really means that we have reduced our prices to rock bottom for the occasion.

Come in and look over the stock--It'll cost you nothing

Advertisement for FRANK'S Ocala Florida. "WHERE YOU WILL BE TREATED RIGHT".

least till the rain was over. The marshal promptly did his duty much to the chagrin of the laborers. The Advocate man does not understand the full particulars in regard to this affair between the Camp Phosphate Company and the local players, but from what he has learned it seems that the least the Camp Phosphate Company could have done was to wait till the rain had ceased to take away the fence. It seems all the more this way as up to Tuesday afternoon no further work of tearing down has been done. It is to be hoped that the players and the company can come to some adjustment in this case so that we may have baseball when we wish, there being no other park fenced in here at present. HAVE YOU A BABY? Then watch it closely. And above all things don't let it suffer for any length of time with worms—that if fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge. The only cure that never fails and has no bad effects. Sold by all druggists.

The Brush Runabout. If you are interested in or are thinking of purchasing a small runabout car, there is nothing for the money so powerful, reliable and possessing such hill-climbing and sand-pulling qualities as the Brush. You can get descriptive catalogues by calling on or writing R. R. CARROLL, AGENT FOR MARION COUNTY, OCALA, FLA.

Belle Meade, Sweets. Sugar, Fruit and Chocolate. "THAT'S ALL". These Delicious Candies Can be Had Only at the Court Pharmacy.
