

EVENING STAR

C. L. Bittinger and R. R. Carroll, Editors and Publishers. C. L. BITTINGER, Editor. R. R. CARROLL, Business Manager.

The National Horticultural Congress will convene at Council Bluffs, Iowa, Nov. 15-20. Mr. James McComb, Jr., is the commissioner for the state of Florida, at Tampa, and as all the expenses of the exhibit must be made by voluntary contributions, he appeals to the Ocala Board of Trade for a contribution to assist in this worthy enterprise.

Editor Brumby is in receipt of a letter from the "Delinquent" people in New York, who desire to know the date of our county fair, as they are desirous to have an opportunity to present lectures to the mothers that will attend the exhibit.

Dr. R. R. Snowden, who is now one of the chemists in the Will Sparr Fruit Co., at Los Angeles, and recently visited the Seattle Exposition, writes some interesting things to the Lakeland News, where he resided several years, how people in the west appreciate the observations of their experimental stations.

"One can learn a great deal at a first-class exposition, but the most important thing I have learned here is that the Florida people, as a whole, do not properly appreciate and encourage the work of the experimental station.

From present indications the enlarged and additional buildings will not be any too large to meet the demands of the exhibitors who are daily writing Secretary Williams for space. A large building has been erected for the special use of the colored people and the new grandstand will be turned over to them, also.

The race track will be in the best of condition and indications are that the racing program will be one of the best ever gotten up in this part of the state, and will prove a great drawing card. The program will be a long one and will include automobiles, motorcycles, horses, driving, trotting and running races of all kinds.

Dr. J. C. Booser, who has done such generous and splendid work in arousing an interest and enthusiasm among the youths and farmers of the county on the corn question, estimates that these contestants will display at the fair 25,000 ears of corn. Think of that statement and then sit up and take notice, and determine from now on to do all you can to make the Marion County Fair of 1910 a truly memorable and inspiring event.

The amusement features of the fair this year will not be overlooked, and the midway attractions will surpass those of last year. More time for a selection of these attractions will enable the fair management to make better contracts, and the people of the county can come to Ocala during the fair feeling confident that they will be well entertained.

Mr. John Lanier, a prosperous farmer of the Blitchton section, was in town today. He believes in education and will send his son to Columbia College in a few days.

Mr. L. J. Beck and sister, Miss Hudgens of the Fellowship section, were in town today shopping.

B. V. McWhite, the successful merchant of Summerfield, was in town today, and was accompanied by a young man who is just opening a store in the same place. They report business good at Summerfield.

C. R. Kruger, the jeweler, 1050 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." For sale by all druggists.

Saturday the oyster season opened in Ocala. Mr. Tucker did quite a business with them.

The Ocala quarterly conference was held in the Methodist church last night. There was quite a good delegation of elders present.

Mr. F. G. Fitz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Sold by all druggists.

Odd Fellows meet tonight.

We had a pleasant talk this morning from our old time friend, Mr. C. C. Stevens of the Herts section. He said more hay and good hay was being made in that section that ever in its history. The school was doing nicely under the care of Miss Kerr. The church was growing and the Sunday school of which Mr. Snowden is superintendent. Mr. S. came in to mingle with the old veterans of the gray, who met here today.

Messrs. Parramore & Halsell are prepared to do all kinds of repairing of furniture, also upholstering. All work will be first class and the prices exceptionally reasonable. Mr. Auguststein, the portrait artist, has made his headquarters with these gentlemen for his stay in Ocala. His genuine oil portraits can be had for about the same price that the average picture man sells his photos. Give us a trial. No. 10 Fort King avenue.

The July quarterly of the Florida Historical Society contains much matter of interest and especially so is the article on the late Senator Yulee and among other things it tells of the destruction of his home on the Homosassa river during the war by the Union forces, his location of the offices of the Florida Southern railroad at Gainesville and his refusal while president of the road to allow the Confederate soldiers to tear up the rails of said road and transfer them to Georgia.

FOR RENT—Barn and stables, first block north of hospital. Apply to J. H. Brooks, No. 19 North Second street, Ocala, Fla.

P. L. Duriose, of Connor, was in the city today. He said the collection at the Oklawaha Baptist church Sunday for the Arcadia orphanage was \$16. If every congregation in the state would do relatively as well, then the orphanage would have funds to complete the new dormitory building.

FOR SALE—A splendid Wellington upright piano, nearly new, perfect order, \$110, easy terms. Several used organs for almost nothing. Write or phone me, 328. I have no store. A. M. Lansford.

THE FAIR GROUNDS

Preparations are Being Made for One of the Greatest Fairs Florida has Ever Seen

We took a look at the county fair grounds yesterday afternoon and found President George K. Robinson and Secretary David S. Williams with their coats and collars off, their shirt sleeves rolled up and as busy as bees. Mr. Robinson was conducting the operations in the clay pit, from which wagons were hauling clay to the race track, which these gentlemen are putting in excellent shape.

We noticed many improvements, which the patrons will greatly appreciate, notably a few grandstands to the north of the old one and facing the track for the colored people. It is 74250 feet, and will comfortably seat 500 people. The agricultural hall has been enlarged by an addition of 100x20 feet, at the rear. We also counted 22 new horse stalls with additions to be made to the pens for cattle and hogs.

The new office building at the head of the midway, 2x16 feet, is certainly a creditable convenience and one much needed by the officials.

Workmen are busy erecting a building for the exclusive use of Messrs. Melver & MacKay, which these progressive merchants and public spirited citizens are erecting at their own expense and for the display of their goods.

The 15-foot hard road that has been built from the entrance to the grandstand with a square 60x60 paved for turning around purposes, is an improvement that will be appreciated by all classes, not only those operating autos, but also by pedestrians.

Secretary Williams is enthusiastic in his belief that this season's fair in the quality and number of exhibits will far exceed that of last year, which proved such a revelation to the thousands that attended.

From present indications the enlarged and additional buildings will not be any too large to meet the demands of the exhibitors who are daily writing Secretary Williams for space. A large building has been erected for the special use of the colored people and the new grandstand will be turned over to them, also.

The race track will be in the best of condition and indications are that the racing program will be one of the best ever gotten up in this part of the state, and will prove a great drawing card. MRS. B. H. SEYMOUR

The angel of death has entered the home of Mr. B. H. Seymour and carried away the life partner of his joy and sorrows, Mrs. Seymour, who passed away this morning at 1 o'clock. Mrs. Seymour had been in poor health for nearly a year and although she was administered to by skilled physicians her ailment grew and her sufferings and pain increased. Several months ago she was sent to the hills of Georgia at Gainesville, hoping that change of scene and air would revive her, but all to no avail, for after spending two months there and getting no better, she returned home last Friday, and surrounded by her family she died in the arms of her husband.

Mrs. Seymour was about fifty years of age, a devoted and helpful member of the Methodist church and a woman of many Christian virtues and graces. She was a splendid neighbor, a devoted wife and mother in whose loss the community and the Star extends condolence to the grief stricken and sorrowing.

Messrs. Smith & Roberts will have charge of the funeral arrangements, while the religious services will take place at the Methodist church tomorrow morning at 10 o'clock, Rev. R. H. Barnett officiating.

Dr. H. C. Groves, of Tampa, is in the city and will remain and conduct the Anti-Monopoly Druggstore during Mr. Howard Walker's absence. Mr. Groves will remain with her husband while he is here and then go to Orlando to visit friends. Mr. Groves has sold his Anti-Monopoly Druggstore at Tampa, and is now thinking of buying one in Jacksonville.

Mrs. W. S. Bullock has returned home from New York, where she was called to the bedside of her sick son, William, who left New York today for home. William was not quite strong enough to return with his mother.

Judge and Mrs. Richard McConathy, who have been spending the summer in the west, are expected to reach Ocala Wednesday evening. They have enjoyed a very pleasant trip.

E. Clements, one of the enterprising truckers and farmers of Sparr, was in town today, to meet with the board of county commissioners.

S. S. Savage, Sr., business manager and assistant editor of the Bartow Record, Geo. G. Mathews' paper, was in town yesterday to visit his new granddaughter.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant breastmilk for the child. Expectant mothers, too, will find it a priceless help to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can be taken in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress, low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressing sensation in stomach, dizzy or faint spells, see imaginary spots or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of woman's organs, or any one or more of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and persistently Dr. Pierce's Favorite Prescription. This world-famed specific for woman's weakness, and peculiar ailments is a pure, glyceric, vegetable, choice of herbs, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to science. The choice of the science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same. You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

SAILING TOWARD THE SOUTH

Ten Big Gasbags on their Way from St. Louis

St. Louis, Oct. 5.—With atmospheric conditions ideal, ten balloons sailed from St. Louis late yesterday afternoon toward the southeast. The passage over the city from the grounds of the Aero Club was made at a height of 500 feet. Sixty thousands persons, many centennial week visitors, were on the Aero Club grounds. Two of the balloons, the Peoria and Missouri, had gas bags of 40,000 cubic feet and were in a special race. The others were 78,000 cubic footers and raced for medals and prizes. The smaller gas bags are expected to remain in the air eighteen hours and the larger ones forty hours.

There is no game law against any one hunting for PLANK'S CHILL TONIC. It's guaranteed to cure malaria, chills and fever. Price 25 cents per bottle. Ask your dealer; he'll probably know.

Notary Jno. E. Bailey received a hasty summons Thursday morning to repair to Montague and seek a certain sink, and there in the shadowy depths of mother earth he joined in marriage Henry Dombrock and Miss Jennie Lollie and Walter Lollie and Miss Jennie Lollie. This unusual mode of procedure and the place used to solemnize the hymeneal event was necessary was an adverse spirit shown by "Daddy" Lollie against said alliance. Notary Bailey did the work so expeditiously and well that the gratitude of the united couple was expressed in the form of the long green.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol prevents these.

Spurring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish anything good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means. Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."
