CLAUDE, L'ENGLE

We had a very pleasant call this morning from the distinguished journalist and candidate for the United States senate, Claude L'Engle. He is making a tour of the state, distributing his literature, containing the platform on which he is making the race. The front page contains an excellent likeness of the candidate and the words: "A message to the democratic people of the state of Florida from Claude L'Engle, candidate for United States senator in the primaries of 1910. Born in Florida, raised in Florida, stayed in Florida. Believes in the people's right to rule, the people's ability to rule, the people's determination to rule." The pamphlet contains some good, wholesome reading and is presented in that imitatable style for which this gifted son of Florida is noted. Mr. L'Engle is making a personal campaign and presenting his platform as printed to the voter. So far he has visited 27 counties and will take in the balance when he will get his auto, which the high waters over the state prevented him using before, and make the trip over again, talking five minutes at each stop. He is securing in each county or district from one to five volunteer distributors of his platform. His motto is to see the voter and ask him. He is making an effective campaign. He came in from Dunnellon last night, from where he visited all the mining settlements in that section. He will spend the day in Ocala, making a personal canvass. His labors are creating a fine impression. He believes the only road to success along any line of procedure is to get out and hustle early and late.

The high school building is proving inadequate for the pupils that are demanding admittance. At present there are 14 pupils without seats and Mr. Anderson and Mr. Bullock appeared before the county board and requested that the board supply one-third of the money and the city the other to remove a partition wall in the west end of the second story of the east side, now used for a recitation room, to make room for the pupils. The 5th and 7th grades have had such an influx that they, too, are crowded. The situation is this: the Ocala precinct is badly handicapped by being in debt and the revenue from taxation is inadequate to meet of school's demands.

The millinery opening yesterday and today at the Geo. A. Nash store was a stunner and a hummer. When we called for points the bread winner had gone to dinner and the two assistants were so busy trying to sell that we had to satisfy ourselves by looking around, noting that all the prominent colors of the rainbow were represented in the female head gear in sight, mixed up with all the shades of ribbons, puffs, braids, feathers, spangles, etc., that it set our mind in a whirl and we beat a hasty retreat, remarking it was the limit and now it was for the fair sex to go up against it and do the best they could. Buy a hat from as varied and fine a selection of millinery as ever entered our port.

Nathan and Sam Goldman are in Dunnellon arranging a fine stock of goods to be used as a part of the sale of the Globe's new immense fall stock. These young men took a full page in the Dunnellon Advocate to let the public know the quality and low price of the goods.

Editor Straub of the St. Petersburg Times and a cartoonist of no mean ability, in his paper of the 5th has one entitled, "Encouraging Home Industries." The cartoon represents an aged citizen with a struggling youth over his knee. The youth is labeled "Home Printer," and the aged person, "City Council." In his upturned hand the aged gentleman holds a paddle, labeled "Ocala Printers." To the left are the words "St. Petersburg occupation tax is calculated to protect her industries, except printers, etc." The rest was unintelligible. Now what we desire to know is what did Cartoonist Straub attempt to delineate or portray. So far as we know there is no trouble among the newspaper fraternity in Ocala or among its printers. Will Editor Straub please explain.

Mr. Charles M. Brown, Jr., formerly an Ocala boy and who resided in this city until five years ago, was in Ocala yesterday and today for the first time since removing to Miami. Charlie, as all of the older residents know him, is looking well and has the same glad smile and hearty laugh. He is traveling Georgia and Florida for half a dozen furniture houses and in future will visit Ocala every three months.

The Star hears with sincere regret of the failure of the firm of Waterman & Hall, clothiers, in Gainesville, Georgia.

Mr. R. O. Eagle, of Jacksonville, has arrived in the city and will assume charge of the A. R. Harper piano store. Mr. Eagle is a fine salesman and an expert piano tuner. Mrs. E. came with her husband and they expect to make Ocala their home.

Attorney Beck, who has been confined to his room for a week with sickness, is again in his office, ready to attend to the wants of his clients.

Messrs. John and Charles Rogers, sons of Col. R. F. Rogers of Lynne, were visitors to the city yesterday.

Dr. Thrasher, a genial whole-souled veteran of Dade City, passed through Ocala yesterday on his way to Lake Kerr to treat Mrs. Ned Williams, who has been greatly afflicted for some time. The doctor went down the river to Eureka and then overland. Dr. Thrasher is an enthusiastic Confederate veteran and is a conspicuous figure at every reunion and if his wife's health will permit, he will be at Live Oak, Oct. 20-21st.

Masons meet this evening.

WILBUR JOHNSON

Master Wilbur Johnson was taken sick with congestion of the brain Sunday and died Tuesday night. All efforts to save the boy's life were unavailing. He was the son of Mr. and Mrs. C. E. Johnson. The funeral services were held yesterday afternoon from the North Main street home of the family, the funeral being conducted by Smith & Roberts. Interment in Greenwood Annex cemetery. Rev. R. H. Barnett, pastor of the Methodist church, officiated. The pall bearers were Messrs. J. N. Tolar, A. W. Bridges, R. L. Marsh, Tom Dekle, Will Marlow and Will Barco. In the deep bereavement that has come to darken the home of the parents, the Star extends sympathy.

The remains of Mrs. A. B. Easley of DeLeon Springs were brought to Ocala this afternoon for interment in the cemetery by the side of the baby of her sister, Mrs. Foxworth of Lake-land. Mrs. Easley is the daughter of Mr. and Mrs. Samuel Cleveland.

U. D. C. MEETING

The regular monthly meeting of Dickinson Chapter, U. D. C., will be held Friday afternoon at 3 o'clock, at the residence of Mrs. J. R. Moorhead. A full attendance is requested, as there is business of importance to come up before the chapter.

SWEEP OVER NIAGARA

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current. Nature's warnings are kind. The dull pain or ache in the back warns you the kidneys need attention if you would escape fatal maladies—dropsy, diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c. a bottle at all druggists.

Most women are troubled with kidney complaint, and you know very many serious and even fatal diseases result from these neglected kidney troubles. If you will take DeWitt's Kidney and Bladder Pills as directed, you may be confident of good results. Try them and see how really good they are. Beware of imitations, pills that are intended to deceive you. Be sure you get DeWitt's. Sold by all druggists.

HARNESS MENDED

Harness of all kinds mended or new parts made where desired. Also saw filing done. Apply to E. T. Simmons at Tompkins & Cobb's stables.

Fall colds are quickly cured by Foley's Honey and Tar, the great throat and lung remedy. The genuine contains no harmful drugs. Sold by all druggists.

A FIRE AT ZUBER

A Narrow Escape for the Two Big Lumber Plants

A telephone message was sent in to the Ocala Fire Department at 10:30 o'clock this morning from Zuber asking the chief to send help out as quick as possible, that the big mill was on fire. Chief Hamp Chambers, Messrs. Ed Bennett, J. M. Meffert, Louis Lang, Will Jeffcoat and several others went out in several automobiles with the fire extinguishers and made a quick run, opening their machines up after getting outside of the city limits.

When they arrived at the fire, which was in the roof of the shingle-covered shed over the planing mill department of the Marion Lumber company's plant, the 200 men employed at the two mills had the fire practically out. The fire had burned the roof almost off the shed. There was plenty of water and buckets and although the water pressure through the hose from the tank was insufficient, the bucket brigade did the work. The hose had sprung a leak and it was cut, the end being placed in a hole, from which the men could readily dip up buckets of water.

The plant, planing mills, dry kilns, etc., of the Marion Lumber Co. are located far enough from the Sumner Lumber company's plant that the last mentioned would have been saved, even in the event of the total loss of the former, which was on fire, unless there had been a very heavy wind blowing directly towards the Sumner plant. The friends of the two companies in Ocala are exceedingly glad that the property was saved. The total loss will not exceed \$200.

GRAND EDUCATIONAL RALLY

To all Citizens, Officials, Patrons and Taxpayers: The state educational campaign committee has arranged for three meetings in Marion county. Several distinguished speakers will address and confer with the people on various features of educational work and interest. The meetings are scheduled to be held at Citra on next Monday afternoon or night, at Ocala in the courthouse on Tuesday forenoon at 10 o'clock and at Dunnellon on Tuesday night. It is earnestly desired that these meetings be attended by every person feeling any interest whatever in the educational uplift of our county. The list of speakers will include some of the most eminent educators in the Southern states. The county board of public instruction has made an appropriation to defray the expenses of the speakers in Marion county and is hoping for very beneficial results. Very truly yours, J. H. Brinson, Supt.

"I'D RATHER DIE, DOCTOR,

than have my feet cut off," said M. L. Bingham, of Princeville, Ill. "But you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Astringent Salve and it cured. It cures of eczema, fever sores, boils, burns and piles around the world. 25c. at all druggists.

Messrs. Parramore & Halseell are prepared to do all kinds of repairing of furniture, auto upholstery. All work will be first class and the prices exceptionally reasonable. CARD OF THANKS

We take this method of thanking the public through the columns of your paper for the liberal patronage that has been extended us through the past season in our business, as we have not been able to deliver cars, as the entire country as a whole bought more cars than the Buick factory could produce. We are just in receipt of letters giving us a slight inkling of our 1910 product, assuring us of the fact that there will be no question in the future that we will be cared for. Our 1910 models will be ready for delivery the first of November, and we have the assurance that if we should need 100 cars we can deliver the same. Our models 10 and 17 will be continued, but the horsepower will be increased 20 per cent. We will also have a model known as No. 18, practically the same as our No. 17, only slightly a smaller car, and will sell for about \$1400 complete, and we think this model will hold the rest of them for quite a while. We will also have a \$600, a runabout, 2-cylinder, opposed motor in front, under the board, cone clutch in fly wheel, selective type transmission and double chain drive, 30x3-1/2 tires; and we want to say to the public that so far as pulling through sand is concerned, this car has no equal. Thanking our friends for past favors, we are Very respectfully, OCALA GAS ENGINE WORKS, Per J. H. Spencer.
