ICE! ICE!

Buy Ice From Red Wagons

They say, but if you will examine carefully the ice which melts so rapidly you will note that there seems to be holes in it, that the center is what is called "snow ice," which, being more porous, allows it to melt quickly.

"Crystal Ice"

The kind we turn out is as clear and perfect as it is possible to make ice, and is the most economical ice to use. Ask the man on the Red Wagon to stop and see you.

AGES WERE TOO FAR APART

Family Quarrels Between a Middle-Aged Man and his Child Wife Causes Death of Both

Jacksonville, Nov. 12.—Family troubles, resulting probably from the wide difference in their ages, caused Lewis W. Lewis, 40 years old, to kill his wife, Carrie Lewis, 16 years old, and then commit suicide at their home, corner of Forest and Divine streets, shortly before 3 o'clock yesterday afternoon. The little home where the tragedy occurred, is located in the negro settlement known as Mixentown, in the southwestern portion of the city.

Following a quarrel, which had been going on during the whole day, Lewis and his wife had apparently prepared to separate. Their trunks were packed and everything about the house pointed to the fact that they were ready to move.

There were no witnesses to the double tragedy, but the shots were heard by neighbors. A negro woman, who lives near the Lewis home, was the last to see either of them alive. Shortly before the first shot was heard Mrs. Lewis came to a window and looked out. She was crying. Within a few minutes a shot was heard and nearly twenty minutes afterward another.

Then an investigation was started, and neighbors called Patrolman Kersey, who entered the house and found the bodies of Lewis and his wife. She was on the bed face down with a bullet wound through the top of her skull. Lewis lay upon the floor near the bed with a bullet wound in the palate of his mouth and a 28-caliber revolver clutched in both hands. Tear stains on her face showed that the woman had been crying when killed.

Evidence in the house shows that after he had killed his wife, Lewis walked into another room, extracted the empty cartridge and inserted another. Returning to the room where lay the dead body of his wife, he sat upon the floor and placed the barrel of the revolver to his mouth and fired.

Had Frequent Quarrels

Quarrels had been frequent between the two and were probably due to the fact that Lewis was so much older than his wife, whom he married when she was but a mere child, 13 years of age. She was a Miss Carrie Norton before their marriage. Three months ago Lewis fired at his wife, but the shot went wide of its mark. Lewis was not arrested and the trouble was apparently made up.

Lewis was a cripple and for a time operated a candy stand at the corner of Julia and Bay streets. Of late he had been conducting a refreshment stand at the end of the Riverside car line, near the city limits, and where passengers transfer to Ortega cars. In his pocket was found a deed to a burial lot in Evergreen cemetery, which he had evidently placed there so that whoever found the bodies would find it easily.

TAFT FINISHED HIS TRIP

Thirteen Thousand Miles, with 266 Speeches and Over a Hundred Banquets

Washington, Nov. 12.—After an absence of more than three months, during which he traveled 13,000 miles thru the West and South, President Taft slept last night in the White House. He left the capital August 6 with the cheers of the crowds ringing in his ears. He returned yesterday to the tune of the same cheers, but he tarried only a moment with the various welcoming parties. His objective point was the White House and Mrs. Taft, and as quickly as he could get away from the brief speeches of welcome he climbed into his big automobile. The chauffeur broke all the speed records of the distance on the last leg of the president's record-making journey.

When President Taft spoke at the city auditorium in Richmond yesterday afternoon, he made his 266th speech of the long trip, which according to the itinerary consisted of 12,759 miles, but with side trips amounted to more than 13,000 miles.

BAD NIGHT FOR BOY BANDITS

Two Captured and One Killed While Trying to Rob a New York Central Train

Syracuse, N. Y., Nov. 12.—An attempt to rob New York Central train No. 24, the American express between Lyons and this city last night was frustrated and two men were arrested at the point of guns. A third is believed to have fallen under the train and been killed.

The two men arrested are now locked up in this city charged with attempted express robbery. They said they were George Williams, aged 18, and Frank Brown, aged 16, and that they resided in Buffalo.

The American express generally is laden with silks and other valuable goods consigned by shippers in New Orleans and other cities to New England merchants. Last night there were ten cars. A car on the train was loaded of several hundred dollars worth of silks four weeks ago, and two weeks ago New York Central Detectives William Hennessy and Frank Boquard were ordered to ride the train between Buffalo and this city. Both were well armed.

When the train stopped at Lyons at 9 o'clock yesterday evening the detectives and Express Messenger Beard noticed three men with a large electric flash lamp walking along the tracks examining the cars. When they reached the car in which were the officials they mounted the steps and waited for the train to pull out. The locomotive was soon speeding a mile a minute and the men with a skeleton key turned the lock. A large chain still held the door and this was soon pulled from the woodwork by a claw hammer.

Two men entered the car and were quickly covered by the officers' guns, and ordered to throw up their hands. No trace of the third man could be found.
