### W. C. T. U. WORK

#### Value of Prohibition

The following letter from the mayor of Knoxville, Tenn., and addressed to Miss Annie E. Neal, president of the W. C. T. U. of Florida, is authentic:

Dear Madam: I beg to acknowledge receipt of your favor of the 16th inst., making inquiry in regard to the effort of our banishing saloons from Knoxville.

I did not know that you were engaged in this noble fight in Florida, but will be very glad indeed if any information you may receive from me will be of service to you.

Answering your question seriatim: No, there is not more liquor drunk now than before expulsion of the saloons from Knoxville. There is not one-fourth as much. I doubt if there is one-tenth as much. The number of crimes is reduced more than one-half.

The business of the merchants has not been diminished, but rather increased. Especially is this true of the retail merchants. We have no liquor merchants in Knoxville.

No, we have not found it difficult to keep up school expenses. We are now paying more than one hundred thousand dollars a year (\$100,000) for the year ending in 1909 the year before saloons went out.

The only dullness we experience here is in the manufacturing lines, but the factories are looking up now and when the tariff bill shall have passed business will resume normal conditions and everything will be, in my judgment, as prosperous as before the panic. Our bank clearings are very much in excess of a year ago, showing that the general situation is improving.

You have asked for my unprejudiced views and in answers to your interrogatives above have given them. I have never been an enemy to the saloon keeper—the liquor dealer. I have no fight to make against him, but only his business.

Some of them seem to think that I am a very bad man and say all manner of evil against me. I really have no resentment towards them and would never have fought them as I have if they had not forced the fighting themselves. When we entered the campaign to put whiskey out of Knoxville there were 14 saloons well fortified behind big breweries and big distilleries and big wholesale liquor houses. They were driving their business into all thickly settled communities, putting up their dives right beside the dwelling houses of our people, thereby destroying the value of the property and making homes untenable. It was this conduct that I resented and that the people generally resented.

You know the old proverb says, "Whom the gods wish to destroy they first make mad." The liquor dealers were surely made mad, and seemed to believe that the rest of the people had no rights which they were bound to respect. This went on for many years, out after a while reaction set in and when it did it was swift and terrible. Trusting that you may be successful in your fight for prohibition, I am, very respectfully,  
John M. Brooks, Mayor.

#### The Saloon Business

is responsible for more than 75 per cent. of all our criminals.

It causes more than 75 per cent. of all the pauperism for which the taxpayer has to pay.

It puts out the fire on the hearth and condemns wives and children to hunger and rags.

It causes more misery than words can tell.

It is hated by every true mother. It is feared by every faithful father.

These are facts—indisputable.

#### Japan Temperance Societies

The Men's Temperance League of Japan, which has about ten thousand members, held its annual convention October 9-10, at the Ginza church. The business meetings were very well attended and reports most excellent.

#### Have Faith in God

In a conflict where right wages warfare against wrong there is always one reinforcement that we may be confident will not fail us in time of need. It is the power of Almighty God. When we reach the limit of our resources we have the unlimited power of the almightiness of Jehovah to fall back upon. "If God be for us, who can be against us?" If I doubted the success of the present movement I would withdraw myself from the present contest and to my knees and stay there until I could look up into the smiling face of the Great Father of Love and know in my heart that he would give his people the victory over a great evil. "Fear not, for they that be with us are more than they that be with them."

#### Liquor

"The express between — and — turned off the main line at — and ran north about eight miles before it was discovered by any of the crew that they had left the main track. The main line was double track, practically straight, and passed over a bridge and a deep fill. The branch was single track with sharp curves, which engineers had heretofore supposed none of the big road engines could make, and it was up grade. The engine was accustomed to excessive use of alcohol and was discharged from the service, not on account of being intoxicated at the time of the accident, because he was not in the habit of drinking while on the engine, but because of the lapse of memory on account of the temporary withdrawal of alcohol. The man had been on the engine five hours."

#### ANDALUSIA

On account of the dry weather fall gardens are almost a complete failure.

Mr. J. M. Lewis is shipping some very nice beans considering the drought.

Mr. and Mrs. J. T. Hall made a trip to Hawthorne Sunday and report that the section is dry and thirsty one. Though the dry sand gardens are surprisingly fine.

Mr. W. W. Pace, who was quite ill this past week, is up again and thinks he'll be able to enter the farm again soon.

There has been a great deal of sickness in this neighborhood in the past few weeks—has almost broken up the school.

A very quiet wedding took place in this vicinity Sunday afternoon.

Mr. D. O. Ellis and Miss Edna Hall, of Citra, drove out to Mr. Shortridge's and were married, Mr. Shortridge performing the ceremony. We Andalusians extend our hearty congratulations to you both, wishing you a long and prosperous life.  
Topsy.

### The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing.

The "Favorite Prescription" is a medicine for women who have been cured by Dr. Pierce's Favorite Prescription. It cures debilitating drains, irregularity and female weakness. It always helps. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimony. It is the most intelligent women now-a-days insist on knowing what they take as medicine. Instead of opening their mouths like a lot of young birds and gulping down whatever is offered them, "Favorite Prescription" is of known composition, it makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y. 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If it is sent to the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

## The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach. While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain. The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods." The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then, dizziness, unnatural sleepiness, sick headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these, by insuring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means. Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake." **Our Guarantee** Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 24 times as much as the fifty-cent bottle. Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago. **FOR SALE BY ALL FIRST CLASS DRUGGISTS**
