They say, but if you will examine carefully the ice which melts so rapidly you will note that there seems to be holes in it, that the center is what is called "snow ice," which, being more porous, allows it to melt quickly.

## ANOTHER RAILWAY OPENED

The Georgia and Florida, from Milton to Madison, Runs 283 Miles Through a Land of Cotton

Vidalia, Ga., Nov. 17.—Six passenger trains over the Georgia and Florida Railway, yesterday inaugurated the service of a new railroad in the two states, one that taps a rich region and with its many connections gives it an outlet in every direction.

The Georgia and Florida Railway has two hundred and eighty-three miles of road in operation from Milton, Ga., to Madison, Fla. Its main line, constituting the Millen and Madison division, extends through Jenkins, Emanuel, Toombs, Jeff Davis, Coffee, Berrien and Lowndes counties, Georgia, and Madison county, Florida, a distance of two hundred and three miles. These counties have a total area of 4,422 square miles, an acreage of 2,627,692 acres and a population of 148,833. In this territory 90,000 bales of cotton were grown last year. The number of farms is 13,762. In the counties traversed by or adjacent to the Georgia and Florida Railway 242,000 bales of cotton were grown last season.

Some of the more important stations are: Milton, Garfield, Summit, Graymont, Stillmore, Vidalia, Hazlehurst, Douglas, Willacochee, Bannockburn, Nashville, Valdosta, Olympia, Pinetta, Madison, Broxton, Medville, Sparks, Summertown, Swainsboro.

The road connects at Millen with the Central of Georgia; at Garfield with the Savannah, Americus and Northern railroad; at Stillmore with the Brewster and Pineora division of the Central of Georgia; at Vidalia with the Seaboard Air Line; at Hazlehurst with the Southern Railway; at Douglas with the Atlanta, Birmingham and Atlantic; at Willacochee with the Atlantic Coast Line; at Sparks with the Georgia Southern and Florida Railway, via the Sparks branch line; at Vidalia with the Atlantic Coast Line, the Georgia Southern and Florida and the V. M. & W. railways, and at Madison with the Jacksonville and River Junction division of the Seaboard Air Line.

Sold by all druggists.

## DISHONESTY, DEATH AND DISGRACE

The Cause and Effect of a Suicide Pact Only Half Carried Out at Hartford, Conn.

Hartford, Conn., Nov. 17.—The gruesome tale of a suicide pact which in its fulfillment, cost the life of Blanche Ferguson, of Washington, and nearly that of her companion, Fred J. Reid, of Cleveland, was told yesterday at a hearing before the chief of police. Though the couple had known each other only two weeks, they had made two attempts to die, according to Reid.

The night of their arrival here they drank the contents of a phial of morphine. This being without the desired effect, Reid had the bottle refilled and the couple spent their last money in decorating their death chamber with white flowers. Then they drank the mixture and lay down to sleep what they hoped would be their last sleep. The girl never awoke. Reid was saved by prompt medical attention.

## LIVED 152 YEARS

Wm. Parr, England's oldest man, married the third time at 120, worked the fields until 122 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlink, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly, rundown or old people. Try them. Fifty cents at all druggists.

## SUFFOCATED WITH SHEKELS

Mr. Bradley of New York Hired a Special Train to Take His Friends to a Football Game

New Rochelle, Nov. 17.—H. H. Bradley of New York, accompanied by Mrs. Bradley, a friend and his wife, was on his way to the football game in his 60-horsepower automobile appropriately decorated for the occasion. In Fortnum one of the axles snapped in crossing a trolley track and put the auto out of commission.

When a cold becomes settled in the system it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition.

## A TEST OF THE SECOND AMENDMENT

Will be Made When the Labor Leaders Appeal to the Supreme Court

Washington, D. C., Nov. 17.—Samuel Gompers, John Mitchell and Frank Morrison, labor leaders, under sentence of alleged contempt of court, will return to Washington from Toronto, where they were attending the American Federation of Labor convention, next Monday, to appear before the district court of appeals, which recently affirmed the decision of Justice Wright imposing jail terms.

The labor leaders will probably sue out a writ of habeas corpus and should the judge refuse to discharge them the next step will be an appeal to the United States supreme court. By this means the alleged violation of court immunity from prosecution, claimed to be guaranteed by the first amendment to the constitution providing free speech and free press, gives the United States supreme court an opportunity to determine what the framer of that amendment intended.

## SOUTH CAROLINA ANOTHER SAHARA

Air-Tight Prohibition Law Now in Effect in Six-Sevenths of the Palmetto State

Columbia, S. C., Nov. 17.—Yesterday at sundown in the 15 counties of South Carolina, which voted dry on August 17, last, the drastic prohibition law enacted at the last session of the legislature went into effect. With the closing of the dispensaries in these 15 counties of the state, only six counties remain wet, 21 having been dry at the time of the local option election last summer.

The statute which went into effect yesterday is one of the most drastic of the recent crop of prohibition laws. Not only does it forbid the sale of liquor in the dry counties, but prohibits "keeping in possession" any liquor whatsoever.

Dunnellon, Fla., Sept. 17, 1909.—I have sold Hall's Texas Wonder at St. Louis, Mo., for six years. Every bottle I sell adds a customer for it. It is a genuine cure for kidney, bladder and rheumatic troubles. Geo. Ohmnick, Merchant. 60 day's treatment in each bottle.

## CAVE-IN IN NORTH CAROLINA

Took the Lives of a Dozen Italian and Negro Workmen

Winston-Salem, N. C., Nov. 17.—Ten or perhaps twelve men, the exact number cannot be ascertained, were smothered to death yesterday in an excavation near Salem creek, near here. The men were digging for a new railroad being constructed south of here. The members of the gang were Italians and negroes. As far as is known, no Americans were killed.

## NOTICE OF ELECTION

Under and by authority vested in the undersigned, as mayor of the city of Ocala, a municipal corporation organized and existing under the laws of the state of Florida, I hereby proclaim and give notice that a municipal election for the city of Ocala is hereby called and will be held in the said city of Ocala, Marion county, Florida, on the 14th day of December, A. D. 1909 for the purpose of electing a mayor of the said city; also one councilman from the first ward; also one councilman from the second ward; also one councilman from the third ward; also one councilman from the fourth ward and also one councilman at large, for the said city aforesaid and hereby appoint the inspectors and clerks as follows for the respective wards: Ward No. 1.—C. H. Matthews, W. C. Jeffries, O. B. House, inspectors, and E. C. Bennett, clerk. Ward No. 2.—J. H. Livingston, Sr., T. D. Lancaster, A. J. Brigrance, inspectors, and D. A. Miller, clerk. Ward No. 3.—Joseph Shuford, John Bailey, J. A. Pittman, inspectors, and J. W. Lyles, clerk. Ward No. 4.—E. W. Kraybill, R. A. Carlton, A. Y. Strunk, inspectors, and R. C. Loveridge, clerk. John D. Robertson, Mayor.

## A CHANGE TO GET EVEN

The People of Hamilton County, Tenn., Should Re-Elect Shipp to the Sheriff's Office

Washington, Nov. 17.—Rather than ask clemency from the government, Joseph F. Shipp probably will choose to go back to the people of Hamilton county, Tennessee, after his 90-day term in jail for contempt of the United States supreme court has been served, and test their confidence in him by asking re-election to his old office.

Captain Shipp's sentence for failing to prevent the lynching of Ed Johnson, negro, whose legal execution for criminal assault on a white woman, was stayed for review by the supreme court, will expire just in time to allow him to begin a campaign for sheriff.

Two months later the primaries will be held in Hamilton county and election for office again would be regarded by Shipp as partial compensation of his temporary deprivation of liberty.

## THORNTON HAINS IN FLORIDA

St. Augustine, Fla., Nov. 17.—J. Thornton Hains, writer of blood curdling sea stories, who was tried on a charge of murder in connection with the killing of William E. Annis by his brother, Capt. Peter C. Hains, of the United States Army, arrived in St. Augustine this week with William J. Dunn, an ex-champion at the oars. They have left in a small boat for a fishing trip down the east coast canal. According to New York dispatches, Hains disposed of his property at Fort Hamilton, near that city, some time ago and has devoted most of his time since his acquittal to sailing on the lower bay and to writing.

## FLORIDA'S CLAIM TO ARCTIC FAME

Peary and Cook Both Favorite Stepsons of the Peninsular State

St. Augustine, Fla., Nov. 17.—Although she isn't making a bit of fuss about it, Florida claims credit for the discovery of the north pole, regardless of whether Peary or Cook, or both, got there. It's a double claim that the state has upon the discovery so she is assuredly due that recognition.

Commander Robert E. Peary entered the engineers' corps in 1881. In five years he sprang into the favorable notice of the department at Washington and in 1888 he made his first dash for the pole. And it is to Florida that he owes the fact that he won recognition that later enabled him to pursue his Arctic expeditions.

Early in his services he was stationed at Key West. The government decided to erect a big new steel wharf for the naval station. The contract was a big one and the bids were high. Peary, the young government engineer, did some figuring and informed the officials that he could take government labor and erect a wharf that would stand both wind and weather at a far less expenditure than the acceptance of the lowest bid would involve. He was so certain about it that he finally persuaded the department at Washington to allow him to go ahead.

The wharf was built and the government saved thousands of dollars upon it. The government brought the government engineer into favorable notice at Washington in quick time. He was given other most important work, with the result that he finally was enabled to take up his work in the Arctic regions. But it was the erection of the Key West wharf that started his career. The wharf still stands and is as serviceable as ever, it is stated.

Florida's claim upon Cook is a little more roundabout. Dr. Cook's expedition to the pole was financed by W. R. Bradley, Mr. Bradley made his fortune, or at least a big part of it, in Florida. He is well known in the state, as, for years, he was a regular winter resident of St. Augustine, and he is now president of the famous Millionaires' Club at West Palm Beach. Dr. Cook wouldn't have gone to the north pole if Mr. Bradley had not put up the cash, and Mr. Bradley might not have put up the cash if he hadn't made most of it in Florida.

And therein lies Florida's double claim to the discovery of the north pole.

## FAMOUS SHOWS COMING

In Addition to Complete Zoo and All Features of Regular Circus Coming to Ocala

With the aid of imagination some fairly adequate idea of ancient splendors may be formed. Magnificent chariots drawn by Arabian stallions, herds of elephants and camels carrying Bikaners, warriors in chain armor, sacred cattle and carts of golden plash, bullocks covered by silver trappings, old conveyances harnessed to elephants, camel teams and natives direct from India, all take part in this production.

Howe's Great London Shows carry a large amount of live stock. Over two hundred horses have to be cared for every day. It takes tons of provender to feed them and the menagerie.

The animals of the menagerie are generally of the most interesting. The hardest and longest lived and most intelligent is said to be the elephant.

Some of the largest of this show are used to push the heavy wagons and cages about the lot when the show is setting up.

One morning an elephant became enraged at the driver and beheaded quickly and struck at the man with his trunk. The brave eyes of the animal glistened as he trumpeted his anger. The keeper lashed the big brute with his whip and subdued him without any damage being done. Had the man been hit by the blow it would have killed him. When an elephant gets so bad that he is dangerous the owners have the animal killed, although the killing of an elephant means a loss of several thousand dollars.

Shows carry everything that can be found in a good-sized city. With the aggregation is a blacksmith, a barber, harness maker, two painters, glider, cooks, bakers, electricians, a minister, veterinary doctors, and its regular family physician.

## NO CASE ON RECORD

There is no case on record of a cough or cold resulting in pneumonia or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. Sold by all druggists.

## PREYED ON HIS MIND

New York, Nov. 17.—The loss of a son and nine employees in the recent destructive fire is believed to have caused the suicide of Robert Morrison, found dead of asphyxiation yesterday.

In the fire the men who lost their lives were locked in on one floor and were unable to get out and those on the outside could not reach them. They perished miserably.

## WON'T SLIGHT A GOOD FRIEND

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley of Basia, Me. "For, after using ten bottles of Dr. King's New Discovery and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for coughs, colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For bronchitis, asthma, hemorrhage, croup, laryngitis, sore throat, pain in chest or lungs its supreme. 50c and \$1. Trial bottle free. Guaranteed by all druggists.
