## SHOT AMERICAN CITIZENS

If the Report from Nicaragua is True, President Zelaya has Exceeded the Limit

Washington, D. C., Nov. 19.—The state department has advised from Nicaragua to the effect that two Americans, members of the revolutionary army, have been shot by order of President Zelaya. The Americans Zelaya sentenced to death were Leonard Grace and Leroy Cannon. The cruiser Vicksburg was ordered to proceed hastily to Corinto. The gunboat Des Moines will be sent to Port Limon to observe the situation there and report by wireless to Washington.

News of the capture of the men came from the American consulate at Managua and stated that their capture was followed quickly by death sentence. The consul appealed in vain to President Zelaya in behalf of the men. Zelaya replied: "Sentence is final."  
Later advices to the state department are to the effect that the men were executed. Upon this information Secretary Knox asked Secretary of the Navy Meyer to order the Vicksburg to proceed to Corinto and protect Americans and American interests. The Des Moines is to go at top speed for the same purpose. The Des Moines is now at Colon, 150 miles from Port Limon and should reach there in ten hours. The Vicksburg, cruising on the Pacific coast, is scheduled to reach Corinto, a distance of 200 miles, within ten hours.

The execution of the men is believed to have taken place near El Castillo, in the immediate vicinity of Greytown.  
The brutality of the Nicaraguan government in ordering the execution of these Americans without trial is likely to result in this government taking drastic measures to prevent a repetition. Officials intimate that President Zelaya will be held strictly accountable for his action.

**SEEMS LIKE A CHANGE WOULD BE SALUBRIOUS**  
Fearful State of Affairs Consequent on Zelaya's Tyrannical Reign in Nicaragua

Bluefields, Nov. 19.—A memorial in circulation here appeals to the United States to stop the reign of tyranny in Nicaragua. After declaring that the republic is in a condition of chaos the memorial declares:  
"At this moment there is only one people to whom we can look for help. There is only one government to which we may appeal for relief. That people is the American people. That government is the American government. To them are addressed these lines. By reason of his narrow-mindedness and morally corrupted nature, President Zelaya hates that people, their government and their institutions.  
"One revolution after the other has broken out since he has been in power. Men of the conservative party, men of the liberal party, have raised their arms against him many times, only to be crushed and cast into prison or driven into exile. Under the monstrous ordeal of Zelaya's rule the nation is financially a total wreck. Private homes have been atrociously violated, and there is now in exile, suffering all kinds of misery, more than 10,000 Nicaraguans. The pen of the prophet Isaiah could not give an idea of this iniquity.  
"But there is something worse yet. Before the last revolution started Zelaya ordered the apprehension of nearly 1,000 of the most prominent men in Nicaragua, put them in the penitentiary and fastened big heavy chains on their ankles by way of punishment. These men are yet in jail, suffering horribly from the treatment of the jailers and from the dreadful dungeons where they are plunged like pigs. Without the slightest proof against them and just because he suspects that these men would like to see him out of power he has thrown them into jail, where he perpetrates upon them the most humiliating actions against human dignity."  
Continuing, the memorial says that American diplomats have continually suffered insult at the hands of Zelaya. It declares:  
"And right after Mr. Taft's election Zelaya's chief of police in Granada offered an insult to the American flag, taking it from the hands of the men who were waving it and casting it down as a miserable piece of trash on the streets.  
"Here is the head of a government who is willing to insult and permit to be insulted the greatest nation of the world. What can he not do without fear of penalty with the helpless inhabitants of the country who are at his mercy!"

**WON'T SLIGHT A GOOD FRIEND**

Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. ## CARNEGIE WILL CONTRIBUTE

A Huge Sum of Money to Combat Pellagra—Laird of Skibo will Go Johndee One Better

New York, Nov. 19.—An intimation has come to the national health officials at Washington that Andrew Carnegie is about to give an enormous sum for a campaign of eradication against pellagra the mysterious "Lombardy leprosy," which has appeared recently in Louisiana, Alabama and Mississippi and frightened the entire South.  
While there has been no definite figure's contribution will equal the \$1,000,000 which John D. Rockefeller has given for the eradication of the hookworm (uncinariasis) in the South. The spread of pellagra is said to be equally as great as that of the hookworm. Danger to the section affected is even greater.

## Cottolene Is Not a Substitute for Anything

No animal product, such as hog lard, ever has afforded, or ever can afford a satisfaction to compare with Cottolene. It is far superior to lard because it contains no hog fat, and its purity is unquestioned. It is more economical than butter for shortening and frying because, being richer, one-third less is required.

Cottolene is made from cottonseed oil, a fluid extracted from the seed of purest cotton. From Cottonfield to Kitchen—human hands never touch the oil from which Cottolene is made.

Pies, doughnuts and cakes cooked with Cottolene can be fearlessly enjoyed by the most determined dyspeptic, for Cottolene makes food digestible as well as palatable.

There is no substitute for Cottolene, because there is no shortening as good as Cottolene. It is pure, clean, neutral in taste and flavor, and absolutely the purest and most healthful frying and shortening medium.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

**BIG PRICE FOR BIRDS**  
Thanksgiving Turkeys will Come High this Year but Cranberry Sauce is Cheap  
Chicago, Nov. 19.—According to the South Water street commission men, the Thanksgiving turkey is likely to be an expensive bird this year. The supply, it is said, is smaller than last year, and so the housewife will probably be compelled to pay from 25 to 30 cents a pound for her purchase. And what makes the situation even worse for her is that the supply of ducks and chickens is also short, and prices have gone up in proportion. It is some consolation to know, however, that there may be plenty of cranberry sauce, for cranberries are more plentiful and cheaper than in many years.
