They say, but if you will examine carefully the ice which melts so rapidly you will note that there seems to be holes in it, that the center is what is called "snow ice," which, being more porous, allows it to melt quickly.

STANDARD OIL SHATTERED

Unless the Supreme Court Reverses the Decree of the Federal Court, the Giant Trust Must Dissolve

St. Paul, Minn., Nov. 21.—In an opinion written by Judge Walter H. Sutherland of St. Paul and concurred in by Judges Vandevanter, Hook and Adams, with a special concurring opinion by Judge Hook, the United States circuit court for the eastern district of Missouri yesterday handed down an opinion declaring the Standard Oil company of New Jersey an illegal combination operating in restraint of trade and ordered its dissolution.

The opinion of the court was filed simultaneously in St. Louis and in St. Paul.

In this decision the government of the United States wins a sweeping victory, and according to Frank B. Kellogg of this city, who was the government's special prosecuting attorney, the government has won every point for which it contended.

The case will be appealed direct to the United States supreme court, as the judges who signed yesterday's decree, are in effect the judges of the United States circuit court of appeals, although they were sitting for the purpose of trying this case as the circuit court for the eastern district of Missouri.

The decree of the court dissolving the Standard Oil trust becomes effective in thirty days, when no doubt a stay will be granted for the purpose of an appeal.

THE STATE ACQUIRES MORE TERRITORY

Five Thousand Acres of Lake Beds in Jefferson County

Tallahassee, Nov. 20.—About two years ago suits were instituted on behalf of the owners of lands around Lake Miccosukee, in Jefferson county, against the trustees of the Internal Improvement Fund, claiming the land lying between the meander line of the abutting property owners and the center of the lakes. It seems that in recent years, from some reason not fully understood, these lakes have dried up, and the lake beds, amounting to about five thousand acres, have become valuable for pasturage or cultivation.

The circuit court decided in effect that the abutting property owners did own the lands between the meander lines and the center of the lakes, in some instances extending a distance of two miles and including an area of land many times greater than the tract owned by the complainant. The property owners were represented by Fred T. Myers and T. L. Clarke, of Monticello, and the trustees by W. S. Jennings.

The Decision Made
The supreme court of Florida has just announced a decision, reversing the decree of the circuit court and sustaining the title of the state to the lake beds, including all lands lying between the meander lines of the lakes, as shown by the United States surveys, and the center of the lakes.

It was learned at the office of ex-Gov. Jennings, from his assistant, R. E. Colcord, that they had not seen the full text of the opinion of the supreme court, but that the information received at the office was to the above effect.

Important to the State

The decisions are exceedingly important, on account of the hundreds of lakes in Florida, where similar questions would arise had the decree of the lower court been sustained, holding in effect that the owners of lands bordering around all of the lakes in Florida were also the owners of the lake beds in front of their property. Such a construction of the law would in many instances entitle the owners of a small tract of ten or twenty acres, to extend their lines two or three miles into the center of the lake. It would seem, however, from these decisions, which are final, that the principle involved has been definitely determined, that the title of owners of lands fronting upon inland lakes is limited to the meander line or edge of the lake, as shown by the government surveys, excepting, of course, that they are entitled to all the riparian rights that belong to all water front property.

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed for eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Sold by all druggists.

OCEAN CLAIMED ASTOR?

Submerged Wreck Off Cuban Coast Possibly the Yacht of the Missing New York Millionaire

Tampa, Fla., Nov. 21.—That a submerged wreck in latitude 23-40, longitude 81 west is that of Col. John Jacob Astor's yacht, Nourmahal is generally believed by maritime men here as no other boat in the path of the recent storm in Jamaican waters has been reported missing or unaccounted for. The wreck was sighted by the German steamship Wotan, which arrived here yesterday.

Capt. Hans Schlaikier, of the Wotan, who reported the wreck, said that his ship did not approach close enough to make an investigation, the wrecked vessel evidently being in shoal water. With glasses he saw what appeared to be three spars above the water, one of them about fifteen feet above. He is not certain that the middle one was a mast.

According to the location given by Capt. Schlaikier the Nourmahal was considerably out of her course, having been reported as bound from Port Antonio, Jamaica, for San Juan, P. R., if this really is Col. Astor's yacht. But in the fierce blow recently this very readily accounted for.

A NARROW ESCAPE

Four Hundred and Fifty People Left a Burning Steamer Just in Time

Los Angeles, Nov. 21.—The City of Topeka, arrived at Bundo, at 8 o'clock last night and reported passing the burning hulk of the steamer St. Croix three miles off Point Duma at about 5 o'clock in the evening. Not a person was in sight on the wreck. The steamer was a mass of flames and the Topeka was unable to get close to her.

About midnight a telephone message was received from First Officer Mills of the steamer St. Croix, saying that all on board were safe on shore at Point Duma. The St. Croix left San Pedro yesterday morning for San Francisco. She had on board 450 persons, passengers and crew.

MRS. BEVILL'S CASE ARGUED

Tampa, Fla., Nov. 21.—The supreme court at Tallahassee has heard the arguments of counsel in the habeas corpus proceedings instituted by Mrs. Margaret Bevill against a ruling of Judge Bullock in Sumter county, who ordered her to jail for one month for contempt of court, inasmuch as she refused to testify against her husband, John Bevill, charged with the murder of her mother and father, Bruno F. and Frances Harder, of Sumter county. Mrs. Bevill was represented before the supreme court by Col. Thomas Palmer, the well known attorney of this city.

A GOOD EXAMPLE

Pledge Taken by School Boys of St. Petersburg—How Long Will it Hold?

The school boys of St. Petersburg have organized a Square Deal club. The members pledge themselves not to use a knife or other weapon in a fight, not to use profane language, not to smoke cigarettes—to be little gentlemen. It is a splendid movement and should appeal to all boys who are worth while, and should as well have the support of the teachers and parents.—Tampa Times.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison.

REMOVES ALL DOUBT

Editor Jordan of the Punta Gorda Herald makes a statement in last week's issue of his paper which will prove interesting to the politicians of the state and the people generally. He says: "As a few of the newspapers persist in intimating a doubt as to Senator Tallaferr's standing for re-election, it may be interesting to know that several months ago, he told the editor of the Herald that he was then a candidate for re-nomination, and the Herald regards him as now actually in the race."

When you have a cold the first thing to do is to have the bowels move. Do not take anything that may constipate—and most old-fashioned cough cures do constipate. Try Kennedy's Laxative Cough Syrup.
